

## 1: The Garden of Eden (V.C. Woodhull): Revelation

*Gardens of Revelation: Environments by Visionary Artists [John Beardsley] on [www.enganchecubano.com](http://www.enganchecubano.com) \*FREE\* shipping on qualifying offers. John Beardsley tells the story of about twenty-five visionary environments and the fiercely independent individuals who have created them in the course of the last century.*

The curse “As the judgments associated with the Second Coming of Christ are depicted in dramatic fashion in three visions seals, trumpets, and bowls, possibly heaven is depicted in dramatic fashion in three OT metaphors: The Garden of Eden, This was an OT theme, a recreated earth cf. All believers are citizens of this new Kingdom cf. A parallel theological concept would be the "city of God not made with human hands" of Heb. The new creation will be like the initial creation. Heaven may be a restored Garden of Eden. God, mankind, the animals, and all natural creation will fellowship and rejoice again! The Bible begins with God, mankind, and the animals in perfect fellowship in a garden cf. The Bible ends with God and mankind in a garden setting cf. Revelation and by prophetic implication, the animals cf. Believers are not going to heaven; the new Jerusalem is coming down out of heaven cf. God and mankind are together again cf. I like 1 best. This new Jerusalem is first mentioned in 3: This shows how John took OT prophecies, terms, titles, and promises and applied them to the new people of God. This city is not the old covenant Jerusalem in Palestine as some millennialists have assumed, but the new covenant heavenly Jerusalem. Apocalyptic language is very fluid and should not be structured chronologically, logically, or literally. In these last chapters several metaphors are used to describe the people of God: The new age will be a time of joy, peace, wholeness, and praise! I am the Alpha and the Omega, the beginning and the end. I will give to the one who thirsts from the spring of the water of life without cost. See fuller note at This refers to the new age of the Spirit, the age of the Messiah, the age of righteousness, which Jesus inaugurated at His first coming and will consummate at His second coming. Often God is described as "righteous and true" cf. The Hebrew thought behind this Greek phrase would imply trustworthiness. It is another example of the NT authors applying titles for God to the Son. The invitation is for everyone and it is absolutely free cf. What a tremendous invitation from God Himself of the availability of forgiveness. In the OT springs of water are often associated with God providing for the spiritual needs of mankind cf. This phrase occurs throughout the letters to the seven churches cf. See Special Topic on Perseverance at 2: The series of wicked apostates cf. The concept of covenant is probably the unifying theme of the Bible. Mankind has been alienated from God cf. Mankind cannot find God. God reaches out for us; God is pursuing us! His offer of reunion is one of covenant. The Old Covenant had requirements; so does the New cf. Mankind must respond both initially and continually in faith, repentance, obedience, service, worship, and perseverance. This is not to say that some believers have not committed these sins but that their lives are not characterized by these sins cf. This seems to be a literary technique to show the eternal difference between the saved and the lost or an aspect of apocalyptic drama repeated for emphasis. Where Are the Dead? Her brilliance was like a very costly stone, as a stone of crystal-clear jasper. There is a tradition in rabbinical Judaism that there are seven Angels of the Presence who serve God. Here, there is one angel for each plague. However, John alludes to many OT passages, so here he may be referring to the mysterious northern mountain where God lives cf. The earthly sinful Jerusalem was discussed in Like all of the book of Revelation, this chapter is symbolic. Literal jewels and a fantastic ancient city may be good metaphors, but they are not ultimate reality! Heaven is really both a person Jesus, and a place for fellowship with the Triune God. The number "twelve" occurs again and again in the remainder of this chapter and the first few verses of chapter Here, it is very important to note that the OT people of God, described as gates in v. There has always been only one people of God, but this mystery was not clearly revealed until the gospel cf. Many commentators have asserted that this verse shows that the author cannot have been John the Apostle. However, Paul uses a similar phrase in Eph. The first foundation stone was jasper; the second, sapphire; the third, chalcedony; the fourth, emerald; the fifth, sardonyx; the sixth, sardius; the seventh, chrysolite; the eighth, beryl; the ninth, topaz; the tenth, chrysoprase; the eleventh, jacinth; the twelfth, amethyst. And the street of the city was pure gold, like transparent glass. The end-time prophecy of Ezekiel 40 also involves measuring. The reason that

