1: Jack Moeller: used books, rare books and new books @ www.enganchecubano.com

Jack Moeller is retired from Oakland University after many distinguished years of excellence in teaching. He continues to be involved in the revision process of DEUTSCH HEUTE and KALEIDOSKOP to ensure the quality and integrity of the program.

For every unexcused absence in excess of two 2 for classes meeting twice per week, and three 3 for classes meeting three times per week, the semester grade will be reduced by 1 point. If you miss more than 10 minutes of a class, it may count as an absence, but it is still recommended that you attend the remainder of the class in order to learn the material. If you accumulate 6 for classes meeting twice per week or 9 for classes meeting 3 times per week or more unexcused absences, your semester grade will be F. If you miss three 3 consecutive weeks without contacting your instructor, you may be dropped from the class roll or receive an F for the semester. If you are absent it is your responsibility to get information on the missed material and any changes in the assignments from a class mate. For more detailed information on attendance regulations and on what constitutes an excused absence consult [http: Preparation and Participation](http://Preparation and Participation) Preparation for class and participation in class are essential for success in learning a foreign language. Homework will be assigned on a regular basis and completion of the homework is required. Class participation will be graded using the following rubric: A - Student comes to class prepared, bringing proper materials, arriving on time and staying the full length of the class. Student is attentive and frequently volunteers to participate. Student is actively involved in all class activities and stays on task in group work. Any questions or comments are pertinent. B - Student is usually prepared. Student is always attentive, participates in all activities and volunteers from time to time. Student asks only pertinent questions. C - Student shows evidence of being unprepared on occasion. Student may arrive late or leave early in some instances. Student volunteers infrequently and may ask questions that would not be necessary had the student prepared for class more thoroughly. Student rarely volunteers and demonstrates lack of involvement in class activities. Student may not stay on task in group work and may ask unnecessary or inappropriate questions. F - Student exhibits lack of concern for the class. His or her behavior may have a negative effect on the class. Vocabulary Quizzes You will take one vocabulary quiz per chapter. It is based on the vocabulary lists Vokabeln 1 und 2 of the textbook. Written Assignments You will regularly hand in written assignments. Check the semester schedule for due dates. The written assignments consist of three components: If you know in advance that you will have an excused absence on a test day, you need to inform your instructor at least one week prior to the test. If you miss a test because of an emergency, you need to inform your instructor ASAP after the test. If you miss a test because of an unexcused absence or you fail to inform your instructor of an excused absence prior to the test, it will be up to your instructor to give you a make-up test. You may not use any electronic devices or any print materials or notes during tests. Final Exam The date for your final exam is listed on your syllabus. The university policies and procedures regarding final exams are outlined at [http: Class time will mostly be used for interactive practice of material you have studied at home, so you need to be focused on oral communication, with some note-taking by hand. Class Email List On occasion, announcements will be made through email messages. The University has an official email address on file for each of you. It is your responsibility to make sure that you receive email from this account. Students with Disabilities Reasonable accommodations will be made for students with verifiable disabilities. For more information consult: For more information please consult \[http: Academic integrity extends to all work done in a course, including homework, class work, papers, projects, oral and written tests, lab work, and exams. You may study together with classmates, but everybody needs to turn in their individual homework assignment. If an academic integrity violation is detected, your assignment or test carries an automatic F and the incident will be reported to the NC State Office of Student Conduct. If you have any questions about what is permitted or forbidden, e. Class time will primarily be used for practice of the material you have prepared at home. Please read through the assigned pages and study the material. It will be\]\(http://\)](http://)
