Books shelved as read-to-me: Harry Potter and the Sorcerer's Stone by J.K. Rowling, Goodnight Moon by Margaret Wise Brown, Charlotte's Web by E.B. White.

Kobo Ebookstore The sites listed below are the ones where you can read books online from the first to the last page. The detailed description includes a choice of titles and some tips on how to improve the reading experience when reading a book in your internet browser. Descriptions include also screenshots of the reading interface so that you can quickly compare the services. Thank you for dropping by. Read also 25 sources of free public domain books Top article An updated list of sites that offer free public domain books ebooks and audiobooks that you can download and use legally. Project Gutenberg Project Gutenberg is a mother of all ebook sites. Many sites that offer free ebooks from public domain use the titles originally uploaded to Project Gutenberg. You can read the book online in two ways. The Read online default option displays only the unformatted text of the book. Plus there is a left sidebar visible all the time. It displays all elements and all formatting, so you will be able to see the original cover of the book, as well as illustrations inside. You will also be able to navigate using the table of content or click on hyperlinks inside the file. Ebooks from Project Gutenberg are extremely well prepared. Using an html format to read them online is a very good idea. Once you open the file, you have the simple full-screen view that you can scroll through. The is one more benefit. The file is searchable. Below there are screenshots of two reading options from Project Gutenberg. Internet Archive Internet Archive, founded in , is a non-profit organization offering free access to digital or digitized content: The section can be reached at this link: Use the search box in the top left corner to find the book. You can sort the results by relevance, rating, download count, and the date of adding the item to the catalog. To read the book, just click on the arrows in the bottom bar of the image of the opened book. You can enter full screen by clicking on the fullscreen link underneath. The online viewer presents the scanned pages of the book, what brings an extra flavor to reading. There are many ways to go through the content of the book, including one-page view, and zooming. Use the search bar in the top right corner to find a word. All found instances will be marked in the progress bar at the bottom. One of the most amazing things on Internet Archive is the text-to-speech function. You can turn it on by clicking on the speaker icon in the top right corner of the book viewer. Open Library You can find exactly the same online book reader tool on another site: You can search inside 2 million titles. A Read icon is shown next to the title. Clicking on mobi or pdf link will immediately download the book to your computer. Google Books A huge collection of books that Google scanned and turned into viewable files is now available on Google. The homepage of Google Books is actually a search box. More importantly, Google will prompt you to check out Google Play " their online ebookstore. To stay in the Google Books project, use the search box on the left side, as shown in the screenshot below. Not all books can be fully previewed, but you can narrow search results to those that are. To do that, in the upper bar click on Search tools, and then Any view. Select Full view to see only the books that can be read online from the beginning to the end. Or jump from page to page, if you want. Reading interface on Google Books " click to enlarge In case of contemporary books, the preview pages are scans, and they are displayed with a permission of the publisher see screenshot above. If you find out that a publisher of the book is Smashwords, you can be sure that in the original site you can read a free sample in your browser. On a page with book details, scroll down to see a table with available ebook reading formats. Click on Online Reading to start reading. There are several customization options to choose from. You can select a size 4 levels to choose from , and font face Arial, Courier, Times, Verdana, Georgia. You can also personalize colors by setting up your own font and background. Smashwords reading interface " click to enlarge Quite frankly, reading interface offered by Smashwords is not the strongest part of this great site. There is no full-screen view, for example. It would help a lot, as the book content window is very narrow.

20 Books You Pretend to Have Read Rebecca Joines Schinsky *We're nosy here at the Riot, and we like to talk about all the aspects of the reading life even the ones we might be a little bit embarrassed to own up to.*

I use Goodreads a lot to find those interesting, enjoyable reads. And often I go to the library or a bookstore just to browse. I also read books in a variety of genres. As a writer, we need to read. But I also enjoy diverse genres: Maybe someone reading this post can suggest some excellent science fiction in the comments. It helps to have a list of books you want to read with you. Create a list on your cell phone. If you go into a bookstore and see something interesting, jot it down. Sometimes those are the best. To get you started, here are some of the books on my list in no particular order. The books in bold are my top picks. The last three are by Carlos Ruiz Zafon, a Spanish author who knows the city of Barcelona intimately. He writes in a genre called magical realism. For my imagination, having unexplained things happening in the midst of a realistic story keeps me reading. I would recommend reading them in order. Some of the characters grow and change throughout the three books. These are very intense. Some people say they are not worth reading because so many of them are published by the author and are not well written. Here are a few exceptionally good books I have recently read. When I asked to be put on the waiting list at the library, I was number I might get to read it in I hope this gives you a place to start. All of these books are special in their own way and for different reasons. Choose one and give it a try! And if you have a favorite book, leave the information in the comments so we can continue to find those books that have been tucked away in the corner and forgotten. Read this philosophical novel, and Robert Pirsig will help you realize how important it is to actually care about what you're doing. In other words, if you're fixing a motorcycle, then really fix it.

I published this book: It was so ubiquitous that Facebook took notice and decided to run the data to determine the most common books picked by English-language users. Harry Potter series – J. Salinger The Chronicles of Narnia – C. Lewis The Atlantic also posted a graph showing the different clusters of books that users tended to post. However, Americans barely read any contemporary foreign literature – much less fabulist fiction writers from Nigeria – so Orki remains, sadly, under-read here. Stars of the New Curfew is a powerful story collection that mixes folklore and spirits with modern Nigerian life. At his best, Okri achieves the beautiful, eerie, and moving feeling dreams. Most critics would likely label these stories magical realism – although Okri rejects the label as lazily used. Recommended for fans of Kafka, Murakami, or Marquez. This short collection – only about pages – by the Danish Nors is filled with sharp little gems of fiction. The fifteen short stories are realist stories, but realist in the bent way of Diane Williams, Lish-edited Raymond Carver, or Amy Hempel. Highly recommended for fans of very short, minimalist fiction. The epigraph to the book sets the tone: They beat up on the dogs morning, noon, and night. Perhaps the short essays of Borges are similar. The effect is like falling into a Wikipedia hole as rewritten by a poet. Wind was the vengeance of unhappy ancestors. Wind came from the mouths of snakes, and shamans wore snakes to blow them to the other world; in China or in Mexico, the shaman was portrayed in its gaping jaws. WIND, the character, was constructed from the pictograph of a sail and the pictograph of a snake. An anonymous woman in the 5th century sings: Spring flowers so delightful,.
