full of beautiful sights! Bert takes notice of all the lovely things around him on Sesame Street: he watches the clouds float by, he listens to the birds sing, and he gazes at the stars in the night sky.

Disney first attempted to purchase the film rights to Mary Poppins from P. Travers as early as but was rebuffed because Travers did not believe a film version of her books would do justice to her creation. In addition, Disney was known at the time primarily as a producer of cartoons and had yet to produce any major live-action work. For more than 20 years, Disney periodically made efforts to convince Travers to allow him to make a Poppins film. He finally succeeded in , although Travers demanded and got script approval rights. Pre-production and song composition took about two years. Pre-production[edit] Travers was an adviser to the production. Rather than original songs, she wanted the soundtrack to feature known standards of the Edwardian period in which the story is set. Disney overruled her, citing contract stipulations that he had final say on the finished print. Casting[edit] Julie Andrews , who was making her feature film acting debut after a successful stage career, got the prime role of Mary Poppins soon after she was passed over by Jack L. Warner and replaced with Audrey Hepburn for the role of Eliza Doolittle in his screen adaptation of My Fair Lady , even though Andrews had originated the role on Broadway. Disney assured her that the crew would be fine with waiting to begin filming until after she had given birth so that she could play the part. During the "Jolly Holiday" sequence, the three singing Cockney geese were all voiced by Marni Nixon , a regular aural substitute for actresses with substandard singing voices. Andrews would also win the Oscar for Best Actress for her role. Hepburn did not receive a nomination. Richard Sherman, one of the songwriters, also voiced a penguin as well as one of the Pearlies. After winning the role of Bert, Van Dyke lobbied to also play the senior Mr. Dawes, but Disney originally felt he was too young for the part. Van Dyke eventually won Disney over after a screen test. For example, Mary, when approaching the house, controlled the wind rather than the other way around. As another example, the father, rather than the mother, interviewed Mary for the nanny position. A number of other changes were necessary to condense the story into feature length. In the film, there are only two Banks children, Jane and Michael. The satirical and mysterious aspects of the original book gave way to a cheerful and "Disney-fied" tone. Travers demanded that any suggestions of romance between Mary and Bert be eliminated, so lyrics were written for "Jolly Holiday" that clearly indicated that their friendship was purely platonic ; some subtle hints of romance, however, did remain in the finished film. Music[edit] Buena Vista Records released the original motion picture soundtrack on LP and reel-to-reel tape. Written by Richard and Robert Sherman , the songs were inspired by Edwardian British music hall music.
