

1: Dana Stabenow : A Cold Day for Murder | Free eBook Download

A Cold Day for Murder is the first book in the Kate Shugak series and I've found myself a new series that I want to read. This book had everything I like about a mystery book, engaging characters, fabulous milieu, and an interesting mystery.

A Cold Day for Murder 3 Stars After a Park Ranger and the detective sent in to find him both disappear somewhere in the vast and freezing wilderness of Alaska, the Anchorage DAs office requests the aid of former investigator Kate Shugak. A member of the Aleut tribe, Kate has returned home to nurse wounds both physical and psychological incurred while on the job, and is reluctant to leave her self-imposed exile to search for the missing men. However, once she begins asking questions and the answers start hitting a little to close to home, Kate feels compelled to uncover the truth whatever the cost. The endless descriptions of the Alaskan outback detract from the flow of the narrative and pacing of the mystery. Nevertheless, the realistic characterization of both primary and secondary characters enable the setting to come alive in a way that the overly descriptive writing fails to do. Kate is a particularly engaging heroine. She is aggressive, blunt and prickly one of my favorite types and her no-nonsense approach to investigating the crime make her all the more appealing. There is also a smidgeon of a romance in the background that will hopefully be developed in future installments. The mystery is not all that tense or exciting and the solution comes somewhat out of the blue due to the fact that the clues are not only minor, but concealed within the abundance of descriptive passages. Moreover, the climax is disappointing and the villain gets off too lightly. In sum, the heroine manages to compensate for the problematic writing style and lackluster mystery so I will probably continue with the series. First book in a series. This book had everything I like about a mystery book, engaging characters, fabulous milieu, and an interesting mystery. Kate Shugak almost died on a mission and after that did she quit her job, but when this case lands on her doorstep does she decide to try to find the ranger and the detective who gone missing. She had a personal relationship with the detective in questions so finding him is personal for her. But, they have both been gone for weeks and the weather is cold so the chances of finding one of them or both are slim. What I really loved about this book was the setting. The waste wilderness of Alaska, with small towns, where everyone knows each other. The mystery in itself was interesting as well and I have to admit that I did not see the ending coming until Kate herself started to see where it was all leading to. I want to thank the publisher for providing me with a free copy through NetGalley for an honest review!

COLD DAY FOR MURDER pdf

2: A Cold Day for Murder – Dana Stabenow

First in the Kate Shugak series. Yes, this is the one that was lost for two years in my father's garage and went on to win the Edgar award. A paperback original back in the day, in January Poisoned Pen Press published A Cold Day for Murder in hardcover, with this fabulous cover by Patrick Hoi Yan Cheung.

My internet search tells me this is where I should start. Like g glotet Feb 22, Would like to read more of this series. Like s sarahcharlotte Jan 20, Genuinely enjoyed the hard-boiled dialogue and the snippets of Aleut culture. And the writing triggered a craving for moose steak I never knew I had. Like r rlstults Oct 16, I discovered Stabenow and her Kate Shugak character while perusing the library shelf. I love her writing. I really enjoy mystery novels. The added bonus for this series is the location of a fly-in territory of Alaska. Makes me want to go visit. Kate Shugak is a great character as well. What an amazing, smart, strong woman. Dana is a wonderful story teller. Like 7 dee Jul 07, Easy to see why she won an Edgar, everything works and the locale is very interesting. If you wondered what people do in those long bleak winters this writer is going to give us some clues. Like c caj Apr 05, This author keeps getting better all the time. Kates character is amazing. Cant wait till the next one I read. Like w wongsokguan Nov 15, I love mysteries. This is a good one. Recommended by Diana Gabaldon "Outlander" series. I plan to read the rest of the Kate Shugak series. While the Alaska scenery is fascinating, the characters tend more toward irritating. Sets the stage for the entire series, with many of the continuing characters already well rounded. Kate Shugak is an ex investigator whose last job ended badly when she caught the suspect in the act and killed him. Now she works alone with her half wolf partner, Mutt. There is a hint of romance in her background- but that is part of the mystery too.
