

1: Mack (The King Trilogy, #4) by Mimi Jean Pamfiloff

"Mack" - Another great read by Mimi Jean Pamfiloff! She has yet to disappoint me with any of her books, and I have read them all to date. "Mack" is a continuation story (of sorts) from Mimi Jean's "King Trilogy" series, but it is also a great standalone read.

And if I play my cards right, I will soon be dead. Not even my powerful twin brother will be able to resurrect me. Because a man like me has no business living. Not when I have killed. Not when I have betrayed everyone I have ever cared for. This is why I have come looking for her--the only one capable of ending me once and for all. Or will she believe the truth? I am thousands of years old, my heart too dark to be salvaged. My entire life has been a canvas of grays, whites, and black. But I can save him. The author acknowledges that Mack is primarily a love story and that no new ground is being broken with this installment. I concluded reading the King Trilogy in and did not immediately recall details. Pamfiloff does a good job reminding readers of the big facts, but I had certainly forgotten the minute. The love scenes are vividly descriptive. The plot twist gives this book a bit of bite and also sets the table for an additional installment, The Ten Club. I am grateful Pamfiloff is not finished with these characters. I adored The King Trilogy. While I found King and Mia infinitely more interesting than Mack and Teddi, I look forward to another installment in this series. But, really, can it still be called a trilogy? Seeing objects equated seeing facts. There is the floor. There is the couch. Guessing where things wereâ€”I think the leg of this table is around here somewhereâ€”ouch! It was why nightlights were invented. May I turn on the lights so we can discuss the reason you are here? I squinted, my eyes straining to see his face but only able to make out his silhouetteâ€”broad shoulders, short hair, and fit-looking arms from the shadows of biceps I was able to spot. The question was, did he intend to harm me? His response would tell me everything I needed to know. I waited for a reply. And then I waited some more. This was silly and a completely unproductive use of my time. I would just have to see him with my own two eyes. My gift would do the rest. I flipped off the lights, turned, and left the room.

2: Two Ends of the Pen: Excerpt: MACK by Mimi Jean Pamfiloff

MACK, from the KING TRILOGY by New York Times Bestseller, Mimi Jean Pamfiloff.

This book was generously provided to me in exchange for an honest review by the author. This is a dark series so I expected that. But somehow Mimi Jean still found a way to shock me. I literally gasped out loud. I think my hand even flew over my mouth! So does this make her the master of authors? Or the master of torture? This is the story of Mack. In book three, we learned exactly who Mack really is, but now we get his story. What happened to him when Mia made him run over three thousand years ago? He did find love, only to have it stolen away from him, and for him to be forced to endure his own curse, a curse that would make him a monster. Theodora Valentine or Teddi was always smart, way ahead of her classmates. Now, with her PHD in Psychology, she has been hired as director of a private mental hospital. Teddi has a knack for being able to diagnose patients almost immediately. But emotionally, she is void. As she is reviewing patient files, she comes across a John Doe that just walked in and checked himself in. He just sits in his room in the dark, seemingly waiting for something. If this man is refusing treatment, then they could use his room for someone else, so she decides to visit the man herself. One look into those piercing blue eyes, and the flood gates open. All the emotions she never felt come rushing in. But Teddi is convinced these are the ravings of a diseased mind. But how can she explain these sudden changes she is experiencing? Or what of the dreams? He claims that she is the only one that can end the curse by ending his life. She has to find a way to save him. And everything about him made me want to fight tooth and nail to keep him. We still get plenty of King. In true Mimi Jean Pamfiloff fashion, she leaves us hanging yet again. She says that there is one final chapter to be told in this tale. That Mack and King will finally have to face off in the final book, The Ten Club, due out later this year. So, did I love this book? Yes, I most definitely did. I suspect I am going to need some recovery time from having been immersed in this world for the last few days while reading all four books back to back. But I have loved every minute and every page of it. Buckle your seat belts because you are in for a wild ride.

