Area possibly settled up to c. Area settled up to BCE. Europe in the Early Middle Ages Medieval Christendom [30] [31] and the political power of the Papacy [32] [33] are also often cited as conducive to European integration and unity. The objective of the Congress was to settle the many issues arising from the French Revolutionary Wars , the Napoleonic Wars , and the dissolution of the Holy Roman Empire. A day will come when all nations on our continent will form a European brotherhood A day will come when we shall see During the interwar period , the consciousness that national markets in Europe were interdependent though confrontational, along with the observation of a larger and growing US market on the other side of the ocean, nourished the urge for the economic integration of the continent. In , the latter gave a speech in favour of a European Union before the assembly of the League of Nations , precursor of the United Nations. However, the Council focused primarily on values - human rights and democracy - rather than on economic or trade issues, and was always envisaged as a forum where sovereign governments could choose to work together, with no supra-national authority. It raised great hopes of further European integration, and there were fevered debates in the two years that followed as to how this could be achieved. But in , disappointed at what they saw as the lack of progress within the Council of Europe, six nations decided to go further and created the European Coal and Steel Community , which was declared to be "a first step in the federation of Europe". They also signed another pact creating the European Atomic Energy Community Euratom for co-operation in developing nuclear energy. Both treaties came into force in Euratom was to integrate sectors in nuclear energy while the EEC would develop a customs union among members. Nevertheless, in an agreement was reached and on 1 July the Merger Treaty created a single set of institutions for the three communities, which were collectively referred to as the European Communities. In , the first direct elections to the European Parliament were held. In , after the fall of the Eastern Bloc , the former East Germany became part of the Communities as part of a reunified Germany. Seven countries have since joined. With further enlargement planned to include the former communist states of Central and Eastern Europe, as well as Cyprus and Malta , the Copenhagen criteria for candidate members to join the EU were agreed upon in June The expansion of the EU introduced a new level of complexity and discord. In , euro banknotes and coins replaced national currencies in 12 of the member states. Since then, the eurozone has increased to encompass 19 countries. The euro currency became the second largest reserve currency in the world. The same year, Slovenia adopted the euro, [60] followed in by Cyprus and Malta , by Slovakia in , by Estonia.

Elias Akleh for Veterans Today By now all international media resources; newspapers, magazines, TV channels, and internet social media, are busy reporting the gruesome murder of Jamal Khashoggi; a Saudi reporter, who was loyal to the regime until he turned against Muhamad bin Salman MBS and his suppressive policies. Once MBS was announced crowned prince in and started his war against Yemen, critic Khashoggi found it safer for himself to leave Saudi Arabia. In his writings Khashoggi harshly criticized the policies of the young prince. Understanding Saudi culture and the practices of the Saudi royal family, one will come to the logical conclusion, supported by the events and evidences, that MBS has ordered the murder of Khashoggi. The Saudi royal family is notorious in assassination and sentencing to death all alleged criminals and political activists, who dare to criticize their policies. The streets of capital Riyadh have been the witness of so many public gruesome beheadings ; in , in , in and 73 in as of July Many European politicians and American senators called for halting the sale of weapons to the kingdom. Zionist Jewish terrorist groups and militias, similar to al-Qaeda and ISIS, had occupied Palestine in , perpetrated numerous massacres against civilian Palestinians, razed to the grounds hundreds of Palestinian towns, ethnically cleansed almost thousand Palestinians, and established a colonial state of Israel. In those Zionist Israeli Jews again perpetrated more war crimes and occupied the rest of Palestine, destroyed more towns, massacred more Palestinians and built more illegal colonies. Although these Israelis entered into peace treaty with the Palestinians they are still ethnically cleansing and murdering in cold blood Palestinians, usurping their land, and expanding and building more colonies in violation of all peace treaties and in violation of UNSC resolutions. Israeli crimes against Palestinians, as well as other Arab states such as Egypt, Jordan, Lebanon and Syria, have never stopped, but rather are increasing in number, in intensity and in ferocity. Nurturing this Jewish narcissistic belief are the encouragement, unconditional support, and the immunity and protection Israel enjoys from some western states, specifically the USA and UK, who brag about being champions of human rights, beacon of freedom and democracy, and holding the torch of justice for all. On top of those Israel has violated other resolutions regarding its occupation of Palestine. Israel is encouraged to continue its ethnic cleansing and massacre of Palestinians. The villagers are the Bedouin Jahalin tribe, who became homeless refugees after being forcefully expelled from their original village in the Negev in by the Israeli army. They rebuilt new homes and a local children school in Khan El-Ahmar under the Jordanian rule. At the present, Israel is in the process of demolishing the whole village in order to gain more land to expand its illegal Maale Adumim colony a short distance away. Palestinians are conducting daily sit-ins to prevent the demolition of the village and to prevent a second Nakba to its inhabitants. Israeli genocidal crime of Palestinian civilians is still an ongoing process. Israeli Jews consider Palestinians as the descendants of Amalekites; the worst enemy of ancient Israel. Jewish god ordered the Jews to wipe off Amalekites off the earth. This order is still ingrained in the Jewish psyche, who keep reminding their off springs of this order. On the walls of the holocaust memorial in the Hague hangs a plaque with a text in Dutch and Hebrew from Deuteronomy You shall not forget. Israel has turned Gaza Strip into the largest ever concentrated prison camp worst than Nazi concentration camps for its two million inhabitants; mostly refugees who were ethnically cleansed from Palestine during the Nakba. This march started on Friday 30th of last March and has been going on every Friday since then; so far, a total of 30 march attempts. Unfortunately, Israeli army snipers stood in their way, and have murdered in cold blood Palestinians including teen agers, women, paramedics and reporters, and had injured a total of 22, others causing a lot of limb amputations due to their use of the explosive hollow pointed bullets, poisonous gas and stun grenades. Yet, despite the obvious fact that Israel is the number one rogue state in the world, Nikki Nimrata Haley; the American ambassador to the UN, had the audacity to describe this Israeli army killing fields against civilians in Gaza as the most restrained army in the whole world. Yet, none of the self-proclaimed peace-loving justice-calling world leaders, media outlets, banking systems, investors and corporations, who boycotted Saudi

Davos in the Desert initiative as a reprimand to Saudi murder of one person; Jamal Khashoggi, have lifted a finger, uttered a word or boycotted Israel for the latest murder of hundred Palestinians nor for the razing of any Palestinian village. Are the lives of these hundreds of Palestinians, and the lives of hundreds of thousands who were murdered since , not worth one life of a Saudi reporter? There is no puzzle in this picture. International humanity is dead while hypocrisy is thriving and the ultimate goal and justification is money. The Saudi royal family is a filthy rich oppressive theocratic dictatorship, who had been protected in the past by the British and in the present by the American administration. For such protection the Saudi family has to pay and they pay dearly in different forms as in military weapons deals and economic privileges to foreign investing corporations. What goes for the case of Palestinian victims goes also for the Syrian and Yemeni victims. The world leaders and corporations who are milking Saudi Arabia are the same perpetrators committing, though covertly, war crimes against Syria and Yemen. Are we cheating ourselves and our children when we assert the fallacy that evil will be defeated and justice will always prevail at the end? Studying the history of Mankind, one discovers that those, who had the military power to assert their rights and their own form of justice even if they contradict the rights and justice of others had always prevailed, and those, who lacked military power had no chance to assert their own rights and had always perished. This proves that the rule of law, even the laws approved on internationally, is irrelevant, and that might is right still prevails in this world.
