2: Vacation Home Island Time II Home, Dauphin Island, AL - www.enganchecubano.com

"Island Time II" is a 4 bedroom beach house on Dauphin Island's West End beach with its own private, heated pool. This Dauphin Island vacation rental is located directly on the Gulf of Mexico beach, and has a direct, unobstructed Gulf view.

Island Time II was perfectly equipped for our family vacation needs while enjoying time away from home. The Island was filled with history and charm. The heated pool was a bonus for our 5 year old as he gazed out at the pool. The plexiglass helped greatly by keeping out the elements. Also, the security of the locking gate was extra peace of mind. We will be back again. Fully furnished with ample space. I was able to enjoy the sound and view of the the ocean and beach right from the porch. Very very relaxing environment. Not a lot of traffic or noise. Also liked the fact that there were not other houses sitting right next door to this one, good privacy. Loved the double doors off of living room and bedrooms, being able to hear the ocean at night time was great. If you want a relaxing calm vacation with all the comforts of home this is the place to stay. Its a little chilly in Feb, and water too cold to get in, but a great house. It also has a heated pool that would have been great to use, but heater was not working at time of my stay. But other than that no other complaints. Would definitely consider returning to this house. Spring Break on Dauphin Island Posted on: Things we loved a great single story floor plan, very neat and clean house, plenty of laundry detergent and dishwashing soap, lots of beach towels available, linens supplied and beds made upon arrival, easy access to house upon arrival with key in lock box by back door, ideal distance to gulf, nice beach chairs for use FYI I was skeptical about the pool, fearing our children would not want to venture to the beach but that was definitely not the case They started the day in the pool perfect size, perfect location and then once an adult was ready to head to the gulf they were happy to leave the pool and of course the gulf water is beautiful- Then in the evenings we ALL enjoyed the toasty warm pool when the March afternoon temperatures started to drop BeachLovers Great, almost private beach to stay at but. Everything was provided that was described. The only problems we had was with debris hidden in the water. The old post broke off under water and the pieces of steel sticking up should be removed some how. Once we learned where these items were and mended a few wounds everything went well. It was like being in paradise!!! I took my 3 daughters and their families with me. All agree with me that this rental is tops!! Also Nancy Meyer is wonderful to rent from! My family and I are already making plans to come back to Island Time next year! This was our 4th time to come to the island and this house was the best ever!! The views from each room are spectacular! If you want a beach front house this is the one for you. When you wake up in the morning and walk in the kitchen, you are so close to the water you feel like you are on a house boat!! We would definitely recommend this rental!!! The house is lovely and the beach does not get too much traffic so there is plenty of opportunity to relax. We rented a Kayak from Lynn and that was the highlight of our vacation. The kayak was a blast and meeting Lynn was a treat, she is a truly awesome lady. The only down side is that it was sad to see how much of the beach is eroded and I was a little concerned about the amount of rebar that was left unattended at some sites. The interior is fine for the beach. The house has some wear and tear. If you are in to cooking bring knives and sheet pans. The supply for cooking is the basics. You will find all the amenities you need for a week vacation house 4 adults and 6 kids fit perfectly. You see the sunrise and the sunset from the balcony. Nice breeze, great ocean view and quiet environment with crystal clear water where you could see dolphins near the shore line. Several places to go visit that include old fort structures and gardens. It is very close to the water so affords great views and sounds of the surf. You can watch the sun rise from the second bedroom- we had one day of awesome sunrise. The master bedroom had a narrow window with more restricted views, so we chose the second bedroom to sleep in. The house is well furnished and comfortable. The only drawback for a larger group is the lack of a dining table there is only a counter with 4 stools. It worked fine for us, but larger groups would not be able to sit down together the reason for 4 stars instead of 5. We had such a good time, this house is now like our second home. The Best thing about this place is We had no worries during the week we stayed. They thought of everything! All we had to do then was to keep picking all those pesky shells off the beach and make sure the Dauphins came by every day! There is an old saying, If you get Alabama sand in

