The family resided in rundown lodgings. In , he married Jeanne Devolle, [7]: Jeanne was too unwell to attend the registration, and Albert was registered as "travelling". The couple had five children who survived—two boys and three girls—who lived crowded into a one-room lodging in the town of Brive-la-Gaillarde. Its religious order, the Congregation of the Sacred Heart of Mary, was "founded to care for the poor and rejected, including running homes for abandoned and orphaned girls". At age eighteen, Chanel, too old to remain at Aubazine, went to live in a boarding house for Catholic girls in the town of Moulins. She also claimed to have been born a decade later than and that her mother had died when she was much younger than Chanel made her stage debut singing at a cafe-concert a popular entertainment venue of the era in a Moulins pavilion, La Rotonde. She was a poseuse, a performer who entertained the crowd between star turns. The money earned was what they managed to accumulate when the plate was passed. It was at this time that Gabrielle acquired the name "Coco" when she spent her nights singing in the cabaret, often the song, "Who Has Seen Coco? She now realised that a serious stage career was not in her future. Balsan showered Chanel with the baubles of "the rich life"—diamonds, dresses, and pearls. The bottle design for Chanel No. It is believed Chanel adapted the rectangular, beveled lines of the Charvet toiletry bottles he carried in his leather traveling case [17] or she adapted the design of the whiskey decanter Capel used. She so much admired it that she wished to reproduce it in "exquisite, expensive, delicate glass". Even after Capel married an English aristocrat, Lady Diana Wyndham in , he did not completely break off with Chanel. He died in a car accident on 21 December In losing Capel, I lost everything. What followed was not a life of happiness, I have to say. She became a licensed milliner in and opened a boutique at 21 rue Cambon, Paris, named Chanel Modes. Chanel had the dedicated support of two family members, her sister Antoinette, and her paternal aunt Adrienne, who was of a similar age. They had a romantic interlude, and maintained a close association for many years afterward. In , Chanel purchased the building at 31 rue Cambon, in one of the most fashionable districts of Paris. In , she opened an early incarnation of a fashion boutique , featuring clothing, hats, and accessories, later expanded to offer jewellery and fragrances. By , Chanel owned five properties on the rue Cambon, buildings numbered 23 to She invited them to her new home, Bel Respiro, in the Paris suburb of Garches , until they could find a suitable residence. Bader was interested in selling Chanel No. They created a corporate entity, Parfums Chanel, and the Wertheimers agreed to provide full financing for the production, marketing, and distribution of Chanel No. For ten percent of the stock, Chanel licensed her name to Parfums Chanel and withdrew from involvement in business operations. It is said that theirs was an immediate bond of kindred souls, and Misia was attracted to Chanel by "her genius, lethal wit, sarcasm and maniacal destructiveness, which intrigued and appalled everyone". They also shared drug use. By , Chanel had become a habitual drug user, injecting herself with morphine on a daily basis, a habit she maintained to the end of her life. That tuft of curly black hair, the attribute of bull-calves, falls over her brow all the way to the eyelids and dances with every maneuver of her head. It was an elite group of associations revolving around such figures as politician Winston Churchill , aristocrats such as the Duke of Westminster, and royals such as Edward, Prince of Wales. His affair with Chanel lasted ten years. He shared with her an expressed homophobia. In , Chanel was quoted by her friend and confidant, Paul Morand , "Homosexuals? I have seen young women ruined by these awful queers: They will use any means to destroy a competitor and to wreak vengeance on a woman. The queers want to be women—but they are lousy women. The prince allegedly was smitten with Chanel and pursued her in spite of her involvement with the Duke of Westminster. Gossip had it that he visited Chanel in her apartment and requested that she call him "David", a privilege reserved only for his closest friends and family. Years later, Diana Vreeland , editor of Vogue, would insist that "the passionate, focused and fiercely independent Chanel, a virtual tour de force," and the Prince "had a great romantic moment together". There is only one Chanel. Goldwyn offered Chanel a tantalizing proposition. Chanel accepted the offer. Accompanying her on her first

