

## 1: Designing to ASME B - Refrigeration Piping - AutoPIPE Forum - AutoPIPE - Bentley Communities

*B prescribes comprehensive solutions for materials, design, fabrication, assembly, erection, testing and inspection. It also serves as a companion to ASME's B Code on Power Piping as well as to the other codes in ASME's B31 series.*

Some of the commonly used Standards referred by Piping are: These standards specify the material by its Chemical and Physical properties. The Section II has four parts. Part A - Ferrous Materials 3. Part C - Welding Materials 4. These are less stringent than other standards. Gate Valves for Water and sewage system C Rubber Seated Butterfly Valves C Ball Valves 6" to 48" C Swing Check Valves 2" to 24" C These are published as advisory standards and are widely followed. The most commonly referred British Standards in the Piping Industry are: Pipes and Fittings for Boilers BS Copper and Copper alloy pressure piping system BS Steel Pipe Flanges BS Dimensions of Steel Pipes BS Butt Welding Fittings BS Wrought Steel screwed pipe fittings BS Butt welding pipe fittings BS Glass Pipelines and Fittings BS Boiler and Superheater Tubes BS Pipes and Tubes for pressure purposes at room temperature BS Pipes and Tubes for pressure purposes at high temperature BS Pipe hangers, Slides and Roller type supports BS PVC pressure pipe - joints and fittings BS Diaphragm Valves for general purposes BS Steel Gate parallel slide Valves for general purposes BS Specifications for Plug Valves BS Specifications for underground stop valves for water services BS Specifications for Valves for Cryogenic services BS Testing of Valves BS Some of the most commonly referred Indian Standards by Piping Engineers are: Grey Iron Castings IS Dimensions of Pipe Threads IS Specification for Mild Steel tubes and fittings IS Technical supply conditions for threaded steel fasteners IS Cast Iron Fittings IS Line Pipe IS High Test Line Pipe.

## 2: Committee Pages - B Refrigeration Piping Section Committee

*LEGALLY BINDING DOCUMENT United States of America All citizens and residents are hereby advised that this is a legally binding document duly incorporated by reference and that failure to comply with such requirements as hereby detailed within may subject you to criminal or civil penalties under the law.*

## 3: ASME B - Refrigeration Piping and Heat Transfer Components

*This Refrigeration Piping and Heat Transfer Components Code is a Section of the American Society of Mechanical Engineers Code for Pressure Piping, B This Section is published as a separate document for simplicity and for convenience of Code users.*

## 4: ASME B - Refrigeration Piping and Heat Transfer Components

*B31 Code for pressure piping, developed by American Society of Mechanical Engineers - ASME, covers Power Piping, Fuel Gas Piping, Process Piping, Pipeline Transportation Systems for Liquid Hydrocarbons and Other Liquids, Refrigeration Piping and Heat Transfer Components and Building Services Piping.*

## 5: Useful Piping Standards - Piping Study

*Find the most up-to-date version of ASME B at Engineering*

## 6: ASME B - Refrigeration Piping and Heat Transfer Components, - [www.enganchecubano.com](http://www.enganchecubano.com)

*and designated ASME B on August 15, The edition of this Code is being issued with an automatic update service that includes Addenda, Interpretations, and Cases.*

**7: ASME B - Refrigeration Piping and Heat Transfer Components, - [www.enganchecubano.com](http://www.enganchecubano.com)**

*Rules for this Code Section have been developed considering the needs for applications that include piping and heat transfer components for refrigerants and secondary coolants.*

**8: Designing to ASME B - Refrigeration Piping - AutoPIPE Forum - AutoPIPE - Bentley Communities**

*Scope: This Committee covers Section B of the ASME Code for Pressure Piping B The B Code prescribes requirements for the materials, design, fabrication, assembly, erection, test, and inspection of refrigerant, heat transfer components, and secondary coolant piping for temperatures as low as  $\hat{A}^{\circ}\text{F}$  ( $\hat{A}^{\circ}\text{C}$ ).*

**9: Committee Pages - B Refrigeration Piping Section Committee**

*ASME B Refrigeration Piping ASME B Gas Transmission and Distribution Piping Systems ASME B Building Services Piping ASME B Slurry Transportation.*
