

1: David Boctor (Author of MS Office 97 Visual Basic Step by Step)

I love the Microsoft Step by Step books and this one is no exception. (I used the Word and Excel advanced books to help me pass MOUS expert tests) I was fairly inexperienced not to mention scared to death when it comes to macros, Visual Basic, VBA, the VBA editor, windows objects, methods, properties, activex controls, integrated office solutions and the like.

Hardware support Development resources Choosing an ASC allows you to work with one vendor for all of your technical support and service needs. You can also combine ASC services with your in-house Help desk or the Microsoft support service option that best fits your support needs. Pacific time, Monday through Friday, excluding holidays. In Canada, call between 8: Eastern time, Monday through Friday, excluding holidays.