there is no temple cf. This was not unusual because the names of ancient stones changed from country to country and century to century. It goes back to the rabbinical traditions of the Talmud, "the Sanhedrin" a, which states that the end-time city gates would be made out of a single stone 45 feet tall. This same concept of a temple in heaven is revealed in the book of Hebrews cf. Names for Deity at 1: Notice His close connection with the Lamb of Revelation 5. They reign together and there is only one throne cf. This is possibly a way of emphatically rejecting astral worship. It may simply be an OT allusion to Ps. It is not literal, but literary! It represents all the peoples from all the tribes and nations who make up the people of God. The concept of darkness in the Bible is often a metaphor for evil cf. Light and dark were especially important symbolic theological contrasts for John cf. The gates never close symbolizing openness, availability, no fear of attack. The new age is characterized in the lighter, open city, a city of complete righteousness. There is no evil present! On either side of the river was the tree of life, bearing twelve kinds of fruit, yielding its fruit every month; and the leaves of the tree were for the healing of the nations. The concept of a river flowing from the presence of God is an allusion to the OT cf. Water is a common metaphor referring to God abundantly supplying the spiritual needs of His people cf. This is anthropomorphic language from ancient eastern royal court imagery. God is an eternal spirit; He does not sit on a physical throne. It is a metaphor of His sovereign rule. This whole vision is from Ezek. There are many references in Jewish apocalyptic literature to the tree of life found in Gen. That which Adam forfeited from God fellowship, knowledge, eternal life, God now freely gives to redeemed mankind cf. However, this may simply be a quote from Ezek. The new age has come and the curse of the OT cf. In Revelation the crystal sea of 4: Fallen mankind could not approach God, but now the sea is removed cf. It is possible that the term represents the Hebrew charam, meaning destroyed or totally destroyed cf. If this is the OT allusion, then this verse refers to the security of the new Jerusalem and would be similar to the promises of I Pet. There is one throne, but two on it i. However, the servants serve "Him" singular. This involves the mystery of monotheism and incarnation. One God, but also a divine Messiah and a personal Holy Spirit. Seeing God or dwelling with God are rewards to those who are pure cf. The original intimacy intended in Eden has been fully restored cf. It was a symbol of ownership and security. See note at 7:

*To ask other readers questions about Gardens Of Revelation, please sign up. Be the first to ask a question about Gardens Of Revelation This is an unusual book in that it explores, in detail, the various yard and garden artworks made by non-professionals throughout the world. If you have seen gardens.*

