*FENG YU JIU TIAN VOLUME 4 CHAPTER SUMMARY. Rong Tian is a sex addict. Ever since Feng Ming was allowed to step down from his bed, he had a common habit of sleeping together throughout the night.*

Feng Ming was suddenly startled. Feng Ming tossed his head aside. I fell into the river, scared myself half to death and forgot everything. Avoiding the question, Feng Ming changed the topic back his way, inquiring how he was at fault. His captor stood unmoved behind him, as he remained trapped. He calmed down within the hold to avoid the unwanted misunderstanding, to stop Rong Wang misinterpreting his actions. After realizing his struggles were sending out the wrong signals and worse, heading towards a direction, he froze on the spot. He stood stiff as a plank of wood in the arms of the King. The sudden quietness that washed over the feisty Feng Ming, surprised Rong Wang, his head tilting down to examine the bounty within his arms whom he should be most familiar with. However, he was mesmerized by a strange attraction the man emitted. At seventeen-year-old, one was already considered a grown man in Xi Rei. Until now, the Prince had always been vacant alike a clay figurine. However at this very moment, Rong Tian was amazed to find his clay figurine brought to life by the gods, and given a new soul. Even if he was a lowly assassin, compared to the original useless Prince, he was more likable, right? If a person does not confess, then molten iron will be poured on top. The younger man hit him as hard as he could. You can be the Prince if you want to. He is my little bird I keep caged within the confines of the palace and only heeding to my orders. This terrible man, clearly knew there was something wrong with me what is his reason to allow me to retain this identity? Regardless, the young man managed to survive the passing storm. Feng Ming let out a sigh of relief before reiterating the name. Well, hurry and let go of me. He laughed at the situation. Even if it was the real prince, he will be obedient and listen to me. You are just an evil shadow puppeteer stealing the throne, exploiting the Prince for your twisted lusts! You are well versed with words, rather cultured mouth you have there, I commend you. Oh my God, this man, he. The persistent tongue rendered him in a dumbstruck condition. His brain completely detached from the turn of events. This was all messed up. Rong Wang kindly released him for a moment, it only then it hit home to Feng Ming that he was kissing a man. Feng Ming decided to blame his shock for the kiss that happened as he stupidly stood like a doll. The odd response he received from Feng Ming, made him feel delighted. In many countries, assassins are trained strictly, including ones which would infiltrate by the means of a bed chamber. Learning important skills to ensure they can get close to their enemy. Rong Tian preferred that Feng Ming was inexperienced in that respect. Everything will be okay. Feng Ming sought to comfort himself He looked Rong Wang bitterly in the eyes, and he immediately retracted that thought. Add to the equation the embarrassing marks and bruises all over his own body, it was not hard to picture what was ahead for him. It was only seconds before he managed to scramble to the other side of his bed. Rong Wang was fascinated as he watched on, Feng Ming scrambled to clasp his hands around a silver jug. With the poor choice of weapon Feng Ming clutched both hands around the jar, ready for an attack, however in the next second his only protection loosened from his grip as he was unceremoniously thrown onto the soft bed. The poor Jug was readily thrown out of the window by Rong Tian. Feng Ming was pressing his luck, as he shot a warning glare to Rong Wang whilst baring his gritted teeth. What a joke, if he was going to be raped by a man, he was more than happy to be dead. His voice was magnetizing drawing him into his pace, "tell me your real name. Will it really be so? Feng Ming closed his eyes, measuring his situation and calculating the outcomes. Considering he already knew that he was a fake. With his mind made, Feng Ming opened his eyes and replied. He grieved for his destiny, knowing his body was too weak to put up a fight. He voluntarily closed his eyes and obliged to satisfy the tyrant as fast as he could. Concluding he was better off pretending that Rong Wang was a woman. Feng Ming closed his eyes, imagining he was with a girlfriend, eagerly delivering her his passion by deepening their kiss. And I felt bad for not touching the translations for a while Hence this happened That is all. S I really hate reading over things so typos ensue D A nice LJer pointed out her confusion about the names. Rong Wang is the same as Rong Tian. Wang is the chinese word for King. D No one sent me Feng Ming had difficulties regulating his breath under the clutches of the King s hands, his

