They live in the country in Mississippi, and the roads are dusty. Cassie worries that they will be late, and Stacey is annoyed with her. Quiet 1 Cassie looks at the land around her. Most of it belongs to Harlan Granger, but a small part of it belongs to her family. It is now , and he has been working on the railroad for several months out of the year for two years. Cassie hates that he has to go away, and once asked him why making payments on the land is so important. Her father tells her, "Look out there, Cassie girl. All that belongs to you. Hammer sends money from Chicago. Mama teaches at the school. Big Ma works as hard as a young woman picking cotton. Quiet 2 Cassie wonders whether she will ever understand why the land is so important. Avery and his brother Claude appear. The Avery family share-crops on Granger land. None of the children really like T. Berry, and his two nephews, nearly to death. Mama Logan and Big Ma brought comfort and medicine to the Berrys. He lied to his mother, telling her that he was only there to pick up Claude, and Claude had been beaten instead. Quiet 3 Just then, a school bus full of white children drives by. Just then Jeremy, a white boy, runs up to meet them. No one knows why Jeremy likes them. After leaving Jeremy at the white school, the Logans move on and reach their own school. Most of the children at their school only come when there is no work to be done in the fields. Many of them will drop out before they graduate. Cassie is left alone on the playground as her brothers run off to join their friends. She goes inside, and finds that her fourth grade class and the first grade class are combined, because the first grade teacher will be a few days late. Daisy Crocker, the teacher, is boring and cheerful in a fake way. Crocker surprises them by telling them they will have books this year. Most of them have never even touched a book other than the bible. Even Cassie is excited--until she sees that the books are badly worn, with writing all over them. Little Man refuses a book because he says it is too dirty. Crocker gets very angry, calling him ungrateful. Little Man reluctantly takes a book, but after flipping through it, throws it on the floor angrily. Cassie looks at the front of her book to see what made him so angry, and finds a chart that gives the condition of the book and the race of the student using it. Many white children had used her book, and the last entry reads, "nigra. Racism 2 After school, Cassie runs to tell her mother what happened, but Ms. Crocker gets there first. Cassie listens outside the door as Ms. Crocker explains what happened. Mama listens and nods, but she busies herself with gluing paper over the upsetting chart at the front of each book. Mama has always been a little different from the other teachers at the school. Cassie thinks, "I would wait until the evening to talk to her; there was no rush now.

Cassie is making an effort to get her siblings to stay together, even when Little Man is lagging behind. However, acres of the land have been mortgaged, and they must pay taxes on the other acres. The land is important to Papa and to the other Logans because it represents their independence from the white landowners. As a result, they work as hard as they can to maintain their land, even when they have to make major sacrifices to do so. The land also represents family now because the entire family has taken on the burden of maintaining it. Avery, and his brother, Claude Avery. Stacey gets mad, saying that T. He gets the attention of the Logan children, revealing "after much cajoling" that some white men almost burned a nearby family to death. Stacey is indignant when T. The burning incident is the first major instance of racial violence in the book, and establishes the risks the Logans are taking when they support the boycott and why they have to be careful about how they go about resisting white oppression. He reveals that Cassie almost got him in trouble by telling his mother that he had gone to the dancing room in the Wallace store. He got out of it by blaming his brother, Claude, instead, and Claude took a beating for it. The Logans think this is a dirty stunt, but T. The Logans find T. Stacey tells everyone to get off the road quickly, and everyone except for Little Man scrambles up the bank and into the forest. Little Man is reluctant to scramble up the bank and get his clothes dirty, but when the school bus drives by and raises the red dust, Little Man ends up getting dirtier than the rest of them. Vehicles are one of the main ways in which whites and blacks are divided in the book "the ones who own cars are mostly white, and everyone else has to make do with wagons or walking. Jeremy walks with the Logan children every morning, even though he gets ridiculed and beaten for associating with them. Eventually, they split as Jeremy goes to the white school with his sister Lillian Jean, who regards the Logans with disdain. Active Themes The Logans continue on to the black school, which starts later in the year and gets out earlier because the black children have to help their families by working in the cotton fields. A lot of the older kids drop out of school entirely in order to help their parents work the fields. Cassie observes the students around her, who are wearing their Sunday best, even though all their clothes are full of patches, since no one can afford new clothes. Black children have to conquer more obstacles in order to even attend school. First, they have to walk because there are no buses for them, and then they have to organize their school year around cotton picking season. Active Themes Related Quotes with Explanations Cassie heads into the fourth grade classroom, which the fourth graders currently share with the first graders because the first grade teacher is held up in Jackson for a few days. Miss Crocker, the fourth grade teacher announces that this year, all the students will get books. This is big news, since most of the students have never handled a book before, other than the family Bible. The Logans are lucky, though, because Mama owns several books. Still, Cassie is excited at the prospect of getting her own book. They believe that having a mastery of words is important. Miss Crocker accuses him of putting on airs, so Little Man takes his book and goes back to his seat. Cassie rejects her book too, and she and Little Man both get whipped. Cassie chooses to be punished with her little brother because she wants to stand up for him and for her own identity. Active Themes Cassie tries to tell her mother about the incident when class lets out, but Miss Crocker gets there first, and Cassie overhears their conversation. Miss Crocker, however, disapproves of Mama and thinks of her as a radical. Mama glues paper over the charts in all the books in her seventh grade class. Mama has her own quietly dignified way of dealing with racial injustices. Retrieved November 10,

