

JILL SHALVIS ANIMAL ATTRACTION pdf

1: Animal Attraction : Jill Shalvis :

Jill Shalvis is the New York Times and USA Today bestselling author of many dozens of novels and novellas. A two-time RITA winner, she has more than 10 million copies of her books sold across the world.

Peanut was definitely my favorite character in this book! But Peanut was fun and so adorable! Peanut should have had more appearance in the book Jade Bennett lives in her escapism as a secretary in Bell Haven animal clinic where she met her boss Dell Connelly. Jade is an independent and sassy woman with obsessive compulsive disorder. While many romances bring us bad tortured heroes, Dell is a sweet tortured hero. I was touched by his story. Jade, on the other hand, had been living a pleasant life before one unfortunate event gave her a trauma. Both main characters were lovable. They were rather the same, such sweethearts outside while there were actually two very vulnerable souls hiding inside. I liked the way the author put the personal conflicts in Dell, it fitted his personality very well. But I had a little problem with Jade here. Jade grew up in a good family with happily married parents. Dell and Jade feel strong attraction to each other. Of course they finally fail. The romance was sweet and sizzling hot with some emotionally touching moments. JS has a quite vivid writing style which intensifies the sensuality. Dell was caring and too patient. Jade was spontaneous in her acts -I liked when she was being spontaneous at the right times- and too stubborn. Their reluctance just to say either what they want or feel annoyed me so much. Though I liked the conflict with their romance, I felt it was dragging on too long so the romance kinda lost some pace. When you read a small town romance, the supporting characters play an important role in the story. They did a good job. Brady, Lilah, and Adam brought some fun, they affected the two main characters, and they were all very likeable. I loved the brotherhood and the girlie friendship. I definitely want to read more books by the author. It was light and enjoyable, a wonderful small town romance. Moreover, it has Peanut! Well, there are more supporting animals that appear in the book such as Gertie the St. Bernard, Beans the kitten, Peanut, Peanut, and Peanut. This book was good, but if I want to re-read it, it will be because of Peanut. And when I read the other book of the series, my primary motive will be to find Peanut in there. So if I have something to say to Jill Shalvis, it will have to be

2: Animal Attraction by Jill Shalvis - FictionDB

Jill Shalvis is known for her small town romances where she is able to infuse such heart and heat into one of her books - ANIMAL ATTRACTION is no exception!
