Wellcome Library The Wellcome Library in London made , art and medicine images available online for open use. This collection is where to look for offbeat, bizarre photos including medical art of all types including manuscripts, paintings, etchings, early photography and advertisements. The images may be used for commercial or personal purposes, with an acknowledgement of the original source Wellcome Library, London. WorldImages Contains approximately , images , is global in coverage and includes all areas of visual imagery. You are free to use these images for non-profit educational purposes, but give credit to the copyright holders who retain rights to the images. These works are licensed under a Creative Commons Attribution-Noncommercial 2. Yale Center for British Art Every effort is made to include at least one image with each record from the art collections. For works in the public domain, images may be downloaded free of charge. With print publication in mind, downloads are offered in TIFF format in three different sizes appropriate for quarter-page, half-page, and full-page reproduction. All materials, regardless of location, require advance paging which occurs twice daily, once in the morning and afternoon. The Library is a closed-stack non-browsing , non-circulating collection. Digital images may be taken with a camera, cell phone, or tablet, as long as the flash is turned off and no tripod is used. Additionally an overheard book scanner is available free of charge. Researchers may bring their own portable USB or save to the cloud. Contact Us For more information, to request image files, or to ask a reference question, please e-mail , or call Note: The Library does not appraise materials. Please contact the American Society of Appraisers, P. Box , Washington, D. NDSR Art supports art librarians and visual resource curators in their endeavor to provide long-term, durable access to born-digital works of art and publications, images, institutional repositories, and interactive technologies. NDSR Art enhances skills to ensure quality access, presentation, and preservation of our digital cultural heritage for twenty-first-century users and future generations. Over the course of two years, eight residents will be matched with host institutions across the country for twelve-month paid residencies.