She is interrupted by T. Avery and his younger brother Claude who join the children as they walk past the Granger land on which the Averys live as sharecroppers. The children had known their grandmother had gone to a sick house last night. He is whisked away by a group of white children, including his sister Lillian Jean, at the next crossroads, and the black children are left to enter Great Faith Elementary and Secondary School. Cassie is relieved to have witnessed the exchange and is reassured that her mother understood. Chapter 2 Cassie is out in the cotton field with her grandmother, Big Ma, and her mother and brothers when they spy her father approaching down the road. The children are curious about why their father might have brought him to stay with them and Cassie nervously asks Stacey whether he thinks it might have something to do with the burnings. At church the next morning, talking with the Averys and Laniers, it is confirmed: John Henry Berry died the night before. He and his brother had stopped for gas in the nearby town of Strawberry where some white men who had been drinking approached the car. After the neighbors leave, Papa gathers his children and warns them never to go up to the Wallace store. Chapter 3 With October rains come humiliating calf-skin raincoats, but nothing compares to the insult Little Man experiences each time the school bus full of white children splatters him with mud. This particular morning, although the children have left even earlier than usual to avoid it, the bus veers so close they must jump to avoid being hit and Little Man winds up chest-deep in water. Stacey is angry and formulates a plan: With the Logan children secretly watching from their hiding place, the predictable driver speeds through the spot, but unexpectedly falls into the trap, unable to get out and forcing the white students to walk home. Due to the broken axle, Mr. Grimes guesses it will be at least two weeks until it is fixed. Concluding someone must have seen them digging the hole, Cassie is frightened they are the cause of the likely visit. When she awakes in the middle of the night and Big Ma is not beside her, she ventures out and witnesses a group of cars pause in front of the house, then turn around in the driveway and disappear into the night. The only explanation for the sleeping household to be spared more violence is the figure of the larger-than-life Mr. Morrison standing guard, shotgun in hand. Her own view of the unfair situation is presented against the very adult backdrop of the recent burnings of the Berry men, accused of flirting with a white woman, but perhaps no more guilty than her own family for owning their own land. Besides introducing the main characters and setting up their different approaches to confronting the tensions that surround them, these first three chapters illustrate the power even children can exercise against the forces of white oppression. Their world is a microcosm of the greater injustices in Mississippi and beyond. While the Logan children must walk over an hour over muddy paths to school, which is only in session October through early spring, the white children have their own buses and school house. It is clear that this society, long before the modern civil rights movement began in the s, is biased towards whites. Just as the bus adds insult to injury by splattering the defenseless children as they trudge along, the Night Men demonstrate that some white adults will not tolerate any disruption to the white-dominated hierarchy.

Roll of Thunder, Hear My Cry Chapter 1 Nine-year-old Cassie Logan and her brothers, six-year-old Little Man, twelve-year-old Stacey and seven-year-old Christopher-John, are walking to school. They live in the country in Mississippi, and the roads are dusty.

Chapter 1 Summary Cassie and her brothers, Stacey, Christopher-John, and Little Man, are walking to school on the first day of the school year, dressed in their Sunday best. For this, the Logan children grow angry with him. A school bus filled with taunting white children speeds by, showering the children with red dust as it passes. Jeremy, a white boy who is often beaten for walking to school with and associating with the Logans, soon joins them. But as a group of white children including his sister runs past, he has to leave them, and head towards the Jefferson Davis County School, the white school, where the Mississippi state flag, with its confederate emblem, flies above the American flag. Cassie, a fourth grader, is not eager to please her teacher, Miss Crocker. She is assigned a seat in the first row. She and the other students are surprised to learn that this year they will have books. However, the books are very old and dirty; they are books no longer needed at the white school. This infuriates Little Man and Cassie, and they are both whipped for trying to refuse the books. After school, Cassie runs to tell the trouble to her Mama, who is a teacher in the seventh grade. But Miss Crocker is already there. Eavesdropping, Cassie hears her Mama agree with Miss Crocker that she should have punished her children for disobeying their teacher. Cassie and Little Man are two of the most important characters, and in this chapter we see their proud spirit. It is clear that the Logan parents have raised their children to have self-respect, regardless of their race. When Miss Crocker is about to whip Little Man, Cassie goes to his defense, showing the way the family sticks together. Cassie shows the teacher that the county school board has written "nigra" in the book, a term she finds offensive. But Miss Crocker replies that that is what Cassie is. Miss Crocker is complacent, but the Logan children are proud of their color and will not tolerate insults. This kind of behavior, in which you have to break school rules in order to stand up for a higher good, is often known as "civil disobedience. This book is full of details that indicate the racism that the black citizens of Spokane County, Mississippi must endure. The bus incident not only shows that the White children enjoy seeing the black children covered with dust, it also emphasizes the fact that the black children have to walk to school. In fact, Cassie says, some children have to walk so far that they drop out of school. These children do not get an education because they do not have buses to take them to school. Furthermore, the Mississippi state flag carries the "stars and bars" in its upper left corner, symbolizing regret that the Civil War was lost and that slavery was made illegal. Clearly, the government of Mississippi is at least partly racist. This fact is underlined by the poor quality of the textbooks given to the black school.
