

1: Act Like You Know lyrics - Fat Larry's Band original song - full version on Lyrics Freak

Act Like You Know; Artist Fat Larry's Band; Album Breakin' Out; Licensed to YouTube by UnidiscMusic (on behalf of Unidisc Music Inc.); UMPI, Reservoir Media (Publishing), EMI Music Publishing.

Even though she made mistakes, in the beginning, she was tough enough to own up to them and you could tell deep down that though she was struggling Alyx was a fighter and that she really wanted to straighten herself out. Alyx was a character that could stand her own. Still, he never gave up on her and he helps her realize her potential. I liked that a lot! And I think Cody was extremely good for Alyx. The sorority was as much in her heart as the others. Actually, she could be the same girl years later. They have the same attitude, similar backgrounds. The only difference is the way their names are spelled. What is it about the name Alex? It almost makes me jealous and wish I had gotten to this depth of the sorority experience. Even though when I was in my teenage years back then I guess I was more Alyx than Ambrosia not trying to brag I can relate today about insecurity. I can only speak for myself here when you see others have something that you want and you just feel like you are either not attractive enough, or not worthy enough, or overlooked and sometimes it makes you defensive and have an attitude with the world. So I understand Ambrosia. And I hurt for her just like Alyx did. It just feels like as I get older I get more in tune and can connect with people even fiction with these kinds of emotions. So subconsciously before we can possibly get to that point I guess I squashed it. But you know what Ambrosia? They helped me get it together. He did it all because he loves you. He loves you way more than for you to sell yourself out like this. Remember no one can steal your joy. You can only give it away. We all make stupid mistakes in life, but this book shows that we have the ability to mature and let those mistakes be a part of our growth process. It also teaches that no matter how difficult situations are we should turn to God and that he hears us and encourages us to have faith. It also shows the importance of having the right people in our lives. It taught self-love and to have respect for ourselves as women. This series started out average for me but after this one, I was willing to see the series out. When you read the book you can imagine all the things that are happening in it. This book is about a girl named Alyx who gets into some trouble her first few weeks of college. Alyx starts off by joining the Beta Gamma Pi sorority. She has her fun but when they were heading to a party she started to act up again. Honestly this part of the book kind of made me upset because I felt like I already predicted she was going to get into this mess. It was a predictable chapter so I kind of wish the author switched it up a little. This book was pretty fun to read. It had some twists and turns but most of the book was a little predictable. I would recommend this book to a freshman in high school and only to upperclassmen if they are looking for a fun book to read.

2: MC Lyte - Act Like You Know Lyrics | MetroLyrics

This is original version of "Act Like you know" by Fat Larry's Band Credits "â€" Prod: Larry James & Nick Martinelli; Engineers: Gene Leone (Mix), Al Alberts, B.