On face value it seems that the Earth is going to go through a tremendous testing time involving much devastation and death before the New Jerusalem can come into being. It was the stage in our development when the seventh chakras were about to open for my husband and myself, and here was this book comparing the literal story of Revelations to a more personal description of what happens to us in the Spiritualising process as the first seven chakras open. We have learned that the story of Revelations can be interpreted on three levels: Reading it again this year, , we have at last been able to piece it together “ with surprising results. Right from the beginning we have kept a chart of the various stages involved in this Spiritualising process. Jim and I progressed at exactly the same rate but attained each stage in entirely different ways “ letting us see that there is not just ONE way to achieve this. Often we did not recognise the symbology used for the various happenings but faithfully recording them just the same “ it was only when I read Revelations this year that I understood what the various terms meant: The negative 10th chakra finally closed down on the 8th Feb which heralds an alignment of the four lower bodies; the physical, etheric, emotional and mental - that activates the Christ energy point in a 5th body, the Christ Body which merges around the physical body in its protective energy bubble. The 6th April that year heralded the activation of the 11th chakra and the merging of the 6th body, known as the Causal Body. Then twelve days later the 12th chakra was activated creating the 7th body “ known as the I Am Body, to merge. It was also that month that the first of our Spiritual Development classes began, involving the week course for Level 1 “ our World Task was commencing, although we did not know that at the time! We were once again led back to learning about the book of Revelations and on the 16th a message came through to our learning group: I come to tell you that the information you seek about the book of Revelations will help you all greatly. You have been learning about the perfecting of the human body “ all of you are on the way to attaining this. Even with the human body, physical birth is actually the END of a seven-year cycle preparing the Spirit for a new life. Then the next three bodies: Etheric, Emotional and Mental take seven years each to come into maturity. At age 21 we are the perfect energy package to then stand on our own two Spiritual feet and start our Spiritual quest, having been shaped and moulded by our physical experiences “ whether they were positive OR negative. The next three and a half years of our development, from till , involved much physical, emotional and mental work. It also included removing the magnetic field from either side of the spine and around the energy bubble in order for the kundalini energy to rise. That then started a whole new process of filling with the Fluid of Life and producing what They called the Light Being Egg, then the eventual emergence of the Light Being. Later a Divine Egg and a Divine Being. At the half-way mark we were led to truly understand the story of Genesis in the Bible; that the Garden of Eden was a state of mind. That man is influenced by TWO Gods initially “ one of this dimension of Earth whose influence we must grow away from, and the Creator God who is always drawing us on, helping us to find Him while here on Earth. Physically, we had to overcome every negative facet of our natures, which included overcoming every fear we had regarding money and security “ a very challenging time! Our bodies were also being worked on, and all past memory of illness being wiped from our cells “ that involved a deal of physical discomfort. The second half of this seven-year spell was much easier. A lot of the predictions started coming true, we also changed our place of residence and went to live at our promised Eden, creating a wonderful meeting place for our classes “ which were now on three levels and had attracted several hundred people over the years. Our family were all taken care of, just as promised, leaving us completely free to carry on our work. Abundance started flowing in from all sides and peace was established in our hearts. There were still challenges, of course, but they were more easily dealt with, for we realised now that each one was a learning process “ not a PROBLEM any more. Over the years of and we realised that we were undergoing an initiation process. We commenced the 8th Body by activating the 13th, 14th and 15th chakras, and on the 29th

