Activities and recipes make the text a valuable resource for in-service teachers. We have not finished at this time but what we have done is very interesting. If you want to learn about children and their artistic motivations then this book is excelent. I would recommend this book to anyone taking this type of class. The book was in bad condition! The edges of every page was sealed together and when I tried separating then they were distorted therefore leaving some content completely unreadable. I have never had this problem on amazon before, most people are pretty honest and accurate about the conditions. Needed it for class By Jennifer on Mar 12, Arrived promptly because Amazon would have it no other way. Exactly the book I needed for class. Fun little exercises and activities in it. A good book when looking at the creativity factor needed to be nourished throughout childhood. Why I liked the book. By Johanna on Dec 12, This book was a help in my class at school. I leaned how to do art work with all ages. Great service By Entela on Feb 09, The book was exactly the way it was described and came in a week. I am very pleased with the early service and the quality of the book. While I personally wanted to argue with the author the whole semester it has great ideas for activities for your classroom. I am so glad that some accidents happen By Veleria Chambers on Jul 20, I am so glad that some accidents happen, The cost for the knowledge received in this book is awesome, I use it planning curriculum. Thanks This book helps educators make learning fun for students. Anderson on Nov 20, The book arrived in very good condition and at a fraction of the collage book store price. Art and Creative Developement for Young Children gives the reader a plethora of ideas for helping encourage and intertwining of excitement with education. Too often children confuse learning for chore, whereas this book can help educators make learning fun for their students. Englebright Fox , Robert Schirrmacher.
