Histoire Vraie Paris, Monet was a wounded French war veteran who visited Vietnam and became incensed by the treatment of workers by his countrymen. Under the direction of Bazin, Vietnamese foremen were hired to recruit Vietnamese laborers to work on plantations. In some cases, the hired work-force would be utilised in southern Vietnam, which the French ruled as the colony of Cochinchina. Others were sent to distant French colonies such as the New Hebrides. The working conditions in which the Vietnamese were placed generated indignation. The methods of recruitment often included beating or coercion, as the foreman received a commission for each recruit. The living conditions were poor and the remuneration was low. Among the Vietnamese population, the perception was that those recruited would never set eyes on their homeland again. The French colonial authorities refused to intervene, claiming both that recruitment "had no official character"; and that recruitment was beneficial to the Vietnamese, since it eased the population pressure on the crowded Red River Delta in northern Vietnam. He felt that it was better to work towards the overthrow of the French colonial system of which Bazin was merely a minor tool. Although the status of the assassins within the VNQDD was uncertain, the killing of Bazin was seen as the first major attack carried out by the movement. Sanh confessed to the crime, but he later retracted it, claiming only to be a bystander. The sources disagree, but between three and four hundred men were rounded up. Of those seized, 36 were government clerks, 13 were officials in the French government, 36 were schoolteachers, 39 were merchants, 37 were landowners and 40 were military personnel. Eventually 78 men were convicted and sentenced to between five and twenty years in prison. Leon Sanh himself was acquitted. Most of the Central Committee were captured, and Hoc and Nguyen Khac Nhu were among the few who managed to escape from the hideout at the Vietnam Hotel. This culminated in the Yen Bai mutiny of , which resulted in a large section of the party being executed by the French authorities, decapitating it as a major threat to the colonial order. The Education of Vietnamese Students in France Page 40 "A wounded war veteran and a man of some personal means, Monet went to Indochina after the war as a At the University of Hanoi, Monet established a foyer, a dormitory which he outfitted with a library of French literature and history.
