May 09, Ellie added it This textbook was extremely helpful in the process of preparing the AP European History test. The questions at the beginning of each chapter allowed for review that pointed out the main, important parts of each period. In addition, the textbook contained multiple primary sources that related to the test, therefore if you read them all, it saved you time when answering the multiple choice questions. Furthermore, the addition of a glossary was an extreme help, due to the fact that it contained all This textbook was extremely helpful in the process of preparing the AP European History test. Furthermore, the addition of a glossary was an extreme help, due to the fact that it contained all the words that would be addressed in the test. For example, any word that ended in "ism" was important towards the test, and were each defined at the end of the book. Consequently, when the test addressed main concepts shown throughout history, you would be able to know what they were addressing, since you studied all the "ism" words in the glossary. Overall, this textbook was a thorough guide that helped to prepare for the AP European History test. It is a very good textbook for the AP European History class. Western Civilizations also contains many sources, in order to get a viewpoint of the people who lived at that time. For every chapter section, there is a well thought out review question that focusses on the main idea of that section. Although it is a large amount of information, if read diligently the information can be remembered. With such a large textbook with a l Western Civilization is a textbook full of interesting information. With such a large textbook with a large amount of context, you cannot procrastinate. If given an assignment with this book, you should start it immediately. Despite all the work I had to do in the class this book was used in, I enjoyed the project I did. I could actually read the primary sources for fun, because they were picked out very well. The wording this textbook used was easy to follow. Some parts of the book even made me laugh. This textbook has really contributed to making me like European This textbook was actually a lot more fun to read than I thought it would be.
