It provides not only information on causes of air pollution and related diseases but also measures you can take to maintain good health by breathing air free of harmful gases and particles. Eastern and Western Approach by Dr. This in turn will bring longevity, a part of the title of the book. A New Look at Vegetarianism: Vegetarians in general and vegans in particular should be concerned about balanced nutrition. Their children may require special attention to raise a healthy vegetarian family. You will find not only scientific theories about aging but their safe application to stay young. In Search of God: The God of Spirituality by Dr. God and spirit is no more another worldly belief in fate, luck, chance, or coincidence. The God is not in church, mosque or temple only that appears every Sunday. A Treasure of Great Spiritual Stories: Spirituality in Everyday Living by Dr. Learning spirituality is not simply philosophy and drama. It teaches us everyday behavior, whether controlling our tempers or appetites, or just watch TV. We learn spirituality the same way we learn math or play baseball -- through practice. All religions believe in the existence of SOUL in human body, but they differ in what happens after death. This manuscript searches for the truth. Art of Stress-free Living: The benefits of focusing on your spiritual-self include tranquility, increased production, resurgence of vitality, mental clarity and joy of living. Several independent studies on breathing are given that confirm the practitioners of breathing techniques not only experience physical and mental comfort, but discover cures for illnesses such as asthma. Not another diet and vigorous exercise or some nutrient, vitamin, hormone, and drug that I am promoting. With child obesity at national emergency levels that has involved first lady Michelle Obama now ; it is time to treat those fat, unhealthy, undisciplined, drug infested bodies with a technique that works. This book is here to help you with that.