3: Book Review: Mack (The King Trilogy #4) by Mimi Jean Pamfiloff + giveaway | I Smell Sheep

*In true Mimi Jean Pamfiloff fashion, she leaves us hanging yet again. She says that there is one final chapter to be told in this tale. That Mack and King will finally have to face off in the final book, *The Ten Club*, due out later this year.*

With his twin brother and other evil beings also searching for him, Mack prays he has time to accomplish his goal before the others try to put a stop to it. Nor is she sure why the enigmatic stranger draws her in like no other. Teddi only knows that they have a bond that she must protect at all costs, even as Mack asks her to unthinkably end his life. Now, I loved so much that I could hardly breathe. Yes, I barely knew this man. But my heart and soul knew him like the sound of my own voice. I was pretty much blown away with the range of emotions portrayed as well as how swept up I became with the story. But this raised the stakes even higher, giving us a glimpse into the, at times, horrific choices they have had to make in the name of brotherhood and love over the years. Boy, this is a tough one to review without giving away too much. But what I can say is that we have a cast of characters who have all been battling each other in one form or fashion for centuries. What I did get a sense of, though, was that Mack and Teddiâ€™as well as King and Miaâ€™were destined to be together. Fortunately for us but unfortunately for them their saga will continue with another upcoming book as they all strive to find closure along with a happy ending worthy of all their sacrifices. Mack was a Paranormal story that truly had it all: And if I play my cards right, I will soon be dead. Not even my powerful twin brother will be able to resurrect me. Because a man like me has no business living. Not when I have killed. Not when I have betrayed everyone I have ever cared for. This is why I have come looking for herâ€™the only one capable of ending me once and for all. Or will she believe the truth? I am thousands of years old, my heart too dark to be salvaged. My entire life has been a canvas of grays, whites, and black. But I can save him.

4: MACK (The King Series Book 4) eBook: Mimi Jean Pamfiloff: www.enganchecubano.com: Kindle Store

Free download or read online Mack pdf (ePUB) (The King Trilogy Series) book. The first edition of this novel was published in, and was written by Mimi Jean Pamfiloff.

Joyce Lamb February 15, Welcome back to HEA, Mimi! Please tell us a bit about your new release, Mack. Mack is the story of a mysterious man who shows up one day at a mental clinic, claiming to be cursed. Teddi, the head psychologist, is instantly intrigued by the beautiful man and wants to help him. Oh no, no, my friend. In this fourth installment of the King Series, we learn all of the sordid details. And, of course, we get more time with King! For those who are new to the series, no problem! Mack is a stand-alone novel and can be enjoyed on its own. Do you have any particular rituals that help you get into the writing frame of mind? Both really help to set the mood! I love dogs and have two of my own. But three of my neighbors leave their big dogs outside, barking all the time. I am definitely a pantsner! But no matter what I do, the story goes in another direction. Why am I following my outline? They usually hang out in my office until the kids come home from school. What would be your dream vacation? I have never been to Crete and so badly want to go there. The strange part is that because part of my King Series is set there, I feel like I know it already, like I could step off the plane and know my way around. Still, I need to go there and touch that blue, blue water. What do you do in your spare time? Harhar â€¦ yeah â€¦ No. What are you working on now? The only thing that will stop the transformation is getting Beauty to fall for the Beast. Thank you for having me!! And if I play my cards right, I will soon be dead. Not even my powerful twin brother will be able to resurrect me. Because a man like me has no business living. Not when I have killed. Not when I have betrayed everyone I have ever cared for. This is why I have come looking for herâ€”the only one capable of ending me once and for all. Or will she believe the truth? I am thousands of years old, my heart too dark to be salvaged. My name is Teddi, short for Theodora. My entire life has been a canvas of grays, whites, and black. But I can save him. Find out more about Mimi and her books at www.

5: Mack by Mimi Jean Pamfiloff (, Paperback) | eBay

Mimi Jean Pamfiloff Please tell us a bit about your new release, Mack. Mimi: Mack is the story of a mysterious man who shows up one day at a mental clinic, claiming to be cursed.

