2: Yummy Pancake Recipes for Every Occasion! - www.enganchecubano.com

Recipes for every occasion! Recipes that are delicious AND easy can be hard to find! Are you looking for cooking made easy? You've come to the right place.

It would be filled with all the adorable little things you find in a boutique, candle store or soap shop that you never have an excuse to buy, but are so lovely they just make you happy. I thought of an idea okay, I stole it from a Pinterest pin I saw to buy stamps from the craft store and stamp delicate images on a simple sugar cookie or shortbread cookie. I just happened to have an incredibly delicious little honey cookie recipe not from Pinterest that I thought would work perfectly with the stamps. These cookies are delicate and sweet and they have a perfect texture: So I took my two kids to the craft store which is pretty much the dumbest idea a mom could ever have and managed to find a few cute stamps that would represent different holidays and occasions throughout the year. That would be the perfect little hostess gift! Maybe not to keep in a drawer, but something unique and totally adorable to make as a special thank you from our family when the occasion comes! My recipe worked perfectly with the stamp idea, and the kids LOVED getting in the kitchen with me on this project. One important tip is that the stamps must have deep, defined lines to work for the cookies, so not all stamps will work well. Sometimes we like to live dangerously. I wish you could hear the sarcasm when I say that. The color dust is really simple, too, which is a nice alternative to a load of sugar-laden colored sprinkles or frosting on a cookie. This way you are still just tasting the goodness of the cookie. This part is perfect for the kids! Use a cookie cutter and the stamps before baking. For springtime cookies you could add orange or lemon zest to the batter, or even lavender. For fall you could add a pumpkin pie spice to the batter. I used a floral stamp to add a little vine on the pumpkin stem. This is the most adorable little pumpkin stamp â€”I wish I had it when I made these! Orange zest, cinnamon and nutmeg would be a lovely Christmas cookie flavoring, or maybe peppermint extract. I would use all sugar and no honey with the peppermint extract because of the conflict in flavors.

3: 20 Chicken Soup Recipes for Every Occasion - Relish

A Cookie for Every Occasion this year, we asked Fine Cooking's contributing editor and baking guru Abigail Johnson Dodge to pull out all the stops and develop.

Although it is already full of flavor from the chicken and vegetables, this hash comes to life by using the coconut Dijon sauce! Here is a light and delicious meal that the whole family can enjoy, right down to the youngest ones! Imagine sitting down to a bowl of curried chicken salad, scooping it into lettuce leaf wraps and munching it down – perfect for picnics, lunches with friends or packed in a lunchbox to take to work. You can choose how hot the curry powder is, so spice it up to suit your own palate. Here is another quick and easy recipe that gives you a meal packed with flavor and texture. The chicken is enhanced by the flavor of the mustard and the spinach add in the necessary iron and goodness. If you find radishes a bit too spicy or harsh, you could try using Japanese white radishes as they have a much milder flavor but cook in the same way. This dish takes only a few minutes to get table-ready and can be eaten as it is for a light lunch or served over a bed of cauliflower rice for a more filling and substantial dinner. This recipe gives you a plateful of color and superb texture combinations, from the meaty, spicy chicken chunks to the smoothness of the avocado. Because this dish only takes a few minutes to prepare and cook, it would be a great meal for a midweek dinner after a busy day when you just need something warming and flavorful! Even the thought of chicken nuggets can make your mouth water, especially when the coating has garlic in it! These are an ideal way to get the kids involved in healthier eating options. This recipe says to fry the nuggets in ghee, but if you do not to add any fats at all they can be baked instead. Serve with a homemade tomato ketchup and let the whole family enjoy! Then this is a quick and easy recipe to give you a tasty and colorful dinner. You can use cooked chicken here, or cook up a couple of sliced chicken breasts to add to the peppers. Try using different peppers to add color as we eat with our eyes as well as our mouths! It is spicy and tasty, perfect for a chilly day served for a quick lunch, or served on a bed of cauliflower rice for a more satisfying main meal. If you are not too keen on very spicy food, just leave out the jalapeno seeds for a milder chilli flavor. Sonia from The Healthy Foodie Ingredients: Just imagine serving up delicious moist chicken with an aromatic and super-tasty crust! During cooking, the lemon wedges infuse the meat with their flavor and help to keep it juicy. This dish is filled with the flavor of Mexican cuisine, mostly because of the cumin which is popular there and has various health benefits including aiding digestion. The chicken in this dish stays really moist and juicy and it does not take any effort to shred it once it is cooked. You can serve this with cauliflower rice or paleo tortillas. Its nutritional content supports healthful skin, weight loss, and heart health. Chicken and bacon go so well together and using the slow cooker makes this such an easy dish to prepare, ideal if you have a busy day ahead. Just put the ingredients in the slow cooker and cook for 8 hours, then it only takes minutes to prepare a tasty meal. This recipe uses dried herbs which are ideal, but if you are not keen on this combination then just use a combination of your favorite herbs, such as dried parsley. This recipe gives you juicy and tender shredded chicken that is generously spiced with earthy cumin and has a gentle heat from the chilli powder, resulting in tasty and delicious meat to serve either on its own with some homemade guacamole, or served in lettuce leaves for a flavorful light lunch. The overall appearance can be brightened if you use different colored bell peppers. Just imagine walking into the house after a busy day and being greeted with the aroma of fresh herbs and balsamic chicken and knowing you have dinner all ready! This is definitely comfort food, full of amazing flavors, and easy to serve with a simple green salad or over some cauliflower rice for a warming and satisfying meal. The thyme in this recipe is perfect with the chicken and gives a lovely earthy flavor to the meat. This is a versatile recipe as far as the mushrooms go too, but the heavier, meatier mushrooms give a better result in a slow cooker.