own hands sought immediately to guard his throat. Still so hard headed Rong Wang's hold tightened, his hands stiffening as he showed how serious he was, nearly causing Feng Ming to fall under a fainting spell. Speak Where has the Prince gone How did you manage to sneak into the palace Are your associates within the palace his demands bombarded the fake. Feng Ming had just awoken, his body was impaired by physical fatigue, under such a forceful hold, let alone an appeal for justice, keeping his breathe was a difficult task, he could only manage a snort of defiance. Rong Wang was alert as he looked at Feng Ming, deciding he would not resort to killing the imposter, instead he sneered and relinquished his hold. Monitoring Feng Ming, who gasped like a fish out of water, his chest and airways panted desperately. With only a few mouthful of air to relieve his discomfort, his collar was firmly snatched ruthlessly in the man's hands. Be obedient and confess, and you will suffer less. Feng Ming stood his ground and angrily lashed out. What do you want me to confess he defended. Such a disloyal subject, treating a Prince in this manner My luck must be rotten to get stuck as a mere scapegoat. If it was possible, he wanted to dish another throw at Rong Wang's despicable face. Rong Wang fell silent as his expression darkened, he sized up his opponent for a short while, before finally releasing his grip on the collar. You say you're the Prince, what is your evidence he interrogated Feng Ming snapped and glared You accuse me of not being the Prince, what evidence do you have he countered. The Prince would never dare to speak like you towards me. Rong Wang paused for a moment, before asking. The Queen 39's birthday was last month, what did you send her as a gift Feng Ming drew a blank. How the hell was he to know what happened last month in these shoes His large eyes darted around as he struggled to weave an answer. I, as a Prince is thoroughly occupied each day, how am I meant to keep track of exactly what happened last month Rong Wang looked at Feng Ming strangely, making him fear what was to come. During the day before yesterday, the Prince and General Lin had a discussion, what was the topic he attacked again. Since it was a General, if the topic was not concerning the military then it would have been matters of the country, we had discussed some trivial matters as well. Rong Wang's head snapped back chortling. Feng Ming found the response rather discouraging. Rong Wang stopped smiling, as he re-focused on Feng Ming. The Prince never met with General Lin, considering this was just the day before yesterday surely you couldn't forget what happened Unbelievable he actually walked straight into such a simple trap Feng Ming cursed himself for his stupidity There is something else Rong Wang's eyes burned an eeriness his tall body gradually closed in on Feng Ming, an enormous air of oppressing befell the Prince. His Royal Highness, has been addressing himself as the Prince, a practice that the real Prince doesn't carry out in his every day speech patterns. It couldn't be Without warning, a wet tongue flicked at the curve of Feng Ming's ear. Could the Prince forget his own name Feng Ming couldn't stand the proximity of the King, consciously backing away in retreat but immediately struggled, as Rong Wang's arms firmly embraced and imprisoned him. Now be a good boy and tell me where the Prince is, tell me everything that you know, otherwise your beautiful body might not be able to tolerate my punishment. Their bodies were entwined together forcefully by the older man, their bodies intimately against each other, using a gentle tone to deliver a cruel threat. What is so strange that one would forget their name I fell into the river, scared myself half to death and forgot everything. The thought of being thrown into a prison to be punished and tortured did elicit fear in Feng Ming's heart. From head to toe, which part of me isn't the Prince he scoffed. Heh heh, Rong Wang darkly chuckled at the comment, before tearing open Feng Ming's clothes at the collar, nodding upon inspection. Correct, you are a fine imitation these scars and bruises are strikingly similar, rather impressive Slender fingers brushed the enticing delicate skin and began their course of brazen strokes. Let go Feeling his dangerous predicament, Feng Ming stiffened, twisting his body in an attempt to escape the King's violation. Are you trying to seduce me Rong Wang's voice was low and hoarse, flirting with his prey by blowing into Feng Ming's ear, tickling him. No, no Absolutely not defended the Prince. Feng Ming was a modern youth, he wasn't completely ignorant about sex and all things related. At seventeen year old, one was already considered a grown man in Xi Rei. Even if he was a lowly assassin, compared to the original useless Prince, he was more likable, right If I had you tossed into jail, you wouldn't be able to survive one night of torture.

