King of the Britons, defeator of the Saxons, sovereign of all England! Pull the other one! And this my trusty servant Patsy. We have ridden the length and breadth of the land in search of knights who will join me in my court of Camelot. I must speak with your lord and master. What, ridden on a horse? What do you mean? Well, this is a temperate zone. The swallow may fly south with the sun or the house martin or the plumber may seek warmer climes in winter yet these are not strangers to our land. Are you suggesting coconuts migrate? Not at all, they could be carried. What -- a swallow carrying a coconut? It could grip it by the husk! A five ounce bird could not carry a 1 pound coconut. Will you go and tell your master that Arthur from the Court of Camelot is here. Listen, in order to maintain air-speed velocity, a swallow needs to beat its wings 43 times every second, right? It could be carried by an African swallow! Oh, yeah, I agree with that Will you ask your master if he wants to join my court at Camelot?! But then of course African swallows are not migratory. Wait a minute -- supposing two swallows carried it together? What, held under the dorsal guiding feathers? Bring out your dead! Oh, do us a favor Well, can you hang around a couple of minutes? Well, when is your next round? Ah, thanks very much. See you on Thursday. Must be a king. What knight live in that castle over there? What I object to is you automatically treat me like an inferior! Well, I AM king Oh king, eh, very nice. How do you do, good lady. I am Arthur, King of the Britons. King of the who? Who are the Britons? Well, we all are. I thought we were an autonomous collective. Oh there you go, bringing class into it again. Please, please good people. I am in haste. Who lives in that castle? No one live there. Then who is your lord? We take it in turns to act as a sort of executive officer for the week. But all the decision of that officer have to be ratified at a special biweekly meeting. I order you to be quiet! Order, eh -- who does he think he is? I am your king! The Lady of the Lake, [angels sing] her arm clad in the purest shimmering samite, held aloft Excalibur from the bosom of the water signifying by Divine Providence that I, Arthur, was to carry Excalibur. Listen -- strange women lying in ponds distributing swords is no basis for a system of government. Supreme executive power derives from a mandate from the masses, not from some farcical aquatic ceremony. Will you shut up! Ah, now we see the violence inherent in the system. Come and see the violence inherent in the system! Oh, what a give away. Did you here that, did you here that, eh? You fight with the strength of many men, Sir knight. I have no quarrel with you, good Sir knight, but I must cross this bridge. Then you shall die. I command you as King of the Britons to stand aside! I move for no man. Now stand aside, worthy adversary. Come on you pansy! You are indeed brave, Sir knight, but the fight is mine. Oh, had enough, eh? Just a flesh wound. What are you going to do, bleed on me? The Black Knight always triumphs! Oh, oh, I see, running away then. We have found a witch, might we burn her? How do you know she is a witch? She looks like one. But you are dressed as one. They dressed me up like this. Well, we did do the nose. And the hat -- but she is a witch! Did you dress her up like this? Yes, yes, a bit, a bit. She has got a wart. What makes you think she is a witch? Well, she turned me into a newt. There are ways of telling whether she is a witch. Tell me, what do you do with witches? Burn, burn them up! And what do you burn apart from witches? So, why do witches burn? So, how do we tell whether she is made of wood? Build a bridge out of her. Aah, but can you not also build bridges out of stone? Does wood sink in water? Throw her into the pond! What also floats in water? We shall use my larger scales! Right, remove the supports! Who are you who are so wise in the ways of science? Good Sir knight, will you come with me to Camelot, and join us at the Round Table? I would be honored.

And Saint Attila raised the hand grenade up on high, saying, "O Lord, bless this thy hand grenade, that with it thou mayst blow thine enemies to tiny bits, in thy mercy. And the people did feast upon the lambs and sloths, and carp and anchovies, and orangutans and breakfast cereals, and fruit-bats and large chu Skip a bit, brother And the Lord spake, saying, "First shalt thou take out the Holy Pin. Then shalt thou count to three, no more, no less. Three shall be the number thou shalt count, and the number of the counting shall be three. Four shalt thou not count, neither count thou two, excepting that thou then proceed to three. Five is right out! Once the number three, being the third number, be reached, then lobbest thou thy Holy Hand Grenade of Antioch towards thy foe, who, being naughty in my sight, shall snuff it. And the Lord spake, saying, First shalt thou take out the Holy Pin. What are you going to do, bleed on me? The Black Knights always triumph! Come and see the violence inherent in the system. Is there anywhere in this town where we could buy a shrubbery? The Knights Who Say Ni. We have no shrubberies here. If you do not tell us where we can buy a shrubbery, my friend and I will say If you will not assist us voluntarily, Just a flesh wound. What knight lives in that castle over there? Well you could say "Dennis". Strange women lying in ponds distributing swords is no basis for a system of government. I fart in your general direction! Your mother was a hampster, and your father smelt of eldeberries! Is there anyone else up there we can talk to? I thought your son was a girl. He was not at all afraid to be killed in nasty ways, Brave, brave, brave, brave Sir Robin! He was not at not in the least bit scared to be mashed into a pulp Or to have his eyes gouged out, Or his elbows broken; To have his kneecaps split And his body burned away, Or his limbs all hacked and mangled, Brave Sir Robin! His head smashed in, his heart cut out, His liver removed, and his bowels unplugged, His nostrils raped, and his bottom burned off, And his penis split-- Sir Robin: Oh, come on, you pansy! Whose castle is this? This is the castle of my master, Guy de Lombard. Go and tell your master that we have been charged by God with a sacred quest. If he can provide us food and shelter for the night he can join us on the quest for the Holy Grail. They said they already got one. How do know so much about swallows? Well, now, uh, Launcelot, Galahad, and I, wait until nightfall, and then leap out of the rabbit, taking the French by surprise - not only by surprise, but totally unarmed! I am your king. The Lady of the Lake, her arm clad in the purest shimmering samite held aloft Excalibur from the bosom of the water, signifying by divine providence that I, Arthur, was to carry Excalibur. THAT is why I am your king. King of the Britons, defeater of the Saxons, Sovereign of all England! Pull the other one! I am, and this is my trusty servant Patsy. *ARTHUR: If you will not show us the Grail, we shall take your castle by force! GUARD: You don't frighten us, English pig-dogs! Go and boil your bottoms, sons of a silly person.*

My personality is a clash of personalities. I enjoy staying active. I love to be outdoors especially camping in the woods. I am also an Eagle Scout. I ran cross country and track, and played on the tennis and golf teams in high school. I also like to play other sports such as intramural softball and basketball, but my favorite is golf. I love to ride motorcycles and go mountain biking. Music is a big part of my life. If you want to know anything else just send me a message. To give ourselves freely, fully, absolutely, and irrevocably for others-that, my dear young brothers, is the supreme lesson in all of life. This parrot is no more. It has ceased to be. This is a late parrot. Bereft of life, it rests in peace. If you will not show us the Grail, we shall take your castle by force! Go and boil your bottom, sons of a silly person. I blow my nose at you, so-called Arthur King, you and all your silly English k-nnnniggets. What a strange person. Now look here, my good man-- French Guard: I fart in your general direction!