your shoes, you will always be back. I know We Will! Oh Yea, Skinners is a must! This is the second time that I have been to Dauphin Island but the first time with family that came with us. I always love coming to Dauphin Island and Island Time just made it even more enjoyable. The view is wonderful and it was very nice to have the heated pool right outside your door and the few chilly days we had since the water was too cold to swim in. The only things we had an issue with was roaches big and small, in the house and out. Not a big deal to us. Took our 3 adult children and 2 young grandsons 5 yr. Having the private pool right outside the door was perfect for the boys. The house was clean with plenty of space for us and friends who visited during the week. We only live about 45 mins away but it was just far enough away from home. Already planning our trip back for next year. I had problems with another local one but she helped me out and got me a location that I wanted for the time that I wanted. The house was great! It had all the amenities of home which definitely made the vacation easier. The sounds of the waves crashing at night was the highlight for me. Seeing dolphins daily was the highlight for my children. Also, having so much beach for the kids to play on in eyesight from the deck was fabulous! I have beautiful pictures and very fond memories of this vacation. Bringing our dogs along is a added plus. You could sit on the deck and watch the water come in under the house. You could not be any closer to the water. We have been looking for a place to stay every year since Katrina in blew away the one we were using every year. I think we have found the one we will return to. Needless to say we were very happy with this beach home and will return. Liv-ebyfaith Great place to stay Posted on: It was very clean and located right on the beach. We will return here again. The home was okay. All of the issues were minor, but I suppose they added up. The online pictures show the house a decent distance from the beach with a wooden crossover to the beach. Apparently, there had been so much beach erosion in this area, that the waves are now crashing underneath the deck of the house! We were unprepared for the flooding that occurred the street was nearly covered with standing water. Loved the kitchen island; it was great for meals and for playing games after dinner. Loved how quiet the island was and the weather was no less than perfect. Also, there were no trash cans in the master bathroom. Kathy Dissappointed with the house, not the island. The house needed an overall good cleaning, especially the kitchen stove and the windows. The carpet remnants in the hall and kitchen were tattered and dirty. We were very surprised that there was no dining table. I know the homeowner has no control over the maintenance of the sand berm in front of the house, but the pictures on the website show a walkway over the berm. It was not there, and I believe the information about the house should reflect this. It was difficult getting to the beach.

3: Dauphin Island Vacation Rentals with Private Heated Pools- "Island Time II"

The address for Island Time II is Raphael Semmes Ct, Dauphin Island, AL , so you can use mapquest or google to see it on a more modern map (!). It is a Gulf-front house, built last summer, with a pool.

We had a blast at this "Doll-fun" Island beach house! The house was very clean, and the pool was perfect for the kids! We especially loved the lounge chairs on the deck I wish I had some back home. The house was equipped with everything we needed and more. It was everything we expected. They are a bit pesky, but the local grocery had a great repellent spray that really helped. That really has nothing to do with the rental property, but just a word of advice for future renters. We will surely be back for another visit. Thanks for a great time and even better memories! The view is spectacular. You have your own private, heated pool. Very quiet and tranquil location. The house has a good bit of wear and tear. The french doors in the bedrooms are hard to open because they are rusted. The door handle in the living room kept falling off. The beds are very squeaky. Kim We had a beautiful ,relaxing and awesome week. It is situated perfectly on the beach. You have sun if you want or shade if you want. The shells on the beach are endless,there are as many as you want to pick up. We enjoyed feeding the birds from the deck to watching the crabs play below. Thank you for sharing it with us. We will be back There is nothing better than running the dog and kids along those deserted beaches Island time II was like staying with friends.. CD Island Time Posted on: From the beginning the rental was trouble free. The house was just as described. If you needed it, it was there. The one disappointment we did have was the gas grill. They did have a smaller charcoal grill which served the purpose but took a little longer to cook. The house was clean and well maintained. I really liked the layout of the house. It allowed for gathering in the kitchen which always works. It was stocked with kitchenware, linens, chairs and beach toys so much so that I overpacked! Island Time was just what we were looking for. It was quiet and low-keyed. We were able to maximize our family time. We rode bicycles, took long walks on the beach and bay side, played games at night. It was very relaxing. I would recommend the house to anyone looking for relaxation. NorTexTraveler Did not want to leave Posted on: My family and I looked at quite a few of the Dauphin Island beach houses and settled on this one. If you are looking for an un-crowded and slow paced beach town this is the place, I could not have been more pleased with this decision, The House is located on the west end of the island and literally right on the water but not in the water like some of the homes have ended up due to the beach erosion. The ocean view from this house is spectacular. One thing I will point out is that the water is not as clear as some Florida beach? The house itself was nicely furnished with very comfortable memory foam mattresses in the master and second bedrooms but the dining accommodations were limited to four chairs at the kitchen island. The kitchen is equipped with very basic utensils, as with most rental properties you should bring your own favorite cookware. Linens and towels etc were more than adequate. The home also has a fairly decent wireless internet connection if you bring a laptop. The island itself is very laidback and has very few options for dining out so plan on bringing most of your food in, The Ship and Shore store in town carries most of the basic grocery items, as my friend put it? The only other option is driving back to I to Wal-Mart or other stores. If you like fresh fish and shrimp check out Skinners seafood market. Our experience at this home on Dauphin Island was relaxing and fun and we will definitely be back. Beach Queen Awesome views! We stayed in late November of when both the sunrise and sunset were visible over the water. Island Time II affords one full horizontal views, with no houses too close to crowd it. The beach was beautiful and unpopulated,the water crystal clear, our little deck pool warm as a hot tub. Bring you bike, for there are charming water front neighborhoods everywhere for tooling about. Islanders just up the road is the best restaurant on the Island. We cooked each day and the kitchen was fully stocked with dishes, pans and utensils. However, the thing we loved most was sitting on the deck watching my grandchildren go back and forth from the beach to the house. The pool was a life saver. Loved fishing early in the morning and late at night and also we scheduled a day of Deep Sea Fishing with Captain Mike. We have already booked again for next summer. We will probably make this a yearly thing. One suggestion to all. Everything was so picked over and very little selection. Next year we are going to try for Sunday morning and hopefully we will have better luck. The

property was better than expected. We felt right at home the minute we walked in the door. The kitchen is big and well appointed. Mother Nature even threw in a beautiful rainbow one morning! We plan on making this property a regular on our vacation roster! Steve Island Time Posted on: There were 6 adults 3 couples and 1 pooch. Everyone really liked the house, the 3 bedrooms worked out perfect. The house is located on the west end of the Island, it was far away from most of the population which was what I looked for. I think the park at the far west of the Island will create much more activity when it opens for summer. Beach Family Not the worst but most certainly not the best Posted on: Upon arrival,we were very happy with the location of the home. Once inside we were very dissapointed with the cleanliness of the house. We had to clean the home in order to stay. The most dissapointing factor were the roaches. We called on the second day and they did send someone out right away to spray. We rent beach homes every summer and have never had this experience. The house has huge potential of being fabulous. The pool and location were fabulous. Response First of all, thanks for staying with us. Regarding the insects- all of our properties are on a preventive treatment plan with a local pest control company, so any bugs that get into a house do not survive long. When we received your call, we did send them right over for a re-treatment, and have not had any further reports or issues with this. This is my second stay and I will keep coming back. I love the quietness and tranquility of Dauphin Island. Very low key and out of the tourist trap path! Love Dauphin, Island Best vacation ever! The location of the home was perfect, our own private beach with the exception of neighbors walking by no problem with that! Loads of beautiful shells to collect and nothing can beat sunrise and sunset! The home had everything we needed, the kitchen was perfect, the bed was comfortable which means a lot to my husband and me. Other than those minor things we had a fabulous vacation!

History[edit] European Discovery [edit] In while returning from his second voyage at sea during the Great Northern Expedition , Danish-born Russian explorer Vitus Bering made the first European discovery of most of the Aleutian Islands, including Kiska. On 25 October we had very clear weather and sunshine, but even so it hailed at various times in the afternoon. After the initial exploitation of the sea otter population, Russians rarely visited the island as interest shifted further east. Years would frequently pass without a single ship landing. Secretary of State William H. Seward negotiated the purchase of Alaska with the Russian Empire. Kiska was included in the purchase. During October , American forces undertook seven bombing missions over Kiska, though two were aborted due to inclement weather. Following the winter, Attu was recaptured, and bombing of Kiska resumed for over two months, until a larger American force was allocated to defeat the expected Japanese garrison of 5, men. Japanese evacuation[edit] The Japanese, aware of the loss of Attu and the impending arrival of the larger Allied force, had successfully removed their troops on July 28 under the cover of severe fog, without being detected by the Allies. Allied casualties during this invasion nevertheless numbered close to , all either from friendly fire , booby traps set out by the Japanese to inflict damage on the invading allied forces, or weather-related disease.
