

### 1: Rules of Contact (Play by Play #12)(6) read online free by Jaci Burton

*Liz and her two new friends are out at a restaurant after a game and had a few pitchers of margaritas. She calls Gavin to come and pick them up and when hanging up tells him that she loves him. Her friends get on her for her drunk declaration of love when this entire time she has been denying it.*

February 16, Rating: And now he may have discovered his dream woman. Harmony Evans, once the sweet, gawky teenage sister of his best friend and teammate has grown into a smart, gorgeous woman with moves he finds hard to resist. Harmony has always gone after what she wants with single-minded determination, from her independence to her education to her career in social work. She never expected her youthful crush on Barrett to develop into something deeper. When the chemistry is this combustible, lines tend to get crossed. Sports romances are totally my thing! And I love football. But this book fell a little flat for me. Barrett and Drake are not only best friends, but also defensive linemen on the Tampa Hawks, a professional football team. Even if the attraction and interest is mutual. If Drake finds out about his sister and his teammate, it might all be over. At first I was going along with this book, kind of just reading and seeing what would happen next. Still, I was never in danger of not finishing this book, which is always a plus. I liked the diverse nature of this book! Hmm, I can say that I liked that there was a happy ending? But a good ending is still a good ending! What I Did Not Like: Which, by the way, was a total turn-off. Let her fight her battles! I never loved him or swooned over him or anything. He was a caricature, a mold of your typical sexy male hero in a romance novel. I dislike how hypocritical Harmony is. We never really get to see how the attraction plays out initially, before they start hooking up. WHY do they like each other, or are attracted to each other? Speaking of foreplay - the steamy scenes were pretty repetitive, sadly. The first time, it was pretty steamy, but then it seemed like the same scene was stuck on repeat. Mix it up, please! Like a layer was missing - there was definitely something missing. Maybe there needed to be more football in the book, or something. Family is a huge part of this book, but I found myself not caring about the family aspect. The ending was SO overly perfect. It was cookie-cutter perfect in a cheesy, every-hold-hands-and-sing kind of way. Would I Recommend It: Again, it could very well just be me and my tastes!

### 2: Review: Changing the Game by Jaci Burton |

*37 quotes from Changing the Game (Play by Play, #2): 'Men are obtuse. You have to beat them over the head with a frying pan to get them to notice things.'*

Goodreads Amazon Win at any cost. It might not be too much of a stretch. But when love unexpectedly enters the playing field, neither Liz nor Gavin are ready for the biggest game-changer of all. I was worried that with it being the second book in the story line that I would be confused and lost throughout the book but this book is perfect to read on your own. I am actually glad that I read this book first. Instead of describing the characters to you, let me just quote a couple parts of the book where Gavin does his take on Liz and vice versa. Hair the color of his favorite red sports car, incredible blue eyes, creamy soft skin, and legs a man could only hope to have wrapped around him someday. She was a walking sex bomb with a wicked brain. But there was just something about him. Maybe it was his dark good looks, his mesmerizing green eyes, the way his dark brown hair fell over his brow, or the sexiness of his goatee. Maybe it was his lean body that he hones into shape with daily workout at the gym and playing noncompetitive sports outside his own sport of baseball. Maybe it was the way he catered to kids on the ball field, always taking the time to sign autographs or stop and talk to them. I got the impression that in the first book, Liz was manipulative and bitchy but in this book you see how insecure she really is. I mean, her mom took her to another room so that they could have girl talk about her and Gavin. I just really loved all of the connections that this book had but if I am being honest with myself I would have to say that the sex was the topper in this book. And with the visual that you get from the cover, what more could a girl ask for? I loved his book and devoured it as fast as I could. Liz and her two new friends are out at a restaurant after a game and had a few pitchers of margaritas. She calls Gavin to come and pick them up and when hanging up tells him that she loves him. Her friends get on her for her drunk declaration of love when this entire time she has been denying it. Good thing the waitress is bringing another pitcher. Our ride might be delayed.

