If you have copyright questions, please contact: There are other authors by the name of Harry Browne or Harry Brown. The books below are the only ones written by Harry Edson Browne. In addition, a beneficial guide for libertarians who are running, or are considering running, for public office - whether at the federal, state, or local level. All the ideas he presented were his own and unique. And the ideas flowed from a single principle - each person thinks for himself and decides for himself no matter how much other people try or want to believe that they can control him with social pressure, regulations, or laws. It provides you with the tools you need to live your life the way you see fit. It will put you on the path to a freer, happier life, it will inspire you to take greater responsibility for your life " to quit focusing on the shortcomings of others and use the sovereignty you have to take control of your own life and make the most of it. It is the cause of inflation, of depressions, of any sudden changes in the economy. Not one person in a thousand really understands what money is. And yet, there are few subjects in the world more fascinating than the study of money. A proper grasp of it will give you the key that unlocks the many puzzles of national economic events. Every war produces its share of deceptions. They come in four categories: Freedom The American Way A compilation of articles and newspaper columns that contain factual and well-reasoned economic, moral, and business truths written in simple and to the point language that everyone can understand and appreciate, and that appeal to the readers self-interest. They contain perceptive explanations that debunk so much of what passes for investment wisdom - plus intelligent comments about life. Most of all, the main thrust of the articles is a step-by-step analysis of how you can deal with an uncertain world - without preconceptions or dogma. Liberty A to Z libertarian soundbites you can use right now. Harry Browne explains that Libertarians want you to be free " free to live your own life as you think best. Fail-Safe Investing How you can create a bulletproof portfolio you can walk away from " while protecting you from inflation, deflation, or recession, while allowing you to profit from prosperous periods. The Economic Time Bomb The dangers that investors worry about, and how to be protected against all of them. Why the Best-Laid Investment Plans Usually Go Wrong A critique of all the investment and speculative trading systems that purport to beat the markets. Guess what " none of them can be relied upon. Investment Rule 1 privately published, What is the one investment rule you can rely on no matter what? The investments suggested have been superseded by the latest version of Fail-Safe Investing. New Profits from the Monetary Crisis An outdated explanation of the investment markets. You Can Profit from a Monetary Crisis A clear and extensive explanation of how government intervention perverts the free market. How I Found Freedom in an Unfree World How you can apply libertarian principles to your personal life to have greater freedom from those who would like to tell you how to live your life " whether the government, relatives, friends, or just nosey people.

2: How You Can Profit from the Coming Devaluation by Harry Browne (, Hardcover) | eBay

Harry Browne wrote a truly amazing book in "How You can Profit." A thoughtful observer, he saw how the forces acting on the dollar were changing and had the boldness to predict a gold price that could rise to "as high as dollars per ounce." Of course gold in his time would go onto peak at.

Recognizing the disastrous monetary policy of the U. The book helped many survive, and even profit, during the economic troubles of the seventies; and it made the New York Times bestseller list. According to Llewellyn H. It demonstrated why we were where we were in , and what must follow. The principles Harry wrote about were presented in a different way from that of the Devaluation book. There the evidence was on the monetary aspects of the market. In the Monetary Crisis the whole range of marketplace action was encompassed. Yet the two presentations were complimentary to each other. Part 1 - Money contains the first nine chapters of the Devaluation book. Part 2 - Why there are Crises contains the first fifteen chapters of the Monetary Crisis and were edited by Harry, too. They explain basic economic principles. Some readers may think economic principles are boring and be tempted to skip them. But I urge you to read the chapters. Harry had the ability to make economics exciting, and those individuals who understand the basic principles can approach their investments with conviction. Part 3 - The Nature of the Crisis reviews events of the past that led inexorably to the present situation and demonstrate why we are where we are today. It also includes an explanation of the international monetary system. Finally, the brief Afterword directs you to another short book by Harry Browne that can help you get started creating a bulletproof portfolio you can walk away from - while protecting you from inflation, deflation, or recession, while allowing you to profit from prosperous periods. It made money during one of the great stock run-ups of American history and more recently, according to Paul Douglas Boyer of MadMoneyMachine. It beat all other non-permanent portfolios by at least 5. It is the cause of inflation, of depressions, of any sudden changes in the economy. Not one person in a thousand really understands what money is. A proper grasp of it will give you the key that unlocks the many puzzles of national economic events.

January Armed services[edit] He was inducted into the U. Army on May 5, On October 4, , he was sent to Bikini Atoll in the Marshall Islands , where the Operation Castle hydrogen bomb tests were conducted. In Browne was sent to Eniwetok to finish his tour of duty and afterwards was transferred to the Army Reserves at Fort Huachuca , Arizona. He was released from active military service on July 17, He was honorably discharged from the Armed Forces on February 28, and discharged from the Army Reserves on July 1, Activist and author[edit] Browne worked as an advertising and sales executive in the s. He then devoted himself full-time to the " Americanist " cause. He believed that the newspapers of America would willingly buy material promoting the American way of life; so, in he took on the proprietorship of American Way Features, Inc. It sold "Americanist" features, in competition with all the recognized syndicates. His own column, The American Way, appeared in over newspapers throughout America. In October he was named associate editor, and in November he was the editor. The following Spring the magazine was renamed Freedom Magazine, and Browne continued as its editor until February when he turned his full-time attention to the American Way Features, Inc. Investment theory and the "Permanent Portfolio" concept[edit] Also in the s, Browne taught courses such as: Browne was an investment advisor for much of his life, and developed the so-called " permanent portfolio " investment strategy, which claims to identify the four types of economic conditions that can apply over a given investment period, and the appropriate asset classes that give both profit from the upside of these conditions, and some measure of protection when they cease to prevail. He continued to write and publish books including his personal finance book, Fail-Safe Investing: Lifelong Financial Security in 30 Minutes , published in He received , votes or 0. His campaign qualified for matching funds during each election but did not accept them, per his campaign platform. Browne said he needed to be true to what he had preached in his libertarian speeches and that "it would be highly inappropriate for me to stick my nose in the trough after having denounced the Republicans and Democrats for doing so. Browne did not appear on the Arizona ballot, however, as the Arizona Libertarian Party instead chose to run L. Neil Smith , whose candidacy was a protest against that of Browne. Browne responded to allegations surrounding the controversy. In addition to writing and making appearances on behalf of the Downsize DC Foundation an organization he helped to co-found and for which he served as Director of Public Policy for a year and a half , he hosted two weekly network radio shows, [7] one on Saturdays dealing with politics, which he often called "The Libertarian Conversation" since listeners were encouraged to call in , and the other on Sundays, called "The Money Show", dealing with financial topics. Both of these radio programs were on the Genesis Communications Network. Via Free Market News, he had his own internet-based television show called This Week in Liberty, which ran for 25 episodes. Prior to his death, he was also working on a book called The War Racket: War, he contended, was just another government program, and was essentially flawed because "government never solves anything. He published the financial newsletter Harry Browne Special Reports from to He was 72 years old. Gur Cemetery, Kernersville, North Carolina. A Handbook for Personal Liberty 25th anniversary ed. You Can Profit from a Monetary Crisis. Complete Guide to Swiss Bank Accounts. New Profits from the Monetary Crisis. The Economic Time Bomb:
