Healing Through Deliverance Originally published as two separate volumes, this best selling book on the subject of deliverance ministry forwarded by Derek Prince has now been combined, updated and revised.

There are now more than twenty Ellel centers throughout the world. Each center provides training courses, schools and opportunities for personal prayer ministry. Peter is a graduate of Oxford University and was a successful publisher before commencing the work of Ellel Ministries in Book Review Book Review Healing Through Deliverance is one of the most biblical, comprehensive, practical, wisdom-filled, and Spirit-filled books that I have ever read on the subject and ministry of deliverance. It deals with deep concepts in language that everyone can understand and it was so interesting that I could hardly put it down. I thank God for the teaching and experience that is captured in the book. His experience and knowledge is bibilically based and very helpful to me. The theology made great sense. I bought and read both volumes. It was immensely helpful in understanding my process of deliverance. I hope to attend their conferences and trainings as soon as possible. Review by Cynthia Rating I purchased it for a class. It is far beyond what I expected. Answers the questions as you read. So easy to understand. It is a big book and is well written and complete in scope. The first section was the Biblical background for the demonic and evil spirits. The second section dealt with the different types of spirits and how they effect us. The last section dealt with the procedures for freeing people. The author seems evil spirits in a lot of the New Testament Scriptures. I am not sure if I totally agree with all his understanding. I do agree that with Jesus God walking on the earth that the demonic forces would be out to stop Him at any cost. There were a few parts in his book which I disagreed with. He does not offer you a clear set of steps to follow that will work for everyone. The Holy Spirit has to be your guide, because everyone is different. Oh that none should perish! Review by Sheena Rader Rating This book was a real "eye-opener" to me as I have always believed that Christians could not be controlled by demons! Cirtina Rating Brilliant book. It should be read and practiced by any pastor who takes his ministry seriously. A very exciting read. Review by David Rating As I read this book, I began to understand things about the spiritual world that I had never seen before. I understood how and why Jesus was able to give authority to His disciples to heal the sick and cast out demons, and how the fruits in our lives such as sickness, disease or things that hold us back can have spiritual roots. God was working powerfully in my life as I read the book, and has continued to since. In fact, I have been set free from an addiction that was troubling me for a long time and also been physically healed of an allergy that the doctors said could take 20 years just to find out what was causing it! Peter shares some incredible stories about some miraculous healing that God has done before his very eyes which is faith building. If you have a passion, desire or burden for the sick, broken or hurting in this world - this book is definitely for you! Reijnon Rating Peter Horrobin and the people who are working with him at Ellel ministries, have years of experience in healing and delivering people. This experience is expressed in a well balanced way in this book. The foundation part will learn you a lot about the way Jesus and His followers healed and delivered people. It will open your eyes to another way of reading the Gospels. The second part gives you a lot of tools and a deeper insight in ways people can be hurt, chained and in need of deliverance. But also how you can deliver them. This book is unique, because it learns you to see how healing and deliverance connects together and must always be ministered together. Peter Horrobin carries with him not only 28 years experience of formal healing and deliverance ministry, and has set up over twenty global training centres, he is an excellent and very comprehensive teacher. No single summary of this book can do it justice. I filled half a notebook with quotes and notes from the teaching, and read about a quarter of it aloud to my husband at intervals. I highly recommend for all Believers in Messiah Yeshua. Praise Adonai for his Wisdom. I strongly recommend it! Review by Anon Rating This book was not just useful to me and my family and even friends, but Vital!!! Long story short - First part teaches you to know what you have to deal with, and then second part - you learn how to apply! It is much to say, so you can ask me if you want more on why it was so important. It

is not just a book, it is a tool! Healing through Deliverance is important, biblical, simple and insightful. Peter Horrobin has contributed through this book in a significant way to the Church - I would recommend that you do not miss it! Reading this book might just help you as well to receive the freedom that God would want you to have! Such powerful biblical teaching. Backed up by scripture in a way you cannot doubt. It gave me a real understanding and foundation to what has been traditionally a difficult area. I would recommend it for anyone seeking to get a clear grounding in healing, deliverance and foundational discipleship. But, as just an ordinary person with a heart to help people who are hurting, I found this book incredibly powerful and accessible. I really believe God can work through anyone and he is the one who placed the desire in my heart to be able to help people. This book has been a significant part of my equipping to pray for others in need and really clearly explained the frequent occurrences of deliverance in the gospels. I was shocked to realise just how much of the gospels talks about deliverance and how I had seen none of it in my church life at all! I thoroughly commend this book to you. Oct 16, Ruth rated it really liked it With pages it was a bit of a marathon, but well worth the effort. This book clearly explains the ministry of healing through deliverance. It takes a long look at how Jesus healed and delivered the sick and demon-possessed and gives an in-depth pages to explaining the many ways in which a demon can enter a person. I read it within a few months of accepting Jesus Christ as my Savior and the Holy Spirit began to do the awesome work of cleaning up years of bondage and strongholds and the information in this book helped so much in bringing to light things I may not have known that open doors to the enemy! Very, very good book!!! Peter Horrobin carries with him not only 28 years experience of formal healing and deliverance ministry, and has set up over twenty global training centers, he is an excellent and very comprehensive teacher. No single summary of this book can do it justice. I filled half a notebook with quotes and notes from the teaching, and read about a quarter of it aloud Tremendous book. I filled half a notebook with quotes and notes from the teaching, and read about a quarter of it aloud to my husband at intervals. Here are a few questions posed by Healing Through Deliverance: Can a Christian be demonized? What is the difference between the soul and the spirit and how do they relate to one another and to the body? If Jesus spent as much time healing the sick and casting demons out of people as He did preaching and teaching, why do we see so little of the other half of His ministry being carried out in the West? Why does years of Christian counseling often end in so little fruit for individuals and marriages? Can we inherit curses from our ancestors? All these questions are answered in extensive detail, as well as much, much more. Even for those who have had strong foundational teaching in spiritual warfare and healing and deliverance, this book goes well beyond the basics and offers phenomenal Biblical teaching. Here are a handful of quotes, at random selection: Churches that do not practice deliverance actually are scattering the flock. Forgiveness and confession are key to so much physical healing. Addictions, allergies, eating disorders, compulsive behavior, deceitful patterns are all common indicators of possible demonization. Demons should never be used as an excuse for sinful behavior.