### 3: Review: One Sweet Ride by Jaci Burton - nite lite book reviewsnite lite book reviews

*Changing the game (play by play, #2) by jaci burton - goodreads Changing the Game has ratings and reviews. Shawna said: 4 ½ stars Changing the Game is.*

Pax sank the last ball, and AJ grinned at Joey. Obviously you and your friend have careers as hustlers. And since you and Pax won all our money, you can buy the next round of beers. Having a pool table at Wild Riders headquarters meant they got a lot of practice. And AJ was pretty sure Pax had hustled pool when he was younger, though Pax denied it. Probably so he could win every time they played. Pax raised his brows and, with a smile, tipped the bottle of beer to his lips. Russ and a few of the other guys who ride with us work there, too. That was the first place you hired on when you were a punk. Good for the old-timers who might not take to something different. The door to the bar had opened and a horde of bikers spilled in, all decked out in leathers, the backs of their jackets bearing a fist crushing a bleeding heart. Russ followed, and they were flanked immediately by two beefy members of their gang. The rest of the Thorns moved with them toward the front of the bar. The tension in the entire place thickened so deep you had to wade through it. It emanated off everyone wearing leather. You could see it on all their faces, bikers gearing up for battle. AJ looked to Pax, who nodded. They stood and moved behind the crowd of bikers. AJ slid his hand up under his jacket, reached into the back waistband of his jeans, and released the safety on his pistol, saw Pax do the same. They might be on vacation and always undercover, but they were still federal agents. If shit was going to go down, they had to put a stop to it. Or at least put a well-timed call in to the local police. He hoped this would be nothing more than a standoff and that it would just blow over. Or maybe just hand-to-hand combat, not knives and guns. AJ took a sidelong glance at her. She and the other bartenders stayed behind the bar, but Teresa had placed both hands, palms down and fingers wide, on the bar, her jaw set firmly. AJ made a move back with his head, and Pax took a look at Teresa, then back at him. She looked mad as hell. He half turned to Teresa. Larks must be the leader of their gang, AJ presumed. He was broad, not as tall as the two guys flanking him, but he looked like one mean son of a bitch. He sported a long, white scar up the side of his left cheek, and except for a few strands of dark, stringy hair, his head was covered by an all black do-rag. The guy had thighs like tree trunks and big beefy hands. All in all, he looked like a whole lot of trouble.

### 4: One Sweet Ride : Jaci Burton :

*I have enjoyed Jaci Burton's books in the past! really liked the second book in the series, Changing the Game (A Play-by-Play Novel), and thought Elizabeth's [PDF] Conclave: The Politics, Personalities And Process Of The Next Papal [www.enganchecubano.com](http://www.enganchecubano.com)*

Rules of Contact Play by Play 12 6 Author: Jaci Burton Amelia picked up her glass of wine and took a sip. The last thing she wanted was to go down that road again. Have you dated even once since then? I went out on a date before I moved from Portland. Then we went to a movie and he talked through the whole thing. Then he drove me home and tried to go in for a kiss when it was obvious there was zero chemistry between us. As soon as the date was over I promptly forgot about him. Time to quit mourning the death of your marriage. That asshole hurt you. You were entitled to wallow for a long time. Remember that guy you dated in college? What was his name? He played violin and you were so sucked in by his musicality. I fell madly in love with his magical fingers. You waxed poetic about his hands and his talents and he cast this musical spell over you. And then you found out he was sleeping with the dean of music. You had to admit, though, the beer parties were amusing. I warned you about him. He was such a horndog. At least I was during college. Laura, full of life and adventure, always willing to pick herself up after heartbreak and go after her dreams. Laura was never one to give up, and Amelia had learned a lot of her own willingness to go after her dreams from her best friend. She had Laura to thank for pulling her out of her shell, making her attend social events. And now they were neighbors. Sometimes life worked out perfectly. What might her life have been like if Laura had met Frank at the beginning? She could only learn from it and move on.

