

1: [www.enganchecubano.com] Broken English (Broken Lives Book 1) By Marita A. Hansen - ms8fohpdf

*Broken English is the first book in the Broken Lives Series. It is a forbidden romance full of passion, heartbreak, broken people, and survival. It is a forbidden romance full of passion, heartbreak, broken people, and survival.*

Broken Englishâ€™ Amazon For me, the name Dante conjured up two images. The second image was a sexual depiction. He was a fifteen-year-old boy who was going to send me to the Hell his namesake had written about. I am a New Zealander with Croatian heritage. As a teen my favourite sports were karate, badminton, and running. I also did unarmed combat and played in a touch rugby team my gym teacher made me do the last one! Now I stick to running and have completed a marathon. I worked in the Art History field, then became a full-time artist, doing commissions. I eventually lost all of my senses and gave it up to be a poor, starving writer, smh. I love pasta based foods, tofu, chocolate mousse and golden queen peaches. Married to my high school sweetheart which he hates me calling him. We have two kids. Five out of five stars Every now and then a novel comes along that really takes me by surprise. Broken English by Marita A. Hansen is one of them. I think I went into this story thinking it would be a twisted tale about forbidden sex, an older married woman finding herself attracted to a younger teenage boy. I alternated between feeling sorry for the young man, wanting to take him home so I could take care of him to wishing I could stick a bar of soap in his potty mouth. Dante is fifteen going on thirty. He is used and abused, mostly by women, and craving someone to treat him like a real person, and not just a play-toy. A little out of her league. Give it a read.

*BROKEN ENGLISH* By Marita A. Hansen UK English is used due to the New Zealand [www.enganchecubano.com](http://www.enganchecubano.com) other variations are also due to where the book is set, as well as the characters' cultural and socio-economic backgrounds. This is why some characters use different speech patterns from [www.enganchecubano.com](http://www.enganchecubano.com) book is set in the year

I finished this book yesterday evening. Or was it rather this morning as I read late into the night? Anyway my head was swimming it was a jumble of conflicting emotions. I could not stop reading the book so it had to be good, right? But my problem is I still think what happened was wrong! Imagine a small angel on my right shoulder and a small devil on my left shoulder each whispering in my ears. You know you want it. And he is older than his age. He is consenting even pursuing you. He clearly has experience and has you all hot and bothered. I froze, taken aback by his appearance. He is lost just used to see himself in such a poor way. Never his personality or intelligence. The student is only fifteen and he is the pursuer not the teacher. It gives the whole story an interesting and challenging edge. I did not love Dante in the beginning. Like everyone else I saw him as an arrogant prick with a huge sexual drive. He is constantly provoking teachers, adults other kids even. He reeks of sensuality. But he grew on me as I learnt what happened to him and what his upbringing was and still is. For such kids coming from very poor and difficult neighborhood the future is not bright. They fight to survive be it selling drugs, stealing parts or selling their body. Now I want him to have a happy end but not with his teacher now because he is still jailbait. Clara was a fantastic teacher and person even with her thoughts about Dante. She is flawed and human. She gave so much to help these kids. She was passionate about her job. What would I have done? Would I have been strong enough? So to make it short: Please follow and like us:

### 3: ~Review~ Broken English by Marita A. Hansen â€“ ~Dirty Books Obsession~

*Broken English (Broken Lives Book 1) - Kindle edition by Marita A. Hansen, John Hudspith. Download it once and read it on your Kindle device, PC, phones or tablets. Use features like bookmarks, note taking and highlighting while reading Broken English (Broken Lives Book 1).*

Recommends This Book Strongly 5 stars! Broken English, book 1 3. You even did it during detention. Broken English Book 2: Shattered Poetry Book 3: Untitled The Broken Lives series follows student, drug dealer and poet, Dante Rata from the age of fifteen into adulthood as he grows up coping with family, life, school, drugs, music, girls, women, sex and more sex. Dante is a product of his environment; born and raised into violence, drugs, gangs and crime in the streets of South Auckland. But underneath the rough exterior is a complex and reflective young man marred by the devastation of murder, helplessness of drug addiction and unspeakable secrets. They are off to a rocky start dealing with schoolwork, drama and boundaries. Being a horny teenager, Dante takes advantage of his good looks by setting out to seduce his new teacher. Their forbidden attraction is palpable, fueling cocky behavior by Dante, while Clara struggles to cope with her guilt. There are no words that can fairly describe the complexity of Dante Rata. His eyes were dark pools of emotion, giving me the impression he was holding back tears. It made my heart ache for him. Hatton did not stand a chance against the force that is Dante and neither did I. Six words to describe Clara: You will also not swear or be rude to me. Story is driven by Dante and I might have wished myself Clara once or twice while reading. It ends with a shocker leading right to book 2, Shattered Poetry for the continuation of their story. I feel like re-reading it right now! Would I re-read this series: Would I read future books by this author:

