

1: The Dominican Republic: A National History by Frank Moya-Pons () Pdf Book ePub - www.enganchecul

The Dominican Republic, A National History, by Dominican prominent historian Frank Moya Pons is the best history of the Dominican Republic available in English today.

Use this short reading list, compiled by Cabarete Language Institute, to paint you a fuller picture of the balmy island state. With references ranging from the Dominican concept of Fuku a curse to Dr. Even if you only get half of what this story is about and the various references, it is worth the read. This is fictionalized history at its best with three stories woven throughout the novel, including the gripping account of how the assassination of Trujillo by former loyalist was planned and eventually carried out. The interwoven story of sex and power will not only bring out the raging feminist in you, but might even shed some light on how contemporary Dominican men tend to treat women. In *The Time of the Butterflies* by Julia Alvarez Set during the last days of the Trujillo dictatorship in the Dominican Republic, three young sisters, members of a conservative, pious Catholic family, who had become committed to the revolutionary overthrow of the regime, were ambushed and assassinated as they drove back from visiting their jailed husbands. Thus martyred, the Mirabal sisters have become mythical figures in their country, where they are known as Las Mariposas the butterflies, from their underground code names. Alvarez, a Dominican-American, has fictionalized their story in a narrative that starts slowly but builds to a gripping intensity. Each of the girls—Patria, Minerva and Maria Terese Mate Mirabal—speaks in her own voice, beginning from their childhood in the s; their surviving sister, Dede, frames the narrative with her own tale of suffering and dedication to their memory. Alvarez captures the terrorized atmosphere of a police state, in which people live under the sword of terrible fear and atrocities cannot be acknowledged. From Publishers Weekly 4. *The Last Voyage of Columbus: What is with all this killing stuff anyway Bill? One guy who definitely did a lot of killing was Columbus. He wrote A Short Account of the Destruction of the Indies in , a shocking catalog of mass slaughter, torture, and slavery, which showed that the evangelizing vision of Columbus had descended into genocide. Power to the people! A Novel James by A. A National History by Frank Moya Pons Not exactly light reading but the authoritative academic history of the Dominican Republic from pre-history to the modern democratic era. Why the Cocks Fight: While my heart naturally holds a soft spot for the Dominican Republic, here are a few of my favorite reads on Haiti. A Letter from Haiti by Amy Wilentz. Anything the highly-acclaimed American journalist covering Haiti writes is worth checking out, including her blog. Her latest book as of this post is Farewell, Fred Voodoo: While she paints a pretty bleak picture of the futility of so much of the Haitian rescue and rebuilding effort, her conversations with celebrities like Paul Farmer and Sean Penn are quite entertaining and elucidating. Penn spent months living in a tent getting down and dirty in the relief effort and is now Ambassador at large for Haiti. Kudos to you Sean. What can I say, when you learn about the community devoted to helping Haitians you will laugh, you will cry. These books will now doubt wet your appetite for traveling to the Dominican Republic. 2: Frank Moya Pons - Wikipedia

Great history about the Dominican Republic. Dominican history is complex and the Dominican people are currently a mixture of the various people who populated the island in the past. Every Dominican should read this book and everyone who is interested in Dominican and Latin American history.

Caudillos and Empires V. The Idea of the Nation: Order and Progress VI. Religious Practices XI. The Dominican Diaspora Suggestions for Further Reading Acknowledgment of Copyrights and Sources Index "The best available collection of writing in English for anyone wanting a broad and varied introduction to Dominican history, politics and culture. They blend and merge important and formative events and actors that make up the formal history of the Dominican Republic with accounts designed to help readers understand the Dominican character and bases for social norms. The dozens of essays and accounts some from contributors more familiar to casual readers, some less familiar , with an appropriate apportioning of emphases on nations influential in Dominican affairs such as the US , complete a historiography that is both challenging and insightful. In a collection of different tiles in the Dominican mosaic, nothing is really trivial here. Upper-level undergraduates and above. Over suggested readings point the way to further explore an island in the Caribbean whose history, culture and politics have much to say about the human condition there and elsewhere. That is not a bad achievement for a book clearly aimed at an undergraduate reader and held together with essays that illuminate the texts presented to its audience. Ledgister, Caribbean Quarterly "The Dominican Republic Reader represents the most thought-provoking and interdisciplinary volume offered thus far to an English-speaking [audience]. It is a must for any university library, as well as a much-needed addition to any class dedicated to the study of Hispaniola, the Spanish Caribbean, or Dominicans in the United States. An excellent choice of brief texts makes this an attractive reader for undergraduate courses on the Caribbean. A very welcome arrival for college and graduate courses.