### 5: One Sweet Ride (Audiobook) by Jaci Burton | [www.enganchecubano.com](http://www.enganchecubano.com)

*NY Times and USA Today bestselling author of the Wild Riders series, Jaci Burton writes passionate contemporary romances filled with love, adventure, and high emotional stakes.*

As she and Gray spend time together, he teaches her about the sport he loves, and she learns a lot about the man behind the wheel. The more she learns, the more she wants him. But any desire that threatens to derail the carefully laid plans for her future is a dangerous one. With the passion Gray and Evelyn share running hotter than either imagined, one of them is going to have to compromise, or else run the risk of losing more than their hearts. Let me just start off my saying that this series really has the best covers. Every single one of them is drool-worthy and, even though they usually feature a half naked man on the front, I would not be embarrassed to read them in public. Because really, look at those abs. I am a fan of the series but admit to being two book behind. This sixth installment has veered away from the Riley family who were featured in the first 5 books. While I still miss the Riley and will go back and read the previous books, I went into this with an open mind. Sadly, I was disappointed with this book. I think part of my problem was that it took me a long time to warm up to Evelyn. I liked up to her more as the story went on but it was a lukewarm feeling at best. I liked Gray better, though he, too, was pretty bland. I thought that the chemistry between the two was just OK. The sex scenes, while hot, started to get boring after a while. And trust me, I am all for a good love scene and am not one of those people who usually says less sex in books, please. Another small thing that annoyed me was that we are introduced to characters that are obviously going to be featured in their own books down the line. I wish that these characters had been introduced in a more subtle way. Jaci Burton is usually hit or miss for me. No doubt others will enjoy but I am glad that I borrowed a copy. I still plan reading the Riley clan books I missed though and would definitely still give the next books in the series a try. ### 6: Unexpected Rush (Play by Play, #11) by Jaci Burton

*Jaci Burton is an American author of romance novels. She has written many New York Times bestsellers including Melting the Ice, Thrown by a Curve, and Holiday Games. She became a writer after her children were grown.*

I carried a grudge for a long time. I wish I had known then what I know now. I would have done things differently. I should have stood my ground and fought for Ethan. Did you tell him that? Kent rolled her eyes. What is it with you kids not telling each other how you feel? Go tell my son you love him. He was on the floor with Zoey, who was playing a handheld game while Ethan frowned over instructions. She figured it out after a few rather embarrassing tries and Zoey showing her how it was done. Then she realized she wanted one of these handheld game devices, especially when Ethan showed her the catalog of software that went with it. Riley looked at Ethan, then at Zoey. Kent set the table for lunch. They ate an abundance of turkey and dressing with more side dishes than Riley could count. I want to play like you do. Otherwise it can just sit in your room and you can look at it and think of me. Only it was a woman sitting on a stool with a guitar. She lifted her gaze to Ethan. Thank you so much. I want you with me. I want you to be a part of my life. The words she needed to hear made joy spring from every pore, from every fiber of her body. She sniffed, fighting back the tears. To come back and see you again. But now I realize that seeing you was what I needed, and what I wanted the most. And also what I was most afraid of. I love you, Ethan. A slow, sweet melody, a pouring out of her heart, her very soul, for Ethan. I want to come home. Kent cleared her throat. Now the rest of you can come help me in the kitchen. Riley and your daddy have some talking to do. My daddy loves Riley Jensen. After everyone left, Ethan came over to her, took her guitar, and laid it against the sofa. I was afraid to ask that sacrifice of you. I love my career. Zoey and I can travel with you in the summers. The man she loved, a beautiful daughter, a family who would always be hers, and love. The best gift of all was always love.

### 7: Riding the Night by Jaci Burton- Free Books Online

*Earn up to 20 points when you purchase this title. Playing by the rules isn't for everyone Win at any cost. That's always been the mantra of sports agent Liz Darnell. When she carries things too far, she loses a major client in Mick Riley and figures his brother - baseball pro Gavin Riley - will.*

### 8: changing the game | Tumblr

*Jaci Burton is usually hit or miss for me. When it's a hit (Changing The Game), it's a big one, but this one was a miss for me. The stakes didn't feel high enough and I just wasn't as emotionally invested in the relationship as I should have been.*

### 9: All She Wants For Christmas (Kent Brothers #1)(13) read online free by Jaci Burton

*Pax sank the last ball, and AJ grinned at Joey. "You still suck at pool." Russ snickered and patted AJ on the back. "Some things never change, do they, AJ?"*
