

## 1: A Dictionary of Proverbs - Google Books

*This unique and authoritative dictionary contains over 1, of the most widely used proverbs in English and uses research from the Oxford English Corpus, the world's largest language databank. This edition has been revised and fully updated and includes numerous entirely new entries.*

Kingsbury, and Kelsie B. Harder Americans have a gift for coining proverbs. After all, Americans are first and foremost a practical people and proverbs can be loosely defined as pithy statements that are generally accepted as true and useful. The next logical step would be to gather all of this wisdom together for a truly American celebration of shrewd advice. A Dictionary of American Proverbs is the first major collection of proverbs in the English language based on oral sources rather than written ones. Listed alphabetically according to their most significant key word, it features over 15, entries including uniquely American proverbs that have never before been recorded, as well as thousands of traditional proverbs that have found their way into American speech from classical, biblical, British, continental European, and American literature. Based on the fieldwork conducted over thirty years by the American Dialect Society, this volume is complete with historical references to the earliest written sources, and supplies variants and recorded geographical distribution after each proverb. Many surprised await the reader in this vast treasure trove of wit and wisdom. Collected here are nuggets of popular wisdom on all aspects of American life: And, to further enhance browsing pleasure, the editors have provided a detailed guide to the use of the work. A great resource for students and scholars of literature, psychology, folklore, linguistics, anthropology, and cultural history, this endlessly intriguing volume is also a delightful companion for anyone with an interest in American culture. Harder Description A Dictionary of American Proverbs is a treasury of more than 15, sayings, adages, and maxims commonly used in popular speech in the United States and Canada. As the first major collection of proverbs in the English language based on oral sources rather than written sources, it includes thousands of uniquely American proverbs that have never before been recorded as well as many thousands of traditional sayings that have found their way into American speech from classical, biblical, British, continental European, and American literature. This unparalleled collection will delight the general reader as well as the specialist. Field work on the Dictionary was conducted over thirty years under the direction of the Committee on Proverbial Sayings of the American Dialect Society and resulted in 15, records of proverbial texts which have been edited for this collection. The result is an invaluable reference for general readers and students, as well as cultural historians, folklorists, linguists, anthropologists, sociologists, and scholars of literature. Recommended for reference sections. Certainly, it will be of greatest use to researchers of language and folklore, but it lends itself to browsing as well. A superb dictionary that should enhance the reference department of any general library. Proverbs scholars throughout the world owe a debt of gratitude to its three editors, who have succeeded in bringing this mammoth undertaking to fruition. This is a mammoth work which offers a variety of resources for students of literature, history, and rhetoric. It is a valuable text, carefully researched and documented.

## 2: A Dictionary of Proverbs by John Andrew Simpson

*A proverb is such a saying popularly known and repeated, usually expressing simply and concretely, though often metaphorically, a truth based on common sense or the practical experience of humankind: "A stitch in time saves nine."*

Proverbs surround us everyday. Whether at work, school, church or during a conversation with a friend, the likelihood of hearing a proverb is high. With the influx of different cultures and traditions in the United States, it is not uncommon to come in contact with many examples of proverbs. People who have a strong religious background might look to the Book of Proverbs in the Bible for examples of proverbs. Others might find comfort in proverbs from different cultures. Proverbs Throughout the World African Proverbs Across the vast continent of Africa, many African nations disseminated proverbs that were meant to educate and inspire those who used them. Here are a few examples of African proverbs. Asian Proverbs Some examples of Asian proverbs include the following: American Proverbs Some examples of American based proverbs include: English Proverbs Some examples of English proverbs include: Early to bed and early to rise, makes a man healthy, wealthy and wise. Laugh and the world laughs with you, weep and you weep alone. Proverbs from Other Countries Arabic Proverb: An army of sheep led by a lion would defeat an army of lions led by a sheep. Even a small star shines in the darkness. After the game, the king and pawn go into the same box. God could not be everywhere and therefore he made mothers. Better to stumble than make a slip of the tongue. Since we cannot get what we like, let us like what we can get. What Is a Proverb? A proverb is most often a phrase or saying that gives advice in an obscure way. The phrase usually has an allegorical type of message behind that when first heard may seem a little odd. Usually a proverb is very well known because of its popular use in colloquial language. Role of Proverbs in Society Proverbs play many roles in society. The first, possibly, most common role that a proverb plays is to educate. Most often tossed around as expert advice in conversation, the innate role to educate people on what might happen if they do something. Think of a proverb as a little tidbit of wisdom that just about everyone - no matter where they are from - can offer. There is a proverb for just about every circumstance, and proverbs can be applied to any situation. English and American proverbs are almost second nature when delivered. The origins are quite often little known, yet the expressions are popular. YourDictionary definition and usage example.