trip to Hollywood was her friend, Misia Sert. En route to California from New York, traveling in a white train carriage luxuriously outfitted for her use, Chanel was interviewed by *Colliers* magazine in . She said that she had agreed to go to Hollywood to "see what the pictures have to offer me and what I have to offer the pictures. Both Greta Garbo and Marlene Dietrich became private clients. She made a lady look like a lady. Hollywood wants a lady to look like two ladies. Chanel introduced the left-wing Renoir to Luchino Visconti , aware that the shy Italian hoped to work in film. Renoir was favorably impressed by Visconti and brought him in to work on his next film project. Reverdy and Iribel[edit] Chanel was the mistress of some of the most influential men of her time, but she never married. She had significant relationships with the poet Pierre Reverdy and the illustrator and designer Paul Iribe. After her romance with Reverdy ended in , they maintained a friendship that lasted some forty years. A review of her correspondence reveals a complete contradiction between the clumsiness of Chanel the letter writer and the talent of Chanel as a composer of maxims The boyish look and the short skirts of the s flapper seemed to disappear overnight. Feeling she was losing her avant-garde edge, Chanel collaborated with Jean Cocteau on his theatre piece *Oedipe Rex*. The costumes she designed were mocked and critically lambasted: However, due to the declaration of war by Great Britain on 3 September , the ballet was forced to leave London. She said that it was not a time for fashion; [23] as a result of her action, 4, female employees lost their jobs. In closing her couture house, Chanel made a definitive statement of her political views. Her dislike of Jews, reportedly inculcated by her convent years and sharpened by her association with society elites, had solidified her beliefs. She shared with many of her circle a conviction that Jews were a threat to Europe because of the Bolshevik government in the Soviet Union. It was noteworthy as the preferred place of residence for upper-echelon German military staff. Her inability to reinvent the little black dress was a sign of such reality. The directors of Parfums Chanel, the Wertheimers, were Jewish. Chanel used her position as an " Aryan " to petition German officials to legalize her claim to sole ownership. On 5 May , she wrote to the government administrator charged with ruling on the disposition of Jewish financial assets. Her grounds for proprietary ownership were based on the claim that Parfums Chanel "is still the property of Jews" and had been legally "abandoned" by the owners. *Forbes* magazine summarized the dilemma faced by the Wertheimers: On 17 May , Chanel received wartime profits from the sale of Chanel No. Her future share would be two percent of all Chanel No. The financial benefit to her would be enormous. In addition, Pierre Wertheimer agreed to an unusual stipulation proposed by Chanel herself. Signalled as suspect in the file" Pseudonyme: Anti-Nazi activist Serge Klarsfeld declared, "It is not because Chanel had a spy number that she was necessarily personally implicated. Some informers had numbers without being aware of it. He was released in owing to incurable liver disease and took refuge in Italy. Chanel immediately sought refuge in the deluxe Hotel Ritz, which was also used as the headquarters of the German military. When the Nazi occupation of France began, Chanel decided to close her store, claiming a patriotic motivation behind such decision. However, when she moved into the same Hotel Ritz that was housing the German military, her motivations became clear to many. At the time of the French liberation in , Chanel left in a note in her store window explaining Chanel No. During this time, she fled to Switzerland to avoid criminal charges for her collaborations as a Nazi spy. Working as a spy, Chanel was directly involved in a plan for the Third Reich to take control of Madrid. Such documents identify Chanel as an agent in the German military intelligence, the *Adwehr*. Chanel visited Madrid in to convince the British ambassador to Spain, friend to Winston Churchill, about a possible German surrender once the war was leaning towards an Ally victory. Count Joseph von Ledebur-Wichel, a Nazi agent who defected to the British Secret Service in , recalled a meeting he had with Dincklage in early , in which the baron had suggested including Lombardi as a courier. Dincklage purportedly said, "The *Abwehr* had first to bring to France a young Italian woman [Lombardi] Coco Chanel was attached to because of her lesbian vices Lombardi acted as intermediary, delivering a letter written by Chanel to Winston Churchill, to be forwarded to him via the British Embassy in Madrid. British intelligence files reveal that the plan collapsed after Lombardi, on arrival in Madrid, proceeded to denounce Chanel and others to the British Embassy as Nazi spies. The committee had no documented evidence of her collaborative activities and was obliged to release her. Some historians claimed that people worried that, if Chanel were forced to testify about her own activities at trial, she would expose the pro-Nazi sympathies and activities of certain top-level

British officials, members of the society elite, and the royal family. Vaughan writes that some claim that Churchill instructed Duff Cooper , British ambassador to the French provisional government, to protect Chanel. Chanel denied all the accusations. She offered the presiding judge, Leclercq, a character reference:
