In this premium Online Video Course, you will learn how to: Videos available on Computer, Tablet, and Mobile! Testimonials The video tutorials of the mixing and mastering process helped me understand the process more clearly. This process separates poor to average sounding recordings and achieving a professional sound. The videos are clear with the directions and suggestions and help to save time that would otherwise be used for trial and error and attempting to master the process on your own. Having all the material consolidated into one easy to navigate website is also more helpful than searching for tutorials on your own whether it be on the internet or in bookstores. Deez Rapper , <https://www.youtube.com/watch?v=...> After watching the tutorial videos, I can really hear the difference in the mixed material. The mixed material brings the track to life in your mind. You actually can see what you hear. Which is extremely important for grasping and attracting listeners. The quality of the videos were nice. The narrator made it very clear too by explaining everything that was in the video in verbatim. I must say that there was a lot of info and one will not get it all by watching the videos once, but I recommend watching the RecordingNow Tutorial videos to any up and coming Artist or producers before sending them to Youtube to waste time searching all day. Tana Rapper , <http://www.youtube.com/watch?v=...> I learned that it makes a HUGE difference in the final outcome of the song and how good it sounds. These videos are very helpful and good quality. Easy to follow and easy to interpret. I spent countless days, hours, and time searching youtube videos that were low quality and not direct. If a new artist wants to learn some of the basics and fundamentals I would highly suggest this to them. The website is easy to use and very simply layed out.