This book was generously provided to me in exchange for an honest review by the author. This is a dark series so I expected that. But somehow Mimi Jean still found a way to shock me. I literally gasped out loud. I think my hand even flew over my mouth! So does this make her the master of authors? Or the master of torture? It was dark, sexy, and mysterious, with its swoony moments and a touching story of two souls trying to find peace and with any luck, peace and happiness together. A brilliant story about enduring love. And if I play my cards right, I will soon be dead. Not even my powerful twin brother w But, so glad I meet King again. This book is pretty much the definition of star crossed lovers. Move over Romeo and Juliet, Mack and Teddi are the star-crossed lovers to beat all. Mack is the very definition of a tortured soul and Teddi a typica Great book spinoff from King Trilogy! And I loved it! Stunned at the end, but looking forward to more in this series! I have read every book from this author and they just keep getting better! Mimi Jean Pamfiloff is one of those writers. She can take evil spirits, monsters wearing human clothes and curses that survive death, and weave them into something so f Ann Ellis Exciting, suspenseful book. Mimi Jean consistently gives the reader a book that makes you sad when you read the last word of the novel. This is the story of Mack, the brother of King from the "King Trilogy. The characters are complex as is the story. I highly recommend this bo I have to say, if I had held a "real" book with pages as I traveled the "Mack" world, instead of on my Kindle, there would be teardrops dotting pages here and there. This was a speed-of-light read as the action moved at a fever pace. Mysteries and the back story of Mack were described in sometimes ghastly detail. But kudos for the She has yet to disappoint me with any of her books, and I have read them all to date. Mack is an extremely angry There are several characters you already know, King, Mia and members of the 10 club. Mack had me from the first book, and although this book is a little lighter than the other books, it still had me crying at one point and thinking WTH. Cali Jewel Awesomely exciting roller coaster ride. I like many other readers fell for Mack from his first appearance in King. Theodora is a very intelligent, and special person. Debbie Ballard Outstanding, thrilling, exciting, captivating sequel to the King Trilogy by the phenomenally, talented author, Mimi Jean Pamfiloff. The mysterious patient, Mack, in room 25 checked himself in, paid for three months, and wants to be left alone. Teddi is irresistibly drawn to the man in room 25 and wants to help him even though she is experiencing stra Chanelle I was given an ARC of this book in return for an honest review. I absolutely loved this book. Seriously Mimi has done it again with the dang cliff hangers. Stop your heart and hold your breath WTF just happened moments. Mack and Teddi have a crazy story with lots of ups and downs. I really love the way the story just keeps you pulled in with no chance to stop. Mandy C I really enjoyed this book I received it as an arc and boy was I impressed. I think it is even better than the King Trilogy which I also loved. It grabs you from the very beginning! So thank you Ms. Mimi another wonderful read! I need so much more! So I was very excited to start his book and it did not disappoint. Henneman Unconditional love present? Blindingly gorgeous and ripped men each focused on finding the single woman in the universe who can bring those things into their lives? I was generously given an ARC copy in exchange for a review and am happy to say Mimi Jean has delivered once again! His story, to me, is about uncondit The BookChick 3. My feelings are all over the map. Some of those feelings are good and others are bad As always Pamfiloff delivers a power packed story full of thrilling intrigue. Readers of King will be thrilled to get ahold of Mack. We finally get to read his journey and see how his soul became one of the damned. Let me just start by saying OH. This story was so multidime Another great paranormal read with that twist that ties us back into the King Trilogy which just so happens to be my all time favourite trilogy. Whilst this is a standalone, I highly recommend reading The King Trilogy first. Theodora aka Teddi has landed herself an amazing new job in a mental health facility, she is super intelligent however, she is a li What can I say about this amazing book and the talented Author who wrote it? How about Thank You for another ride on the Mimi Rollercoaster. I keep thinking that you will somehow run out of ideas to amaze me and the other readers with, but you never do. I

know not everyone will be happy about the way this book ends, but I feel like Mimi has opened Petra R I was provided an advanced copy of this in return for an honest review. If you loved the King trilogy, you will not be disappointed. Yet again she produced another cracker. So happy to be revisiting King and all the characters again. Jezka Brash Even though this is a great stand alone book, I felt quite a bit of satisfaction having already read the King Series. Well, most of them Cathy Lincoln Once again Mimi Jean takes us on a twisting, thrilling ride involving King, Mia and a couple other returning characters from the King Trilogy! Mack is book 4 and is a great companion to the trilogy which I recommend you read first but is also fantastic as a stand alone book. Mack is dark and so compelling that I did not want to put it down. You will feel a bond with the characters and it will leave you wanting more from Mimi Jean. Teddi is a wh Linda Mack has secrets, and desires he wont share, but now hes finally found the one who can help him with his deepest wishes. Will King let him have his way this time? Teddi has spent her life knowing shes not like everyone else, that she lacks the feelings and empathy - but somehow the new patient at work fascinates her like nothing else. When he starts claiming outlandish statements though, will she trust him - and can she help him? The story was unconventional from beginning to end. The author really used her imagination and and when you start the first page you really become involved with the story and the characters and they really touch your heart. For those of us out there who are familiar with the other books in the King trilogy all I can say is prepare yourself