July we were told that we were now onto our Universal Task – the third stage. The World Task involved our service to humanity with our free development classes. This next stage, I feel, is picking up the threads of our Spiritual Development where we left off prior to agreeing to come here; much training had to be involved to allow us to undertake this next level. Finally, over the last few months we have been led to learn as much about Nature, the human body, the mind, and the brain parts and functions in order to understand the mystery of the Trees in the Garden – as portrayed in the story of the Garden of Eden. On the higher level of understanding this book I believe that it tells us in symbolical terms about the role of the chakras and the rising of the kundalini; the parts of the brain that are activated in the process; and subsequently the parts of the body that are transformed in this attaining of a heavenly state while here on Earth. I also believe that those who are READY are about to experience this transformation to act as way-showers for all the other Light Beings - who will also achieve this state of being within the next eleven years. It is what we have come to Earth to do! It would be helpful to have The Book of Revelations handy so that you can more readily associate with what follows. This book is the record of the events that Jesus Christ revealed. God gave him this revelation in order to show his servants what must happen very soon. Christ made these things known to his servant John by sending his angel to him, and John has told all that he has seen. This is his report concerning the message from God and the truth revealed by Jesus Christ. Happy is the one who reads this book, and happy are those who listen to the words of the prophetic message and obey what is written in this book! For the time is near when all these things will happen. In chapter 2 the seven stars are the Truths from the angels that come to help us in this transformation process, they help us with visions and it is up to us to interpret those visions in relation to the experiences we have had. The seven lampstands are the crowns of the 7 bodies, located in the brain. The seven churches represent the seven qualities of the bodies that must be attained before Divinity can be achieved. Hard work spiritual and patience, perseverance. Recognising your weaknesses and turning away from them. To endure suffering – whether that be physical or mental, and to GAIN from the experiencing. To raise our moral standards and not be swayed by the physical world. To develop our Spiritual awareness to Divinity. To attain the Opening of the Door that cannot be closed. When Dorothy talks about the 7th step she quotes a couple of pieces about the 7th chakra from the Eastern teachings: When the pupil keeps the crystallized spirit fixed within the cave of energy the brain, and, at the same time, lets great quietness hold sway, then out of the obscure darkness a something develops from the nothingness, that is, the Golden Flower of the great One appears. This is actually to do with the opening of the 7th Seal, rather than the 7th chakra. Because of the crystallization of the spirit, a hundred-fold splendour shines forth. The Golden Flower is the crown of Revelation. One was a dolphin – which is about consciously breathing in manna. Chapter 4, verses 2 to 8: At once I was in the Spirit, and lo, a throne stood in heaven, with one seated on the throne! And he who sat there appeared like jasper and carnelian, and round the throne was a rainbow that looked like an emerald. Round the throne were twenty-four thrones and seated on the thrones were twenty-four elders, clad in white garments, with golden crowns upon their heads. From the throne issued flashes of lightning, and voices and peals of thunder, and before the throne burn seven torches of fire, which are the seven spirits of God; and before the throne there is as it were a sea of glass, like crystal. And round the throne, on each side of the throne, are four living creatures, full of eyes in front and behind: And the four living creatures, each of them with six wings, are full of eyes all round and within. When you understand that each stone mentioned has a certain quality, and with knowledge of Shamanism you learn that animals also have certain qualities – this piece becomes very much easier to interpret. She states that Charles Fillmore describes that to reach superconsciousness we must develop 12 centres. He calls them centres of action and they are situated in the body at ganglionic centres, with the I AM on His throne in or on the top of the head. As we grow in consciousness these 12 powers are developed and are in perfect balance when we reach our goal of Oneness. He suggests that the 24 thrones represent these 12 powers, and their opposites – which we have to overcome in order to attain. He then likens the names of the 12 disciples and their respective qualities in the Bible as being the qualities that WE attain on the way to Oneness. We agree with that as being the things you have to achieve as you activate the chakra system involved with the 7 bodies. However, on the higher level, we learned about the central nervous system, which does not exist in isolation: In all there are 43 pairs of nerves

joining the central nervous system with everything else. Of this number 12 pairs total 24 go to and from the brain itself. These 12 pairs are directly involved in this Divining process. The lightning and thunder, I believe, is to represent the huge power that is involved in this. The 7 lighted torches - our 7 bodies, all perfected. The sea of glass like crystal "our ability to bring into physicality that which is our Spiritual belief. And the four creatures represent the four stages we achieve in the balancing of the four lower bodies: OX "unaware man, the plodder. MAN "coming into the realization of our Abilities. LION "aware man. The Spiritual force is in the medulla oblongata at the base of the skull and is connected with the centre of the forehead which, when that point is activated, causes the aspirant to become all seeing, all knowing, all-powerful. He describes it as a luminous sun, with a dark round spot inside it and a star inside the dark spot that can be seen when there is concentration on the third eye. The third eye, when opened indicates that the pituitary and pineal glands have joined forces. Situated at the front of the head. The precise motor area, which controls muscular movement, is only a narrow band of cortex at the back of this lobe. The band moves from the side of each lobe up to the top and down into the central fissure between each hemisphere. Each region of the body is linked with a part of this band. Stimulation of any portion of the band will always cause a muscle, even a particular muscle, to twitch in response in the appropriate bodily region. Progressing along the band from each side of the brain to the centre, the bodily areas involved are the mouth, including speech, the face, eye, neck, thumb, fingers, hand, wrist, elbow, shoulder, trunk, hip, knee, ankle and toes "in that order. The amount of band involved is certainly not proportional to the size of the body controlled by it; the hands and fingers use as much of the band as the remainder of the arms plus the legs and trunk. Digital skill is correspondingly more advanced. In front of this motor band lies the pre-motor area. Its stimulation does not ever lead to the twitching of a single muscle, but to a more co-ordinated movement of a whole area.

