Rated 5 out of 5 by streamTree from time warp baby this is part video game and part time machine its like playing an intellivision game from the s simple and such bright beautiful colors well worth a free try enjoy: It is somewhat fast paced and fun. This one is fabulous!! Same cat and same guy but a whole bunch of new stuff to do. It is more difficult than the first one but once you try the demo, if you liked the first Finders, you will be hooked no pun intended. The graphics are great, the animation is fun, more things to buy to help you and instead of mean sharks you have elves and penguins. I immediately purchased it. All in all, this is a fun festive version of the great original game for all ages! But far too short. I had 16 minutes left on my trial version, on Normal difficulty, and I was played at a relaxed pace. But this is a really cute game, and lots fun for the festive season! I do recommend trying the free online version first, and if you like the gameplay, then try the trial before considering buying. The original game is a better investment for all-season gameplay and it has really great replay value, so you might want to buy that instead: The gameplay is very much like the original Finders Keepers, only there is no Two Player option. Instead of gems, Floyd and Goldie the Cat hunt down Christmas cookies, which are "fed" to the children at the end of each level. There are lots of extras and upgrades which make playing more fun, and the options vary randomly. There are three levels of play - Normal, Hard and then Master which is locked until you finish the game in Hard mode. I played in Normal. More points are awarded for difficulty. There are four areas of play: In "Finders", you play through these four areas. Santa drops presents and coals to nice or naughty children from his sleigh. The controls were awkward and the bonus game was very disappointing. I played this through the free trial so it kept me that long and noticed the challenges increased at the game went on but not really something I would buy. Although there are some places in this game that kids would find hard. Looks like maybe someone rushed to put this game together. Not as good as the 1st one in this series. The graphics are acceptable but not gorgeous, and the gameplay is a welcomed change. Unfortunately, the controls are a bit confusing with the vacuum, and I think I found it to be unresponsive. It could also be user error when it came to trying to pick something up with the vacuum. I loved shooting out my claw to try to snag cute cookies and candy. Things I did not like: It caused me to miss quite a bit. I think relaxed gamers will like this as much as the people who enjoy timed challenges. Then they made gold miner vegas which was fantastic and keeps you coming back for more more more. The replay value of Gold Miner Vegas is the best.

Christmas in Salem is an anthology with stories from four authors. It started gradually but now it is Christmas Eve and there is verily any daylight left. She is also in charge of her families traditional Christmas Eve party. Daniel is a vampire that Samantha was in love with and then he left. It was seen as taboo for the keeper and a vampire to be together and she told him to go, but she hoped he would stay. Now he is back because he was sent by the council and Sam sees it as the council not thinking she can do things on her own. Can Daniel convince Sam that he came back for her? When Quieten shows up late it is because one of his black holes has gone missing. Vaughn was the other person whom Rebecca had to beat in order to become the KOTE, but she also had a crush on him. She is not happy to see him but she also knows she needs his help in finding Teezee. Leo the shapeshifter is infatuated with Katie Sue and wants her for himself. He stole the coat to make himself more powerful so he can break away from his master. Strange things happen and Katie Sue and Jett will have a lot to decide. She just got word that her uncle died making her the new keeper and she had to move back to Salem. Salem brings up a lot of bad memories for her, one of those is Baz. Eight years ago she found out that she had been under a love spell and that her and Baz were not really in love. Hurt she took off to do research on witches and wiccans and all their rituals, but now she is back. Now she has to work with Baz to try and track down a wizard who is responsible for the darkness and being so close to him brings up a lot of bad memories as well as good. Baz has always been in love with June if she would just give him another chance. June has an idea to bring the people of Salem together and help break the darkness spell. Defeat the negativity with good will after all it is Christmas. It takes all the keepers and those in the community to band together to shed some light on their Christmas day. Christmas in Salem is an anthology that takes a main storyline of The Darkness and then spins it over four different stories written by four different authors. Each author took a a keeper and spun a story around them and included the darkness with the last story finding an end to the darkness. I have only read one of these authors prior to reading this and I thought each story was okay, but I think it is much to hard for to put four stories into one sort of main story. Overall I will say that it was an okay holiday read and if you like paranormal anthologies you might like it.

Tell them Christmas. FIR TREE Tell that the green of the stately fir tree stays green all year round, depicting the everlasting hope and life in the Lord Jesus, with all the needles point heavenward, a symbol of our prayer to Him."

Someone must have told them that. My grandfather, Joshua ben-Yahoudi, built it back when his trading business was at a peak. And he built it big enough to fit all fourteen kids. Well, a few years ago, the missus and I were just rattling around in that big house--kids grown up and all--and we were thinking, maybe we could take in a few travelers. Then came that blankety-blank census the governor thought up. Taxation, pure and simple! People from all over the province flooded into town that week. Filled us clean up. Rachel and I slept in the main room where we always do, and we started putting guests in the other three rooms. Then we doubled up two or three families to a room. Finally, when we had filled the main room with four families plus Rachel and me, we started turning people away. I must have gotten in and out of bed ten times that night, stumbling over bodies to get to the door. Come back in the morning. We have a couple of families leaving then. But I did make room for one more couple. Joseph was a burly man with big arms and strong hands, down from Nazareth, I think he said. She was just about as pregnant as a woman can get, and awfully pale. That would just have to do, I told myself, and led them and their donkey out back. Now it was pretty crowded, so I shoed several animals into the pen outside to make room in one dry corner. Joseph said, "We sure are grateful, sir. We might need her tomorrow or the next day. Aunt Sarah sent me to get my Rachel, and then pushed Joseph and me out of the barn. We waited just outside in the shelter of the barn for hours, it seemed like. Well, all of a sudden, we hear a little cry. She hands the young-un to Rachel, and she wraps it up in those swaddling bands she had saved. Cute little thing, I tell you. Well, Joseph goes over to Mary and gives her a big hug, and a kiss on the cheek, and Rachel hands Mary the baby, and then comes over to me and takes my hand. Chilly wind, though the sleet had stopped. By the time I got back, Rachel was in bed, and I was about ready to put out the light, step over sleeping bodies, and get under the warm covers, when I heard some murmuring out by the barn. When I peeped in, I saw shepherds. Raggedy, smelly old shepherds were kneeling down on the filthy barn floor as if they were praying. The oldest one was saying something to Joseph about angels and the Messiah. And the rest of them just knelt there with their heads bowed, some with tears running down their faces. I coughed out loud, and Joseph looked up. I was almost ready to run those thieving shepherds off, when Joseph motioned to me with his hand. That was when I knelt, too. And watched, and prayed, and listened to the old shepherd recount his story of angels and heavenly glory, and the sign of a holy baby, wrapped in swaddling bands, to be found in a stable-manger. My Lord, it was my stable where the Christ-baby was born. My manger he rested in. My straw, my lamp, my wife Rachel assisting at his birth. The shepherds left after a while. Some of them leaned over and kissed the sleeping Christ-child before they departed. I know I did. And, you know, years later that boy came back to Bethlehem, this time telling about the Kingdom of God. Oh, I believe in him, I tell you. A single copy of this article is free.