Ruo yan also aware of there was something wrong, pulled Feng ming from the inner side of the bed to his side, grabbed his wrist and yelled: Ruo yan shocked, quickly let go. Miao guan covered her mouth to prevent the scream. Feng ming already fainted. Miao guang stretched out his head to looked at them. That most beautiful woman not even as good looking as you, i will not go see her. If you still crying, he will mock you. Yi Ren had finished boiling the medicine, brought over, Ruo yan took the bowl, " Feng ming, here, drink the medicine. Ruo yan and Miao guang looked at each other. They only could think of Fu yan poison. Ruo yan persuaded Feng ming, " If you obediently drink the medicine, then the poison will disappear. Yi ren spoke in a low voice, " It looked like he is being over-shocked, it confused his mind. Just need to wait for Brother King to prepare, then we can bring Duke ming to attack Xi rei. When in the worse condition, Miao guang became Chiu lan, Ruo yan became Rong tian, Feng ming would smile while sunbathing outside, say something meaningless nonsense with Ruo yan, bitter medicine, after a little persuasion, still would drink them. Last time they were naughty, unconsciously smashed at the agate boat you gave to me. Let Chiu yue and Chiu xing come back. Along being caught with

the twin is a man named Lie er, this person is extremely cunning, last month he was succeed to ran away. This Lie er is the same with his brother following Rong tian since childhood, i heard they had done a lot of merit for Rong tian, have a powerful role. If you ever like this again, i will punish you to drink even more bitter medicine. After he finished his work, he will come to see you. Also will come back, right? Ruo yan glanced at Miao guang that looked hesitant. Hugged Feng ming to the bed, ordered Chiu yue Chiu xing, " Bring here the medicine from the side of the house, feed Feng ming to drink. Ruo yan after thinking for a moment, laughed nonchalantly, " Escaped and then what? Rong tian had died, only two mere thieves will not give any changes. Only for Feng ming we must find a way to persuade him. But he faintly hoped to never expose this seemingly childish trick. Feng ming, what could you do? Within the chamber, Feng ming had already been persuaded by Chiu yue Chiu xing to drink the bitter medicine and fell asleep. If I can not pay you with my life, then, my life will belong to Xi reiPiece of land you love and you have. Ruo yan turned his head, looked at Chiu yue. Outside the door, had already stood six maid that responsible for monitoring them. You two will serve in the palace, outside the palace door, we will take over. What should we do if they are not allowing us to serve Duke Ming anymore? Quietly opened the door of the palace, Chiu yue peeked in. Feng ming still dreaming, sleep soundly. These people never served Feng ming, how cpuld they know how to wake Feng ming up? They must be very rude when waking him up. After wetting and dry rubbed the towel, slowly showing trace of heat. Dark eyes, still hidden under long lashes. Ruo yan also found it interesting.