3: Healing Through Deliverance - Deliverance

Healing Through Deliverance: Foundation of Deliverance Ministry v. 1 This highly acclaimed book is a comprehensive assessment of the place of deliverance ministry in the life of the Church. The author looks at the supernatural realms of both angels and demons, as well as providing a practical understanding of the way powers of darkness can.

Amongst these are sicknesses and torments. These things often go hand in hand. They are both due to the operation of evil spirits in the bodies and souls of men. Are All Physical Problems due to Demons? I do not say this. If someone falls over and breaks their arm, the broken arm is not due to a demon. Sometimes such wounds are prevented from healing due to demonic infestation or a curse, but that is another matter. Poor diet or overeating, especially of the wrong foods, can open the door for disease. This has been well established. But if you have a spirit of gluttony – a very common problem amongst the people of God, then demons are related on the onset of disease, albeit perhaps not directly. Having said this, a lot of internal diseases and disabilities involve direct demonic oppression. It is extremely common. Demonic infestation in Christians of one degree or another is at least as common as the presence of physical sickness in Christians. These things need not be. Jesus took our infirmities and bore our diseases at the cross. But the victory of calvary must be appropriated – otherwise for us, it is no more than a legal provision that we have neglected to our own hurt. Anyone can say this, but not all can say it with authority from God. Some preachers will tell you your sins are forgiven when you are still clinging to them! Jesus did more than declare unseen and unverifiable things. This is a serious mistake. Now God can do things for people in any order He chooses. He can, if he wishes, physically heal a person with all kinds of soulish issues requiring deliverance. But many times, especially in the life of a believer in Christ, the healing of the soul takes precedence over the healing of the body, and God will not work unless certain issues are dealt with. Deliverance from evil spirits at the level of the soul prepares us to receive from God at the physical level also. It also prepares us to move in the power of the Holy Spirit for the deliverance and healing of others. Does that sound too harsh? There could well be degrees of this – not all of them relating to personal salvation. Unbelief concerning certain promises of God could be a spiritual bondage that a minister of the gospel needs freedom from. People seeking healing MUST forgive those who have wronged them. That is the teaching of Jesus. I have seen people who have been healed physically only when they yielded to the Spirit of God on this point. Jesus said God would deliver us TO the tormentors if we do not forgive our brother from our heart. The verse quoted above in Acts If we can grasp this one thing, we can proceed with an undivided soul to wage warfare on sickness wherever we find it. The gospels attribute much sickness and disability directly to the work of demons. When the spirit causing the physical problem is cast out by the power of the Holy Spirit and the authority of the name of Jesus, healing often happens immediately. The vandal must first be thrown out of the house before the house can be repaired. Some conditions are referred to almost interchangeably with the demons that cause them. This man knew a lot more than many Christians. Many of us, if we met someone who could not talk, would be very reticent to think the person had a demon which stopped them from being able to talk. The tendency today even amongst those who believe in the existence of demons is to be so very judicious and uncommitted regarding the source of disease as to have little to say to our generation in this regard. Your sophistication has made you well! Let us not try to be more sophisticated than the Son of God. That is the way I was led to deal with the problem in India when a 12 year old girl, deaf mute from birth was brought for ministry. By addressing the demon of muteness – not once but several times, we got a great victory and the name of the Lord was glorified. Why does Disease sometimes come back after prayer ministry? One reason so many people experience relief and a measure of healing through prayer and the ministry of laying on of hands, and then lose the blessing, is their failure to be vigilant concerning the possibility that the demons that caused the problem are likely to try to return and cause the same affliction again. We are called to abide in Jesus, and follow Him. We have to be filled with the Word and the Spirit of God in order to give no place to the devil. More Scriptures proving the relationship between

