A major factor in reducing noise, the CMOS sensor assures that images shot at highest sensitivity will be remarkably smooth. Excellence from Dawn to Dusk. With a broad range of ISO settings, expandable up to with Custom functions, the EOS 60D enables shooting from sunrise to sunset and helps ensure capture of the finest detail. With enhanced high-sensitivity optimization, subjects can be captured clearly and easily at high shutter speeds without flash, with minimized blur and noise. In bright scenes, especially long exposures in daylight, optimal exposure can be achieved with a fully open wide-diameter lens, no dark filter needed. The resulting HD video is a standout in its beautiful depth-of-field characteristics and remarkable capture capability under poor lighting conditions. Additionally, a Movie Crop function is included: An SD-quality video x can be cropped to the equivalent of about 7x magnification of regular shooting. The audio input level can be set to Auto or Manual, up to 64 levels, and a wind filter minimizes unwanted background noise. By pressing the Quick Control button, a simple graphic user interface for adjusting image quality, white balance, image creation and other settings appears on the LCD. The EOS 60D even lets users edit video in-camera: Video can be captured at a number of resolutions and frame rates for numerous applications. It can capture x Full HD video at frame rates of 30 The EOS 60D also has a built-in microphone for simple mono recording and stereo sound can be recorded through a self-powered external microphone. By easily switching between low and high angles, the EOS 60D freely enables angle adjustments even if the camera is mounted on a tripod or has a battery grip attached. Superb for reviewing, editing and deleting photos or composing new images in Live View function, the Vari-angle Clear View LCD monitor is also the perfect means for accessing camera settings like ISO, metering modes, AF Point selection, the horizontal Electronic Level and flash options. The Need for Speed. The EOS 60D operates with such effortless speed that operation is nothing short of intuitive. Able to shoot up to 5. See More, Get More. A six-level battery check indicator has been added on the left, and the exposure level indicator scale has been expanded to up to three stops, with arrows indicating greater exposure levels.
