Project Censored Recent Publications These listings began concurrently with the inauguration of this blog in June I list them here with the most recent first. My synopsis of the Capa D-Day project , written as the online investigation drew to its close. Fourth in a series of articles for this site, published by the Manhattan camera store Photo Village. On the importance of understanding the ethical context in which particular pictures got made, and the significant differences between the ethical environment in the fields of journalism and photojournalism at the time Capa did his work and that of our own time. A Photographic Album, and Project Lives: Review of these three books, which in various ways represent the consequences of the deprofessionalization of photography. Third in a series of articles for this site, published by the Manhattan camera store Photo Village. Second in a series of articles for this site, published by the Manhattan camera store Photo Village. Continuing a series of quarterly columns. On the ahistorical approach to pioneering pre-K photo-education projects of the current visual literacy movement. First of three parts. Available online to Hotshoe subscribers. The book charts the history of photography from the perspective of the photography industry, illustrated with photographs, cameras, and albums from the FoMu collection. In English and Dutch. The first in a planned series of articles for this new site, published by the camera store Photo Village. Synopsis of posts on this subject here at this blog. Advocating for equality for nontheists and a society guided by reason, empathy, and our growing knowledge of the world, the AHA promotes a worldview that encourages individuals to live informed and meaningful lives that aspire to the greater good. On the personal and professional relationships between these two historians, the differences between their approaches to the projects they undertook, the significance of their contributions, and the ways in which their shared biases shaped the historianship of photography. Second of two parts. The Photographic Works of Edward S. The show highlights the diverse vehicles Curtis chose for the display of his images, and my essay concentrates on this aspect of his photographic practice. First of two parts. On the complex relationship between these two forms of contemporary art practice. First appearance in English of this essay, originally published in slightly different form in the Swedish journal Paletten in Reprint of my essay, the first major critical reassessment of his contributions to the medium, credited by many as sparking the Mortensen revival. Buying the printed version gets you a free download of that issue. Slightly truncated version of my essay on the photographic work of this dissident mainland Chinese poet, painter, and photographer, for whose touring exhibition I became co-curator and tour manager in Originally published in the catalogue for the Hong Kong showing of her work. An Historical Anthology , edited by Andrew E. First print publication of my oration for the late, great photographer, delivered first in , while he lived, at a ceremony honoring him at the National Arts Club in New York, and again after his October 27, passing. The second occasion was a January 28, celebration of his life and work held at the Studio Museum in Harlem. This commemoration first appeared here , at Photocritic International, on January 30, The Photographs of Allen A. I count Dutton, now a nonagenarian, among the seriously under-recognized photographers of his generation. Coleman and Robert Hirsch: Variations on the Photographic Arts. Conducted via email, commissioned by editor Wendy Erickson for the alas final issue of this long-lived periodical. A consideration of the work of this classic, under-recognized exemplar of the New York School. In this essay I discuss the history of the picture agency as a distribution system for photographs, the changes wrought on that industry by digital communications, and the significance as material culture of collections of press prints such as those in this archive. The book accompanies an exhibition that will tour. The series addresses the resurgence of pictorialist practices and concepts in contemporary photography, especially and surprisingly among postmodernists. In this commissioned essay I discuss the history of the picture agency as a distribution system for photographs, the changes wrought on that industry by digital communications, and
