

1: Hands Off My Gun Quotes by Dana Loesch

In HANDS OFF MY GUN, Dana Loesch explains why the Founding Fathers included the right to bear arms in the Bill of Rights, and argues that "gun control" regulations throughout history have been used to keep minority populations under control.

I like what the author has to say, but not the way she says it. Much of what Ms. Loesch has to say is blindingly obvious. For example, she devotes a whole ch Barely three stars. There is also an incredible amount of repetition, especially in the last chapter, which is really just a slight paraphrasing of paragraphs culled from earlier in the book. It frustrated me how much Ms. One funny line, about how liberals think that painting a gun black and adding accessories makes it "shootier" and more "assault-y," gets repeated at least three or four times. Another way that she makes her argument seem weak is by occasionally misrepresenting the views of her opponents. Loesch thoroughly ridiculed this position, but she did so by changing "axe handle" into "axe. He said axe handle. Now, even if someone was merely attacking me with an axe handle, I still might feel justified in shooting that person in the leg, depending on the situation. To be fair to Ms. So the distinction hardly matters. There were only about two chapters in the book where I really felt I learned something. One dealt with the racist origins of the gun control movement in America, and the other was a response to the "14 biggest myths" about gun usage. The biggest problem with this book is that Ms. Loesch tries to make everything about her. Instead of just giving us the straight facts, she prefers to tell us how she used these facts to score points in Twitter feuds with people like Piers Morgan. This book has way too much "me, me, me" and "I, I, I" for my taste. The proofreading is a joke. Rarely have I encountered a major-release book with so many flagrant typos. The last chapter is so poorly written that I had to re-read several sentences in order to make any sense of them.

2: Fox And Friends This Morning: "Hands Off My Gun" | Dana Loesch Radio

HANDS OFF MY GUN isn't nearly as informative as I thought it would be, especially if you've been listening to all those gun debates on Fox News and CNN. Much of what Ms. Loesch has to say is blindingly obvious.