The army still on the journey, Feng ming sat quietly on the huge tent, only by feeling the heavy scroll wheel he could know that they are being moved. Seeing the danger approaching Xi Rei day by day, while he was helpless. He wanted to use bomb, but where could he found the tools to make the bomb? Since Miao Guang provided a dress that was being used by him as a parachute to escape, Ruo yan refused to provide any strange things he requested. He wanted to use trick, but for deep scheming imperial like Ruo yan, there was no winning possibility from any kind of trick. If only he got a gun in his hand. Feng ming deeply understand the importance of science and crystallization. Ruo yan coldly looked at Feng ming that stayed so quiet, Ruo yan secretly saw how long he could endure. He knew Feng ming was secretly thinking of a way. Duke Ming is so knowledgeable, then are you figuring out any way to save Xi Rei? They will definitely give the way to facilitate Li King, in order to obtain safety. If Xi Rei disappear, Yong yin will not safe either. This moment they must work together with Xi Rei to against Li Kingdom to have a chance to survive, what a pity! Short-sighted, muddle-headed King! Yet inside his mind was planning something: Xi Rei and Li Kingdom were the two greatest and most powerful kingdoms, when Xi Rei being exterminated, Li troops would be undefeated, that time, was like repeated the same history of the Qing Kingdom to unify 6 kingdoms. Anyway, it was all because of those small and weak countries were coward, refused to unite, if this continued, after all, they would inevitably be eliminated one by one. Feng ming secretly looked at Ruo yan, such a dignified emperor figure, majesty, compared to Rong tian really not much difference, but his eyes showed coldness, most probably would be a tyrant in the future. Anxiously, like poisonous fire burnt up his heart. For resisting the invading of Li troops, the best way was to join forces with Yong Yin King, Xi Rei and Yong yin join army wait across the river. Took over the location. With that, Li troops would loss many soldiers when crossing the river. I looked from afar, he is a young man with a sharp nose. What a pity, i only playing around at that time and not doing the job properly, if i know today will come, i will make some relations and adding some insights. After deep-thought for a moment, suddenly frowned, there was something faintly hidden in the brain. There seemed like something was wrong. Feng ming attentively reflected, it must be somewhere missed. The heart beating so fast, he knew that some difficult problem would be solved soon. He tried to think, foolishly sat for a long while, his eyes suddenly sparkled. Chiu yue and Chiu xing shocked, looked at each other. Ruo yan ah Ruo yan, you also will have tasted the bitter fruit of your arrogant self. The soldiers shouted, "Assassins! Chiu yue, go check it out. Only when Ruo yan cam in, the curtain will be opened for a while, revealing a little earthy outside. But gradually, even the slightest sound had disappeared. The curtain immediately being lifted, Ruo yan walked in. Ruo yan came closer, pulled Feng ming over and kissed a couple times, smiled coldly," Just a few sneaky little thieves wanted to save their Duke Ming, heh! Wheels were still heavy and slow rolling. Still had one day to arrive at Ah man river. Solved the one last mystery, in order to the whole plot. Ruo yan sat up on the bed, lower his voice asked, "Ask the people nearby, where are the ships gone. He was indeed the King of Li kingdom, took a deep breath, he had already calmed down, thought for a moment, hi dangerously looked at Feng ming," Excuse me, Duke Ming, what are you plotting inside? Even a small country needed to unite against the big enemy. Ruo yan suddenly gripped his fists, walked step by step to Feng ming, his eyes shone terribly. Feng ming knew that he was powerless to resist, only could smile wryly. The clear eyes looked at Ruo yan, showed a slightly trace of mockery. Your existence, will affect the fighting. They will certainly served Duke Ming properly. As Feng ming expected, Li troops arrived at Ah Man riverside, no ships no woods, only could settle there, shipping the woods and build the ships, fortunately Li troops was powerful, even stationed in the river, no one dare to invade the territory, only suffered a little disturbance. Ruo yan rolled his eyes, laughed, "Duke ming must know the across the river hidden the Xi Rei troops, heh! Tomorrow morning, i will bring Duke ming to meet those Xi Rei people that so looking forward to see you. The soldiers neatly paving the way, letting two line of horses appeared from the crowd. Long live

