

1: Lost Love: Kelly Elliott: www.enganchecubano.com: Books

Love Profound by Kelly Elliott is a deeply profound beautiful romance that had all the makings to make readers fall in love with love. Boy oh boy, did my heart go pitter patter as Elliott will have you in a puddle of mush as this book was filled with every element of raw emotions, sweetness and Southern charm.

The more I read this author the more I like her writing. I really enjoy stories like these where the main characters have a slew of over protective brothers who are always in their little sisters business and love life threatening any man who even tries to approach her as they always threaten to pound the heck out of who is even brave enough to attempt seduction. It makes for so Loving this Series! It makes for some really funny interactions when Amelia stands up to them and gives them shit right back. Amelia is a bit of a spitfire so you can just imagine how frustrating and funny these situations are. For all their protectiveness and bullying you can see just how close all these siblings are and how much they love one another. I really love that. She is just a girl comfortable in her own skin and in touch with her needs and wants when it comes to her own sexual needs. My heart swooned right then and there. I found Wade to be compassionate and kind and caring and just a super sweet fun loving cowboy with a really big heart. This was a real cute and fun quick read for us. I loved the chemistry that Wade and Amelia had between them it was hot as hell as they gave off sparks when they were in the same room together. The sex scenes were sweet and sexy and hot. We have to give a shout out to Aunt V what a pisser she was. You had to laugh out loud every time she opened her mouth. She was really a funny lady and the things she spoke about were just outrageous and funny. Grinning And we loved Waylynn to as there is more than meets they eye with her. Looking forward to her story down the line. I loved that Amelia was a risk taker and that bathroom scene with Liam proved just that. Amelia can finally say she definitely got to ride a cowboy and it was amazing and life changing and she loved it! Recommended read to all!

2: Review LOVE PROFOUND by Kelly Elliott via Piatkus Books â€“ Carti Cu Colti

My Book Review. This second installment of Kelly Elliott's Cowboys and Angels has me thoroughly invested in the Parker Family and after reading Love Profound I cannot wait to see what she has for us next!

Cowboys and Angels Series Publisher: Little, Brown Book Group Published: I drew back and fought to find air. I was breathless, and that had never happened before. It was everything I dreamed it would be and more. I wish we were alone. I needed to take things slow. I needed a distraction before I dragged her caveman-style to a hall closet or something. Amelia lifted her brow. It was like she was made for me with how she fit in my arms. For the first time in far too long, I felt like I was where I belonged. Song after song, we danced. The sexual tension between us grew each time I pulled her close to me. Fuck, all I wanted to do was touch her. Feel her moan when I slipped my hand down her panties. Every time she laughed and winked at me, my dick grew painfully harder. After six fast songs in a row, a slow song started, and I cursed under my breath. There was no way in hell I could hold her against me. Not with my dick about to bust out of my jeans. Thankfully, Amelia checked out. Laughing, I placed my hand on her lower back and guided her to where Steed and Paxton were sitting. It was hard not to notice the two of them looking at us with goofy grins. The second she sat down, Paxton dove in with the comments. That was some kiss! Steed glanced my way. His smile faded, and he looked straight into my eyes. Patches is running this way, and he has a look of determination on his face. Love Profound by Kelly Elliott. This site does not store any files on its server. 4: Love Profound by Kelly Elliott Review - Cara's Book Boudoir

Read "Love Profound Cowboys and Angels, #2" by Kelly Elliott with Rakuten Kobo. I write about love, but I've never experienced it. Sure, I've been with guys that I cared about.

Buy on Amazon I received this book for free from in exchange for an honest review. This does not affect my opinion of the book or the content of my review. He turned out to be the frog and not the prince. Does happily ever after really exist or is it only something I write about in books? Love Profound is book two in the Cowboys and Angels series. I absolutely adored the first one in the series, Lost Love, and I was so excited for this book. She breathed life into these characters and their story. Amelia is my kind of girl, strong, self-confident, and not afraid to go after what she wants. She knows exactly who she is and what she wants, which is some casual fun until she meets the one. The moment they meet, you can feel the chemistry between the two. I did love these two characters and the fact that once they gave into their attraction and love, they went for it and nothing else mattered. Both characters are very well-established and made me fall in love with them on page one. I loved all the characters in this story, especially the other Parker siblings a lot, and this is an amazing series I will continue to read for sure. Maybe it was because I had such high expectations or expected a certain type of story. And I got the complete opposite. I expected angst, which there was very little of; I expected some conflict which there was none. While I loved both main characters as well as the side characters, I just never connected with the story line, which left me confused at times. However, this does NOT mean this book was bad, to the contrary, this book was still great when it comes to the writing and the characters. Sadly, the storyline, for me, lacked a great deal to give it a better rating. I am still looking forward to the next installment of the series! I do love these Parker siblings!
