April 23, at 6: Vaccines are not just a major money maker for the wealthy, but are part of the policy depopulating the world. I am sure you know vaccines have proven a very effective way to deliver drugs to cause infertility as well as other disease states. Such is the business model of genocide! And Trump, the xenophobe, racist-in-residence will never oppose this. April 23, at 8: Once the deep state is removed, the media will no longer be controlling the narrative with their operation mockingbird 4AM talking points. They will be freed to either go away or start reporting the truth, like how corrupt and dangerous Pharma has become. The only way to achieve this is by cutting off their funds. We are starting to see the effects of seizing assets from human trafficking organizations. Apparently everyone and their brother are involved in trafficking! Tim Bolen says: April 23, at 9: We live in interesting times! Tim Bolen April 23, at 9: We have had this disagreement before. And the Bilderberg group, also known for its goal of major population reduction in the world is neither an Obama group nor a Democratic group. It is, notably, a group of the Oligarchs of the US and the World. And while I would agree about there being a Deep State with anti-democratic and anti-humanistic goals, we probably disagree on how we see its politics. The only difference I see is what tactics they are promoting. I think we do better sticking with vaccine issues and how to gain control of our own health and freedom of health choice. And in this regard, I suggest you consider the fact that many of the people you attack here, liberals, progressives are people who would make good allies on this issue. This is an issue where building coalitions is very important in trying to create a large groundswell of reaction. April 23, at So I called my DC whores about this. I read word for word what Dr. Thompson had on record about the rigged MMR study of , and reinforced it with what Dr. Wakefield found on his study. I had to laugh for a bit, but that brought the devil out of me. Then I asked if Senator Klobuchar was a racist, or a fascist, or both? Dear Amy did that fake phood safety act of It also supported the Nazi Codex laws. My call to Al Frankenphoode was similar, but he was totally freaking out because I was talking to him like he was a maggot! WE all know that weasel rolled over, even though he said he was innocent, or was it innocent? Thompson must of known what Andy Wakefield went through, hence his silence for so long. He fights back,,,, and WINS!! Fake news my ass! Trumps got a full Texas sized plate. First you have to take out the eyes, and sever the head. This is where were at today. Days if not hours away. The Armistice was signed at 5AM!!!! Thousands died between 5AM and 11AM! I hope this means the black hats!! The people that loved water boarding so much, will soon be water boarded. Murder 7 billion human beings, and enslave the rest! Were using there weapon against them! Yeah I was a BSA.

### 3: Back from the Deep: The Strange Story of the Sister Subs 'squalus' and 'sculpin' by Carl Lavo

*Back from the Deep documents the history of 2 American Submarines and the men who served aboard them during days of peace and war. A worthy, if somewhat slow moving, read. We must never forget the bravery and sacrifices of the men who served aboard the Squalus/Sailfish Submarines are both fascinating and fear invoking.*
