3: Lover - crossword puzzle clue

If words are your passion, these puzzles--all focusing on great quotations--will be your obsession! Find the solutions and you'll uncover little nuggets of wisdom from the likes of H.G. Wells, Mae West, Harry S. Truman, Germaine Greer, and more.

Linguistic Puzzles Read these remarks carefully for important hints on how to solve the puzzles. The following links will take you to some sample linguistics puzzles. These puzzles are copyrighted by the University of Oregon Department of Linguistics, but may be copied or printed for personal or classroom use. The puzzles are grouped according to degree of difficulty, using the international system for rating downhill ski runs. Green circle puzzles are for everyone; blue square puzzles are for those who need a little more challenge; black diamond puzzles are the most challenging. The double black diamond puzzles are the toughest of the tough -- extreme caution necessary! These should only be attempted by experienced Challengers. The puzzles on this site were designed for students whose native language is English. If you speak one of the languages represented, you may or may not find that puzzle as challenging as English speakers will. You may find many linguistics puzzles in other languages at the International Linguistics Olympiad website. No additional resources dictionaries, etc. Some, especially the "black diamond" puzzles, are very challenging, but each one is solvable with no special knowledge or outside references. It often helps to use lots of scratch paper. Every language is unique, and every puzzle in this selection is unique. Therefore there is not a single approach to solving all of the puzzles. Just use common sense, logic and patience. Sometimes you will find that a particular hypothesis or line of reasoning does not work. In such cases, try again using a different approach. Perhaps some languages are written right-to-left, or the verb may come at the beginning, or the end, of the sentence. It is these kinds of discoveries that make doing such problems an exceptional learning experience. Kurmanji Kurdish , a major language of Iran, Iraq and Turkey. Classical Nahuatl , the language of the Aztec Empire, Turkish , the national language of Modern Turkey. Czech the time in the language of the Czech Republic. Endo , a Nilo-Saharan language of Kenya.