### 3: Gardens Of Revelation: Environments By Visionary Artists by John Beardsley

*Gardens of Revelation: Environments by Visionary Artists (How Artists See) [John Beardsley] on [www.enganchecubano.com](http://www.enganchecubano.com) \*FREE\* shipping on qualifying offers. With incisive intelligence and beguiling prose, John Beardsley tells the story of about twenty-five visionary environments and the fiercely independent individuals who have created them in the course of the last century.*

At the end of the Bible is its counterpart, the heavenly Eden Revelation This heavenly Eden was the final vision that John saw. Its water was the water of life. Along the river banks, on either side, grew the tree of life. The tree bore twelve kinds of fruits. Every month it bore fruit. The river which John saw, however, was not a river of earthly water, but of "the water of life" Revelation Water of Life Jesus spoke to the woman at the well about this "living water" John 4: On another occasion, when Jesus spoke of this "living water" John interpreted it to mean the gift of the Holy Spirit John 7: Flowed from the Lamb God is "the fountain of living waters" Jeremiah 2: The Holy Spirit is given to us as a downpayment or guarantee of eternal life Ephesians 1: On the banks of the river grows the tree of life. This street therefore gives access to the tree of life and to the water of life. The life of faith and obedience to Christ is called "the Way" Acts He is the way, the truth, and the life John Only when man sinned was he denied access to the tree of life Genesis 3: Through Jesus Christ we regain access to eternal life Romans 6: Twelve fruits, healing leaves The tree bears fruit 12 months of the year, and 12 kinds at that. Even its leaves give healing. We can walk to the river and pick from the tree. This is the Everything Tree, the Forever Tree. It is the living God, the giving God, the forgiving God. Why did they eat the fruit God had forbidden?

### 4: No. Gardens of Revelation

*What is represented in these gardens is implied by the other term: revelation. A revelation is both something revealed and the act of revealing; in the case of these environments, something revealed to the artist and something revealed by the artist to us.*

Posted on April 18, by Lift the Cross of Jesus! Ron and Diddie Rush, a couple with a great big heart for God and for people. With Easter Sunday approaching, I was reading and praying for two months prior, to be able to see the Resurrection in a new light. I was reading in the Gospels John I looked at the concepts of gardens in the Bible, starting at the beginning and going right through to the end. I hope this study helps you experience your walk with the Lord in a fresh way. God created man to have a relationship and walked in the garden with Adam and Eve. He created man with glory and part of that glory was to have dominion over the animals. He made the garden a place of provision, protection and absolute freedom. It was here that the Tree of Life is mentioned. The Second Garden is the Garden of Gethsemane. The Third Garden is beside Golgotha. In John 19, I noticed the tomb was in a garden near Golgotha. Interestingly, this was a new tomb with no other bodies from family members, as was the custom. It was needed because the Sabbath was close at hand and they needed to bury Jesus quickly. This tomb was close and available. The Fourth Garden is in the Glory of God. This garden is in Revelation We see again that the tree of life is mentioned and the new Heaven. What I found interesting is when man was removed from the garden it was because of the connection with the Tree of Life. In the first garden, we lost the face to face contact with Jesus, but we will have that face to face relationship again. Every garden represents a stage in life and God is in every garden. Because of the Resurrection, we have the hope of being restored right now in a personal relationship with Jesus and we can follow Him as Lord until we return to the future hope of seeing Jesus face to face. Ron baptized these two girl last year. He enjoys golfing, racing, and especially his new grandson, Adam.

