*Career Opportunity Job Description Ref NoWHK Credit Head of Credit, Commercial Banking.*

They supervise staff to ensure all money owed to the company is billed and received correctly and in a timely fashion. They most often work for credit card companies or collection agencies, but other types of businesses may also employ Collection Managers to collect on debts owed to them. They must possess strong leadership skills as well as the ability to work in teams. The Bureau of Labor Statistics projects negative job growth of 6 percent through due to jobs moving overseas and the popularity of software and automated systems being used. This may result in 19, fewer jobs in this sector during this period, however because of a high turnover rate in this field, job prospects should still be good. Collection Manager Duties and Responsibilities The type of organization a Collection Manager works for will determine their particular responsibilities, however, there are several main duties all Collection Managers perform. A review of current job listings identified the following primary tasks and responsibilities. Supervise Staff Collection Managers are in charge of supervising a staff of collections personnel. In large companies this may include upwards of 50 employees and be one of the most time consuming duties they perform. The Collection Manager may be responsible for interviewing and hiring staff members, providing training, creating work schedules, filing timesheets, and performing any disciplinary actions. They also often observe or review employee interactions with customers to ensure all policies and regulations are being adhered to by their staff. They do this in several ways. They may research, develop and implement collection procedures that reduce the amount of delinquency they encounter. Or they may study customer accounts and authorize various tactics such as extensions and write-offs to save the company money. Also by employing effective staff, the Collection Manager helps to ensure more debts are recovered. This may be performed each week or on a monthly basis, and often requires knowledge of statistics and data analysis. Collection Managers may also need to present their information to management or their department to highlight trends or achievements. Collection Manager Skills A Collection Manager must enjoy providing customer service and be an experienced leader. A high attention to detail and excellent organizational skills are also important. Collection Managers should be team players and excellent in communicating both verbally and in writing. In addition to these traits, employers look for applicants with the following skillsets. Based on job listings we looked at, employers want Collection Manager with these core skills. If you want to work in Collection Manager, focus on the following. Highly proficient in computer software programs such as, word processors, spreadsheet programs and database systems Strong mathematical skills Knowledge of state and federal collection laws Knowledge of high volume collections, credit authorization and billing procedures and practices Familiar with Customer Relationship software such as, Oracle Advanced skills: While most employers did not require the following skills, multiple job listings included them as preferred. Add these to your skillset and broaden your career options.
