Xenon bulb replacement on BMW ci e46 Posted on. Leave a reply I noticed recently that one of the headlights on my BMW ci e46 was dimmer than the other: Rather than repairing myself, I planned to have my mechanic take care of it for me. But, when I saw that the list price on GetBmwParts. So, I set out to figure out if I could troubleshoot the problem and fix it myself. I found a helpful thread on E46 Fanatics with troubleshooting instructions. But before I could do this, I had to figure out how to get at the bulb. So, I found a pair of videos on YouTube. First, for removing the headlight assembly: And then for replacing the bulb: After installing them, everything looked great: But then, as I was writing this post, I discovered that counterfeit bulbs are prevalent. Although I had ordered both from Amazon, one of them registered as fake. But, I forgot on which side I placed each of the bulbs! I tried to inspect the bulbs to discern for obvious signs of counterfeiting but nothing stood out. Reviewers on Amazon suggested that fake bulbs had caused them issues with the rest of the system, so I decided to return both and try again. As a side note: A friend shared a helpful tip for re-installing the headlight assembly. I used a small dab of liquid super glue on either side of the screw head, attached it to the socket, and let it dry. In my first couple attempts, one of the socket extensions released but left the socket attached. I removed the screw again and then wiggled it just enough so it could break free from the socket with a little force once it was screwed in. This did the trick, and I was able to reassemble without dropping the screw somewhere unreachable.

2: Fog Light Replacement BMW i - BMW i L 6 Cyl. Sedan

Please add and update this list as you see fit. EXTERIOR: front turn signal bulbs - P dual filament bulb rear turn signal bulbs - P single filament bulb (21w).