Brent Kercheville In the first five verses of chapter 22 belong with the description of the bride, New Jerusalem coming down from heaven, recorded in Revelation New Jerusalem is a picture of the people of God in their perfected state, receiving the eternal rewards and final blessings promised for their faithfulness to God cf. The River of the Water of Life This river of living water is pictured as being as bright as crystal. Near the campus of Florida College runs the Hillsborough River. It is not a beautiful river. It is dark, full of tree limbs and moss. There is nothing about that river that calls for a person to jump in. The river flowing through the New Jerusalem is desirable and beautiful. These are the flowing waters that bring life. These are pure waters. The river of the water of life flows from the throne of God and the Lamb. Remember that there is no temple in the city. God and the Lamb are on the throne and the river of life is flowing from the throne through the middle of the street of the city. All who belong to this city have access to the river of the water of life for it flows through the middle of the city right down its main street. Zechariah and Ezekiel use the same imagery for this glorious time. On that day living waters shall flow out from Jerusalem, half of them to the eastern sea and half of them to the western sea. It shall continue in summer as in winter. The water was flowing down from below the south end of the threshold of the temple, south of the altar. Then he brought me out by way of the north gate and led me around on the outside to the outer gate that faces toward the east; and behold, the water was trickling out on the south side. The tree of life yields fruit each month and the leaves bring healing to the nations. As I went back, I saw on the bank of the river very many trees on the one side and on the other. Their leaves will not wither, nor their fruit fail, but they will bear fresh fruit every month, because the water for them flows from the sanctuary. Their fruit will be for food, and their leaves for healing. Come to God for healing. Healing is made available for all seasons. Life is available for all seasons. God has offered healing to the world. The river of the water of life and the tree of life represent the life of eternal fellowship with God and Christ. The last time we read about the tree of life was in the garden of Eden in Genesis. The tree of life was put in the midst of the garden Genesis 2: When Adam and Eve sinned, they had to be cast out of the garden. This symbolized their separation from God. They could not be in eternal fellowship with God nor be in the presence of God because of sin. Eternal separation from God is the second death, as we saw in Revelation This access and this healing is available to all people, not a select group. Verses explain the effects of the tree of life and the river of water of life. There is nothing accursed, unlike what happened to Adam and Eve because of their sin and they experienced curses. There is no sin and therefore there is nothing accursed. The throne of God and the Lamb are in the midst of this city and his servants worship God. Verse 4 is simply staggering if we let it the words sink into our hearts. The servants of God and the Lamb will see his face and his name will be on their foreheads. The godly are pictured as priests, worshiping God in his presence, seeing his face. His name on the foreheads of the servants continues to picture the intimate fellowship between God and his people. God recognizes his people. These are the faithful who have not succumb to worshiping things that are false gods and idols. The one who conquers, I will make him a pillar in the temple of my God. Never shall he go out of it, and I will write on him the name of my God, and the name of the city of my God, the new Jerusalem, which comes down from my God out of heaven, and my own new name. Everything is now perfect. There is no more evil, no more death, and no more pain. The sun shall be no more your light by day, nor for brightness shall the moon give you light; but the LORD will be your everlasting light, and your God will be your glory. Your sun shall no more go down, nor your moon withdraw itself; for the LORD will be your everlasting light, and your days of mourning shall be ended. And the kingdom and the dominion and the greatness of the kingdoms under the whole heaven shall be given to the people of the saints of the Most High; their kingdom shall be an everlasting kingdom, and all dominions shall serve and obey them Daniel 7: John seems to be left with the angel as the angel gives his final directions to John and the readers of the book. The