## 4: Marita A. Hansen - Italia

*Broken English by Marita A Hansen starting at \$ Broken English has 1 available editions to buy at Alibris.*

Broken English is live and free on Kindle unlimited right now!! D So far, this year, I have read books. Broken English is hands down, one of the best. Top 5 I would say. I dived into this little gem expecting a dirty and sordid story about an affair between a lady teacher for a change and a boy. Biggest mistake ever by assuming that. After all, being taken by surprise here worked in a very positive way, in my opinion. Broken English surpassed all my expectations and proved to me wh Broken English is live and free on Kindle unlimited right now!! Broken English surpassed all my expectations and proved to me why I love reading. The feeling of finishing a story dumbstruck and on a high is priceless. I was left in awe with her bewitching characters and entranced by her plot. Her writing seems effortless, a remarkable skill. The story starts with Clara 24 , a Kiwi who spent the last 4 years working as a teacher assistant in posh schools in London, moving back to NZ. She is married to a British who had to stay behind due to visa problems. Wera High is located in a rough part of South Auckland, a huge social gap from where Clara is coming from. Such a sweet illusion â€¦ In her first day at Wera she had to intervene in a fight where a boy was being beaten by other 3. Now, hold your horses! Dante Rata is a 15 year boy with a troubled past and a PhD in life experience; such as stealing, selling weed, escaping youth prison at the tender age of 13, having his dick sucked, sex, and so onâ€¦ He had the looks of a model and a body of a man. He is mouthy, arrogant, cocky And he is intensely sexual. She was struggling against her ideals, morals and ethics. You could see how much it was destroying her. He pushed and she resistedâ€¦ and resisted more, untilâ€¦??????? Dante Rata was hot as fuck! I heart the way the story was portrayed at school. The Kids were louder, bigger, scruffier and more disorderly. They also looked unconcerned with being told off. They flicked fingers, called names and collected suspensions thinking of it as a holiday. No one was given a fuck. I had a blast with these kids. Well, if you still reading this you must be sick of me by now. Cutting to the chase: I absolutely loved this illicit story. ARC kindly provided by [http:](http://)

## 5: O Arcanjo : Broken Lives 1 - Broken English - Marita A. Hansen

*~Review by ~Judith~ Broken English (Broken Lives #1)by Marita A. Hansen 5 + www.enganchecubano.comg!! "I glanced back at the teacher,thinking she was hot as fuck."*

Shattered Poetry, book 2. Love DrunkThe Broken Lives series follows student, drug dealer and poet, Dante Ivan Rata from the age of fifteen into adulthood as he copes with family, life, school, drugs, women, sex and more sex. Born and raised into violence, drugs, gangs and crime, but underneath the rough exterior is a complex and reflective young man marred by the devastation of murder, helplessness of drug addiction and unspeakable secrets. They were off to a rough start dealing with schoolwork and boundaries while both fighting an intense and forbidden attraction. A cocky Dante set out to seduce his teacher. Shattered Poetry, book 2 opens up to the aftermath of book 1 shocking ending. Clara struggles with her growing feelings for Dante and will continue to make bad decisions that fuels their reckless romance. There are no words that can fairly describe the complexity of Dante Ivan Rata. He is cocky, uninhibited, self-sabotaging, reckless, brave, volatile, unpredictable, vulnerable, broken and brutally honest even when he lies and there is such wisdom to his immaturity. His uncanny beauty is a blessing, but mostly a curse. Clara Freja Hatton, Mrs. Hatton did not stand a chance against the force that is Dante. Clara was who she needed to be; torn, guilt ridden and oftentimes weak. Six words to describe Clara: Shattered Poetry, told from dual POVs, is a forbidden and impossible yet inevitable love. Poetically told with excellent character development and an explosive plot filled with danger, jealousy, deception, violence and secrets. Up next is book 3, Jagged Pill for the next phase in their saga. It was sensual, passionate, incredible. January 1, Elizabeth "I went from feeling like I was on the greatest high ever to crashing within seconds After the explosive ending in Broken English, Clara and Dante are back. As chaos continues to crash down on them, the lines between right and wrong become more blurred, and everything that is broken becomes more shattered and beautifully flawed. Dante is still struggling with his trust issues, and his feelings for Clara only further complicate his ability to find himself. Longing for safety and love, he self-medicates with whatever he can get his hands on. His favorite thing to have in his hands is, of course, Clara. Her desire for Dante is toxic to her job, her family, and her conscience. But you know what they say when something feels so right, how could it possibly be wrong? With a blend of forbidden romance, gang violence, broken families, and addiction dysfunction colors every moment of Shattered Poetry. The action in the plot keeps the pacing intense, and although I continued to hope for each character to find their way, they seemed to continue to sink further into their own individual torment. With complex characters, an intense plot, and tragic circumstances, Shattered Poetry is full of angst and unbridled passion. If you thought the ending in Broken English was explosive Shattered Poetry is like a crashing tsunami. With the curveball of the century, Ms. Hansen promises to keep us guessing until the bitter end. Overall, Shattered Poetry is a perfect read for someone ready to dive deep into the abyss of emotions and forbidden romance. I cannot even begin to imagine the direction that the genius mind of Marita A. Hansen will take these characters in the next installment in the series. As in all epic stories, it appears that this is only the beginning! With expertly crafted text and vibrant colors, the Broken Lives Series is one that I will never forget. January 1, Judith 4 Stars. He was the sweet taste of honey before the bee stung,the apple from Eden-so delicious,yet morally wrong. This one picks up straight after book one where Clara and Dante must face the consequences of their actions. I found her very self absorbed for the majority of the book. I loved Dante in book one and actually liked him more here. Having said that,for some reason,I was a lot more aware of his age here. I thought this was actually quite important to the story. This is extremely fast paced,talk about a page turner The sex scenes are not very explicit but I actually thought they worked here. Despite the strong physical attraction Clara and Dante have for each other I could feel that their relationship was becoming more than just sex. The writing is superb. I think the eventual outcome of their story will be epic. Arc from Author January 1, Evgeny Twenty-four year old Clara finally got to have sex with fifteen year old Dante in the end of the previous book and by the beginning of this one realized she had to face the consequences. Only after everything is said and done she did not. Lots of things happened: One more POV appeared and it was quite interesting. One

