

## 1: Learn Biblical Hebrew & Greek with eTeacher and the Hebrew University of Jerusalem

*In addition to teaching Biblical Hebrew grammar, this site provides information about common Hebrew blessings and Jewish prayers, the Hebrew Scriptures (Tanakh), the Jewish holidays, and weekly Torah portions from a Messianic point of view. The Hebrew Names of God, as well as an online glossary of Hebrew and Yiddish terms is also provided.*

Learning the Hebrew language can be both fun and exciting. By simply studying the pages to follow for just a few minutes a day you will soon be reading Hebrew and be building a small vocabulary of Hebrew words and phrases. Direction of Reading Unlike English which is read from left to right, Hebrew is read from right to left just as many other semitic languages such as Arabic. This may sound difficult but in a very short time you will get used to it. When sounding out a word it will be easier if you remember the Consonant C and Vowel V patterns. In English the consonants and vowels may be arranged in any order such as in the word "circle" which has the following pattern; C-V-C-C-C-V. The Yod Y is another exception to this as it can be a consonant acting as a vowel, just as our English "Y". Hebrew on the other hand uses "Alephbet" as they are the first two letters of the Hebrew Alephbet; Aleph and Bet. The Hebrew alephbet consists of 22 consonants and no vowels. The vowels are dots and dashes added above and below the consonants. One advantage to Hebrew is that the sound for each letter remains the same unlike English where one has to memorize many variations such as the word circus where one "c" is pronounced like an "S" and the other like a "K". Below is a chart of the Hebrew alephbet as an introduction and these letters will be learned in the accompanying lessons. An audio clip for the names of each letter is also available. The first letter is in the upper right hand corner and is read from right to left. Five of the above letters have different form when it appears at the end of word. These letters are called the "final" letters *sophit* in Hebrew. Several of the letters in the alphabet are very similar and can easily be confused with other letters. This is very common at the beginning but soon you will be able to make the distinction between these letters without difficulty. Below is a chart with these letters and you may want to refer to this chart on occasion during the lessons. Modern and Ancient Hebrew The pronunciation of some of the consonants and vowels have changed over the centuries but this does not affect the meaning of words so we will learn to pronounce them according to the modern Hebrew. Modern Hebrew pronunciation is also divided into two parts, Ashkenazie and Sephardic. Since Sephardic is the pronunciation adopted by the State of Israel, we will also use this pronunciation. The Hebrew Vowels In modern Hebrew vowel pointings called "nikkud" *nikkudot* in the plural have been added to words to provide the vowel sounds for each word. The chart below lists these vowel pointings and will be learned in the accompanying Hebrew lessons. These vowel pointings are used in Biblical texts, Prayer books, Hebrew Grammar books and children books but are not normally used in Hebrew writings such as in novels, newspapers, signs, etc. The Lessons The first 12 lessons cover the Hebrew alphabet. Each lesson includes new consonants, vowels, a practice section, new vocabulary words and sentences. The practice session will allow you to practice the new letters and vowels and refresh yourself on old ones. The vocabulary section will consist of a few words using the new letters and vowels to begin building your Hebrew vocabulary. The Sentences will allow you to begin using your new words in sentences. To assist you in learning the letters and words, I recommend that you put the letters and words you are learning on flashcards so that you can study them at any time. Each of the lessons include audio to assist with pronunciation. Just click on the audio icon to the right of each line to listen to the audio. The next four lessons lessons 13 through 16 cover verbs, nouns, adjectives and other Hebrew words. And the final lesson lesson 17 is a set of translation practices.

## 2: Learn | Daily Dose of Hebrew

*Welcome to [www.enganchecubano.com](http://www.enganchecubano.com), your online home for learning Old Testament Hebrew. All the resources created for you by Drs. Garty Pratico and Miles Van Pelt. If you want to learn biblical Hebrew, this is the place to start.*

Now including Tibetan and Chinese! Available in Hebrew, Greek, and French. New chapters added weekly. Syllables are the foundation to reading and this method is fun and easy. Give it a try. I try to explain everything carefully, including the English grammar that so many textbooks assume you already know. Microsoft Internet Explorer to get Shockwave to work. Reading level is intermediate. We meet once a week in a virtual world, equipped with voice chat, for a hour and a half of Hebrew Bible reading practice. Discussion ranges from vocabulary and verb forms to literary structure, textual criticism occasionally, and theology. We will also often examine the passage from the perspective of the whole Christian canon NT as well as OT. The goal is to inform the head as well as the heart by listening carefully to the sacred text and to one another. Contact me for further information. At the time I was on staff at Briercrest College and Seminary in Caronport, Saskatchewan, and we needed a distance learning option for non-resident seminary students who had a Biblical Hebrew requirement in their program. Long story short, I ended up making a deal with the school where they would provide some resources computer hardware and multimedia software and I would make a series of first year Hebrew lectures on my own time, that I would then own, but we would also use in the Briercrest distance Hebrew course. The arrangement worked out well. Briercrest got a course and I got a website. In we moved to rural Quebec to pastor a small bilingual Baptist church, though I still instruct the distance Hebrew course for Briercrest.
