

1: Girl's Guitar Method Complete: Guitar Book & DVD (Sleeve)

Guitar Book & Enhanced CD. Finally-the first guitar method written especially for girls! Thousands of girls all over the world are raving about this revolutionary method's fresh and energetic approach, with a style and design that addresses the interests of young women today.

This page, comprehensive collection of over 3, chords features crystal-clear photographs, chord frames, and standard music notation. Chord fingerings are shown along with note names, and chords are listed both alphabetically and chromatically for easy reference. Chord construction, intervals, inversions, altered chords, and music theory are explained in simple language to give you a complete understanding of what you are playing. This is the only chord encyclopedia you will ever need. Shipping only within the USA! The Allman Brothers, Fleetwood Mac, George Throrogood and just about any guitarist who plays electric slide guitar owes a debt to the great Elmore James. Learn the songs and techniques that influenced so many players. The music book gives you guitar tablature, standard notation, vocal melody, lyrics, chord names, guitar chord diagrams, guitar notation legend, performance notes and introductory text. You will also learn the chord formulas used to create each chord so you can develop your own inversions. There is a section that shows all the chord scale formulas for creating your own progressions. This will help teach you how to put chords together to write your own songs. Play them on your computer or any common MP3 playback device. As a bonus, once you register for your free lifetime membership to www. You can download them free and burn them to a CD for use with the complete chord progressions in this book. This book explores advanced, modern jazz and bebop concepts and techniques, including music theory, scales, modes, chord voicings, arpeggios, soloing, and comping concepts. Over music examples and 13 complete solos in the styles of many jazz greats are used to place all concepts into a practical musical context. A CD with all the music examples is included! Each riff is accompanied by a brief lesson and a demonstration recording. And the exclusive TNT software provided on the CD allows you to slow the riffs down and loop them for easy learning. Nice Collectibles N.