words of this prophecy given in the book of Revelation are trustworthy and true. The Lord who inspires the prophets has sent his angel to show his servants what must soon take place. This statement reiterates what we read in the very first verse of the book of Revelation. The revelation of Jesus Christ, which God gave him to show to his servants the things that must soon take place. He made it known by sending his angel to his servant John. The book of Revelation has revealed the fall of the Jewish nation and the destruction of Jerusalem. The book of Revelation has also revealed the fall of the Roman Empire. Further, the book has revealed the calamity of the world after the fall of the Roman Empire. Finally, Revelation revealed the final judgment against Satan. The end of the book of Revelation states the same. None of these things can be said to be happening soon if the book is all about things that will happen at the second coming of Christ. None of the things were soon if the book is referring to things that have not happened yet. Let me challenge you also that there is nothing soon about the message of the book if Revelation is only about the fall of the Roman Empire, which would occur hundreds of years after this book was written. However, the book can be said to be happening soon if we see the book as a chronology of events that began within one year after the book was written. Christ is coming in a series of judgments the Jewish nation, the Roman Empire, and Satan. The fall of Jerusalem was described by Jesus as the coming of the Son of Man in the clouds Matthew Any other interpretation of Revelation cannot deal with the time markers given at the beginning and end of this book. Verse 7 concludes with another call for faithfulness and endurance. Blessed are those who keep the words of the prophecy of this book. The message has been to be faithful even to death and not to worship the false idols of the world. John is so overcome at the message that he again falls down to worship at the feet of the angel. The angel again tells John not to do this for only God must be worshiped. Do not worship any form of idolatry, not even angels. God is the only one deserving of worship. The angel then tells John not to seal up the words of the prophecy found in this book because the time is near It was going to be a time, times, and half a time before all these things would be finished Daniel Verse 11 of Revelation 22 also shows a direct connection to Daniel Let the evildoer still do evil, and the filthy still be filthy, and the righteous still do right, and the holy still be holy. And none of the wicked shall understand, but those who are wise shall understand. The wicked are not going to understand that their doom is predicted and sealed. The wise, that is the righteous, will understand and remain faithful through the prophesied tribulations. The dye is cast. The end is determine. Preach this prophecy understanding that many of the wicked are going to remain wicked. I see this truth from Revelation still in the preaching of the gospel. This does not mean we stop preaching. Verse 12 reminds all the readers that as the Lord comes in these judgments he is bringing recompense with him. Christ will repay everyone according to what they have done. The wicked will be repaid and the righteous will be repaid. Christ is the sum of all things. He is the beginning and the end. Blessed are those who wash their robes. They will have the right to the tree of life and may enter the city of God. The imagery of washing robes was introduced to us in Revelation 7: The picture is not merely being baptized, though that is certainly included in being faithful to God.

*GARDENS OF REVELATION* by John H. Lienhard. [Click here for audio of Episode Today, we build gardens of raw imagination. The University of Houston's College of Engineering presents this series about the machines that make our civilization run, and the people whose ingenuity created them.](#)

Revelation Gardens This slideshow requires JavaScript. Revelation Gardens provides sanctuary to dogs and cats in west Tennessee. Our primary focus is pets who have been surrendered due to owner death or disability. When a person dies or becomes incapacitated, pets are often overlooked. Too frequently they end up in the shelter system where they struggle with the loss of their beloved human, familiar routine, and home. Depression and behavioral problems can result. Our vision is to provide sanctuary to as many pets in this situation as possible. To this end, we are beginning a fundraising campaign to purchase a modular home for Rescue-Pet housing. Consider this, a friend, loved one, or even yourself is on hospice nearing the end of life. There are pets to consider. Where will they go? Who will care for them? Through an agreed upon donation, Revelation Gardens will hold a spot and provide permanent sanctuary for pets in this situation. Our current barrier to this becoming reality is the need for additional rescue-pet housing. Name required Email required We also serve as a community resource through an online toolkit pet owners can use to alleviate stress and handle difficult pet behaviors. For the small west Tennessee community where Revelation Gardens resides, that equates to 4, households with pets. Each situation is unique, but we can draw some strong estimates from those numbers. The Issue Often, pets are relinquished to the shelter system when their owner dies or becomes unable to care for them due to long-term hospitalization or disability. When a pet loses its owner through situations like these, they often become a casualty of the system. We also provide community education and resources for pet owners and folks interested in sharing life with a new pet. Our approach includes listening to community members and finding out what needs they have. This is done through surveys and conversations. In addition, we work with community partners who offer spay and neuter grants as well as other forms of support. How you can help Rescue-Pets receive full lifetime care at Revelation Gardens. We meet the needs of our Rescue-Pets through donations and have three primary mechanisms for you to use: Virtual Adoptions, Virtual Retreats, and Merchandise. As an IRS recognized c 3 organization, your donations are tax deductible! You can also find us on GuideStar! Join us as a non paid employee volunteer! Please complete this contact form and we will get back with you shortly! Categories of skill development:
