

1: Eric Clapton Sheet Music And Music Books At Sheet Music Plus

Eric Clapton: The Best of Eric Clapton Book with CD - Guitar TAB by Hal Leonard. Paperback. \$ (7 used & new offers) out of 5 stars 2.

Peabody Conservatory trained guitarist Steven Herron is available to answer questions and make recommendations that will help you become a better guitarist! Just call Toll-Free now!! Also includes a blues guitar jam track. Taught by Michael Casswell. Each Quick Licks DVD includes an arsenal of guitar licks in the style of your chosen artist to add to your repertoire, plus backing tracks to practice your new licks and techniques with. Learn the acoustic songs and solos of Eric Clapton! This DVD also features a guitar techniques section, jam-along songs and practice tips. Eight classic songs are taught note-for-note: Plus exclusive DVD bonus features: Learn the classic riffs and solos of Eric Clapton! This course is designed to focus your practice towards realistic goals achievable in six weeks. Each week provides you with techniques, concepts and licks to help you play and understand blues soloing at a manageable easy to follow pace. Three important licks in the style of a featured artist are taught each week to help you towards playing in real musical situations and develop an ear for the differences between players. If you have been frustrated or intimidated by other educational material then this course is for you! You will see the improvement as you work through each week taking small steps, occasionally looking back and being surprised by how far you have come. Practice can sometimes be difficult with the player often being unsure which material to work on. With the "Electric Blues in 6 Weeks" guitar course the material is presented to you in easy to absorb sections which progress in a sensible, logical order. Week four includes Eric Clapton: The A minor and pentatonic blues scale in the 2nd position, repetition of phrasing, call and response, simplifying licks, stretching the time, and three important licks in the style of Eric Clapton. Includes killer blues jam track! All guitar parts transcribed note-for-note from the original recordings. Notation, tab and lyrics Just follow the tab, listen to the CD to hear how the guitar should sound, and then play along using the separate backing tracks. The melody and lyrics are also included in the book in case you want to sing, or to simply help you follow along. The audio CD is playable on any CD player. For PC and Mac computer users, the CD is enhanced so you can adjust the recording to any tempo without changing pitch! Each book also includes a unique code that gets you access to online audio samples of all the music in the book. Just follow the tab, listen to the online audio to hear how the guitar should sound, and then play along using the separate backing tracks. The online audio is enhanced so you can adjust the recording to any tempo without changing pitch! Cross indexing makes this manual extremely easy to use and regardless of what style of music you play, we know you will find this to be a valuable, "must have" addition to your library.