Sickness and Demonic Oppression One woman in Luke 13 was so bent over that she could not raise herself up. But Jesus simply declared a word of freedom and the woman was healed. In talking about the incident, Jesus called this woman a daughter of Abraham, whom Satan had bound. If a righteous woman could have a spirit of infirmity then, why could a Christian not have a spirit of infirmity today? It is not a sin to have a spirit of infirmity. We see therefore what is going on. The demonic power had gotten into that woman, attacking her physically. His eyes, made by God with the purpose of seeing, were stopped from working by the rotten devil. Same with his speech capacity. Jesus drove the demon out, and the woman saw and spoke. And as we grow in experience, our faith grows in dealing with demons. We have a growing measure of the power of God effectively working in us, which allows us to deal with increasingly severe demonically caused problems, as the Lord leads us. Our faith grows as we see how the Lord changes lives through the ministry of deliverance he operates through us. Ministers who do not have this understanding concerning can still be effective in divine healing, but I believe they do so with less understanding. The anointing will drive out the devil, even if the minister does not imagine the devil to be involved. But when you know it is that rotten devil, a righteous hatred can rise up in you through which the Lord can move to bring his power into a situation. Therefore, let's use all the spiritual weapons God gives in order to destroy sickness and disease, and may God use this for his glory and for the true salvation of many souls.

How to Apply this Knowledge When ministering, you may be in a counselling situation. In such a situation, issues may come up and you may be able to explain to the person things in such a way that they realise they need deliverance. You can then proceed to minister more methodically. In public ministry situations, God can give extra grace. You may be able to minister via a mass prayer. I have frequently rebuked demonic power en-masse, commanding it to leave the people, and many have received healing immediately. Just ask them to first thank God verbally, and then to do something that was difficult to do before. People with a simple faith can often receive in this way. In laying hands on people, you must first be filled with the Holy Spirit. You should use your faith to impart the power of the Holy Spirit directly against the demonic force causing the sickness. Tell it to leave, and do not doubt in your heart. Do not take the time to worry about whether God has done it or not – that gives place to doubt. As Jesus said, believe that the things you say will come to pass. This is how faith works see Mark I hope this article has been a blessing to you, and that through it your faith has increased.

I loved how this book took me step by step in the foundational scripture on healing through deliverance. I felt like a learnt so much more about this subject matter in an easy-to-understand writing style.

Part 1 No ratings yet. It is almost like the honeymoon phase as we are just getting to know about our LORD. But, there comes a time when the LORD wants us to get of the milk of the word and start eating the meat of the word. Now, this is where we will be faced with every lie and attack of the enemy of our souls. This is a spiritual war that we are in. It all started in , when my mother came down with cancer! When my mother died, my life took a nose dive so to speak. I was attacked in my spirit and in my physical body from that point forward The enemy comes to kill, steal and destroy and that is exactly what he tried to do in my life for years. He destroyed my health, my marriage and tried to steal my relationship to my LORD. I have had 17 surgeries in my lifetime. I have experience a life of torment in many areas of my life. I was put on drugs for pain since , then when the oral drugs no longer were effective to help with the pain, they surgically put an intrathecal morphine pump in my side. I was on morphine, and dilaudid from to I then came to know about the deliverance ministry the LORD sent my way. I would read my Bible all those years and would pray, but never able to over come. It was a very dark time in my life. I was in so much fear and unforgiveness towards those who rejected me and hurt me. One of them was my husband. You see for years because of failed back surgeries I was laid up in bed most of the time because of pain and depression. My husband in the year decided he would have an affair. I did not know about this until the end of I had some suspicion, but never knew until I forgave him and things seemed fine for a while but he never stopped seeing this women. Well to make a long story short. I at the time am disabled and unable to support myself, so my son and his family took me in. I lived with them for 7 years. We ended moving to Texas in April of My son was being deployed to Iraq at the time so this is why we left Maine to move to Texas. I was dying inside spiritually and knowing the enemy and what he had done in my family tree, that he was trying to kill me physically. I had a sister who committed suicide at the age of 28 and a brother who died from contacting Aids from a dirty needle shooting up heroin, then my mother who was a very bitter woman died of Cancer at not even 54 years old. As we all know the wages of sin is death. Aurora, NY all the way to TX in our little house church. At the time my son was the pastor. At that point this is when all hell broke loose in my life. It was then that I needed to with godly sorrow repent and forgive so many people in my life that was keeping me bound. I had to first forgive myself. That was the most difficult part for me, because I did not love Valerie at all. I felt no one else loved me so I must be unlovable. Well, for about 3 years I was getting free from those spirits that came in because I allowed it with my unforgiveness and sin. I continued to get deliverance on the phone with an accountability partner from NY. We would pray at least 4 times a week on the phone. One day, this dear sister said to me as we were praying, "Valerie do you have a mirror nearby? I told her yes and this is what she said to me. Her response to me was this. I right then dropped the phone on my bed and went to the mirror that was next to my bed. I have created you for a purpose and I have great plans for your life. I was there for at least 10 minutes. But my dear friends, it was from that moment on that the LORD began to change my heart in amazing ways. This was during the summer of I will share more at another time on how he delivered me from all drugs and has set this captive free. HE did amazing things to deliver me from the drugs. I will share that next time if you would like to hear more. Then HE purifies us as pure gold.
