

1: SAT Prep - 24hundred SAT Prep Courses

*Kaplan's SAT gives students the toughest practice questions, strongest strategies, and most thorough review to help them get the top score they need. Kaplan's SAT features: * The toughest practice sets for all three sections of the SAT.*

This is the best book which will boost your self-confidence because it is created by the test makers. The main disadvantage for this book is that it has three sections which vary in difficulty. Aiming for the Perfect Score Paperback This book is very good for preparing the answer hardest SAT questions and helps in getting the perfect result. It is helpful for achieving the best scores on the exams with strategies and vocabulary lists. The advantage of this book is that it is divided in three sections and is very helpful for solving the problems. The best way to achieve the score of on your exam is to read the book and take a lot of practice tests. The success is guaranteed. With its guide you very easily will learn the Grammar and the methods used for writing the perfect essay. Although the book does not have too many pages with the accuracy of the content it is very useful for preparing for the exam. This book can really teach you how to write good essays and pass the exam. Thus, you will need more tips and exercises because no book can teach you how to write good essays for such short time. It comes with the experience. Increase Your Score in 3 Minutes a Day: This book is recommended to those who are poor at solving problems in math either algebra or geometry because of the way the problem is explained it uses step by step method. A lot of people recommend it as best for math problems. The main characteristic of the book is that it allows you to download audio sessions and 24 hrs a day preparation support on your handy. It also contains 10 practice tests and a progress report in order to realize how far you are with the studying. This is easy reading book which makes it very useful for teenagers. It suggest at the beginning to take a test and after reading and preparation to realize your progress. As it name says, it contains strategy and practical test in different languages. Along with this book you will take 2 audio CD which will help you mastering the test in different languages. Also there are too many mistakes especially within the answers of the tests. This book is what you need for Writing Tests because it greatly helps you in improving writing skills and contains grammar explanation with solution. We can say that the main characteristic of the book is a grammar learning book. To understand this book and the strategies explained there you will need time so it is not recommended for fast learning SAT. This book will also give you good strategy for taking a tests and every question has solution and explanation how to rich to the solution. The main problem of this book is that it contains only two tests which are considered as too little for adequate preparation for the exam. S history and it will help you easily to pass the material. This is easy reading book and you will not need extra effort to understand it. It concentrates on the facts and you will not use time on some unnecessary information. It also has practice test which will help you to realize how much you have learned from the book. On the end of the every chapter there are quizzes which gives you fun during the break.