interesting character became more fleshed out. The only reason I read the second book of this very disturbing series I wanted to see Clara gets what is coming to her. In my opinion she got off way too easy, although there were several moments she completely and totally deserved. How disturbing the whole book was? After finishing it I took a long hot shower because I felt dirty. Because lots of people loved this book I became suspicious I read something else. Clara was a narcissistic egotist pedophile, lusting after underage Dante. The guy was already pretty much broken to begin with, but Clara mercilessly continued the process blindly following her lust. She always let him take the blame for her because she cared about her reputation too much. Other than Clara and her "romance" with Dante everything else is great. Lowlife people, "bad" neighborhoods, gangs, drugs, prostitution, and everything else in between. Everything is here and this part works great. This is the reason for 3 star rating instead of 2. If you want to be disturbed go ahead and read it, but beware: At least Humbert Humbert ended up in jail safely isolated from society. Sorry, but at the end I need to see something cute and cuddly just to erase everything Clara-related; this is for my personal viewing: January 1, warhawke Genre: First Person - Multiple Rating: Clara Hatton knew it too well what her heart wanted could ruin everything she worked for - her marriage, her career, her life. But her bewitching student proved hard to resist even as she saw the devastation around her. Dante Rata rather put people at arms length and stayed disconnected, except for the one he wanted. As his desire for Clara continued to grow, so did the fallout from the event involving his best friend. He knew what he wanted but getting it could be a lot harder than he could ever imagine. I absolutely love Dante in Broken English and from the ending, I knew this book was going to be explosive. It really did shatter the easy peaceful nature of previous book. I hated history, fucking hated everything to do with the past, because I kept repeating it, making the same mistakes over and over again, never fucking learning. Dante had a lot of issues to overcome in this one. Besides external issues, he still struggled with his personal demons. As her heart wanted more, she struggled with the morality of her actions. There were a lot of things going on throughout this long book. I like how there were a lot of actions and suspense elements but I also wish there were more emotional connections between them. And as much as I understand his age might be the reason, I wish there was a more elaborate sexy scenes to compensate the sexual tension between them. He was like a walking porno, everything he did extremely sexual. I like the story overall and my love for Dante never wavered, but I felt the ending left too many questions unanswered especially considering the timeline for the next book. I wanted to cocoon him in my arms, wiping away all his upset, as well as to protect him from more. No matter how much I wanted to. Shattered Poetry is a story of a forbidden relationship, loyalty and sacrifices. The intense story would appeal to readers who like to experience a myriad of emotions to the very last page. Books in the series: First Person - Multiple "He was wearing me down, making it harder to walk away. Every time he said something, did something, it drew me more and more into his web. She understands very well the consequences of her actions and somehow finds herself in the bridge of losing it all her marriage, her father who she only recently reunited with and her career all for what she believes is love. Here one second, gone the next. The story is very fast pace and pretty addicting. However; I found myself getting so confused by so many things happening at once on the last thirty percent of the book.