the Great King! You immediately surrender, make Xi Rei surrender, i will let you live. The expression when he looked at Feng ming was something Feng ming so unfamiliar for. The affectionate that he expected, excited, distressed, struggle, not even appeared for the slightest. Rong tian strangely asked, " Who is he? A red shadow grazing. It was the horse that Rong tian gave him as a gift. The ear kept hearing the most sad sound of a zither string snapped sound. Feng ming speechless, opened his eyes to see everything in front of him. The beauty woman in red, just on the other side together with Rong tian, without words, already knew the love was so strong. The loud voices, it seemed Mei ji not only had saved the Rong tian that seriously injured and lost memory, also secretly accompanied Rong tian back to Xi Rei, had been appointed as Queen. Ruo yan slightly smiled, ordered," Landed. Which some of the arrows actually pointed toward Rong tian and Feng ming. Feng ming looked at the incoming arrow, unblinking his eyes, not escape. The river wind brought upon the incoming arrows, blowing his hair, waved the sleeves, like a god in heaven, not fear of the weapon. Ruo yan waved his sword, cast out all the arrows that shot at Feng ming, raise his head and laughed loudly. Ruo yan back to the other riverside camp, told the situation to Miao guang and the other generals. He failed to use Feng ming as a bait to make Rong tian surrender, but he came back with joyous smile. Wait after he think clearly, he will obediently stay by my side. Hahaha, My Li Kingdom can have such a great arm, no need to worry unified each kingdom. Such a situation, i decided to Although hi was arrogant, but not stupid, under the measure of the situation, knowing that long-term war was unhelpful. Just when he wanted to speak "Retreat the army", suddenly there was someone reported from outside. You can take Duke ming to see me. Miao guang sat in the tent, sipped her lips and kept silent, seemed to think at something. Outside the tent, the soldiers were practicing, some people were resting. Especially for the soldiers that saw Rong tian being shot down by Ruo yan into the rapids with their own eyes, without the blessing of God, how could Xi Rei King brought back to life after that terrible attack? This battle, perhaps there was no chance of winning. The three people in the tent were all in a deep thought, there were footsteps sound approaching, the curtain being lifted, Feng ming walked in. His face was pale, his step is not very stable, he walked very slow. Ruo yan understood, his hand was probably still just as cold as just then. Being provoked by Rong tian, Feng ming would certainly got a serious illness. Miao guang had already told the military doctor to give the sedative drug, just in case. His voice was deep, like hidden in the faint sound of stone, seemed like he already made up his mind. Duke ming was heart broken inside, from love became hate, to revenge to Xi rei. Ruo yan also quietly stared at Feng ming. Battle on the river, one side was expert in water war one side was not expert in water war, this situation had appeared in a famous battle. One side has a strong troops but the soldiers was poor at water war, to cross the river, you can connect all ships with iron chain Ruo yan not having faith with Duke ming, giving the reverse direction of the arrow, without the slightest old feeling, Duke ming was submitted to Li Kingdom, truly wise. Rong tian can give you everything, i will redouble give it to you, everything you want, i will give them to you.

The living room of Earth Moon tribal leader was always filled with burning incense aroma, which made others feel relaxed. Feng Ming was feeling regretful and not willing to wake up. On this very thought, he simply decided not to open his eyes. Chiu Xing, you should not give false information. Alas, it has been a few days already. Do you think Duke Ming will ever wake up? It seems the bandages wrapped around the body were messed up, and now shaped like an octopus. They blushed and let go of him before taking two steps away. Feng Ming was breathless after they hugged and unconsciously shook him in the process. However, His Majesty would not allow her to go as it would be too much trouble. Just the two of you were enough trouble as it is. Although, the question his heart really wanted to ask was not easily commuted to them. He giggled and asked: Feng Ming cursed himself for his foolishness, reminded that he needed to give Rong Tian a few punches when he sees the man, given that Rong Tian had failed to protect him as promised. Feng Ming cried aloud a few times before falling back on the bed. The King will arrive soon. His Majesty was also wounded by an arrow when he was ambushed in Bo Jian. The wound has not healed, but he was still determined to sneak into Li Kingdom regardless of the danger. Who would he do it for if it is not for Duke Ming? He then knew something was better left unsaid. Chiu Xing stuck out her tongue and was quiet for once. Why is Rong Tian still not leaving there? Did he want me to be distressed? If that was the case, Your Grace would not find a place to recuperate. The Li Kingdom border is also tight in security. Hence, to leave the country would be difficult. The only safest and comfortable place is here. how could I actually want to punish him? They all thought of one thing: First thing first, that is nursing Your Grace to get well again. Duke Ming first must be healed and soon, we will be able to return to Xi-Rei. Chiu Xing, come here and help me. Be careful or the King will cut out your tongue. Many would dream of coveting him.
