Around , he was ordained priest, and afterwards lived at Valladolid and Madrid. While his circle of admirers grew, patrons were grudging in their admiration. Ultimately, in through the influence of the Duke of Lerma , he was appointed honorary chaplain to King Philip III of Spain , but did not enjoy the honor long. He maintained a long feud with Francisco de Quevedo , who matched him in talent and wit. Quevedo even accused his enemy of sodomy , which was a capital crime in 17th century Spain. By then he was broke from trying to obtain positions and win lawsuits for all his relatives. Miguel de Cervantes , in his *Viaje del Parnaso* , catalogued the good and bad poets of his time. Numerous documents, lawsuits and satires of his rival Quevedo paint a picture of a man jovial, sociable, and talkative, who loved card-playing and bullfights. His bishop accused him of rarely attending choir , and of praying less than fervently when he did go. Style[edit] Culteranismo existed in stark contrast with conceptismo , another movement of the Baroque period which is characterized by a witty style, games with words, simple vocabulary, and conveying multiple meanings in as few words as possible. The word culteranismo blends culto "cultivated" and luteranismo "Lutheranism" and was coined by its opponents to present it as a heresy of "true" poetry. The movement aimed to use as many words as possible to convey little meaning or to conceal meaning. As well as the usual topics *carpe diem* etc. As an example he mentioned "a Spanish poet who suffered an illness; though he recovered, he was left so oblivious to his past life that he did not believe the tales and tragedies he had written were his own". Excerpts of poetry from one against the other are included within the story itself and poetry from each is included at the back of some of the books.
