The Complete My Sister the Vampire Set, Books Switched, Fangtastic!, Re-Vamped!, and Vampalicious! by Sienna Mercer • Ratings • 5 Reviews •

This leads to some new tension between the twins as Olivia tries to bring her new friend Holly into the group. Then it turns out that the whole vampire community is threatened by a blogger who is claiming to have proof of vampires living among the humans in Franklin Grove. Things you might want to know before suggesting this to your kid Secrets The secret of vampire existence stays crucial to the setting, of course. Protecting this secret often takes precedence over other things, leading to many of the central conflicts of the series. In a longer book, this would get really annoying. However, these books are short enough that nothing stays secret for more than a handful of pages. Internet Rumors It turns out that the blogger is only trying to bring attention to a vampire-themed novel—she had no idea that people would take her seriously or that she could possibly threaten anyone. This provides a subtle support for the potential dangers of posting things on the Internet and how easy it is to get in over your head—a topic I know my kids are hearing a lot about from a variety of sources. Family Family is at the core of the series. This is perhaps the most drama Olivia and Ivy have had between them, and it feels understandable. Both are being a bit stubborn, but it never goes so far that the other people in their lives have to take sides. It looks like the stage is being set for the star-crossed couple to get back together. Yes, this is the only picture I could find that matched the cover of the book I read. In Fangs for the Memories called Double Disaster! Although terrified that their vampish nature will stand out at the new school, it turns out that the new middle school is run by the goths. How will Ivy deal with being part of the popular crowd? Things you might want to know before suggesting this to your kid Peer Pressure Ivy deals with two different types of peer pressure—Amelia, the queen goth, clearly tells everyone how they should dress and act and who they can be friends with. Sophia suddenly puts intense pressure on herself to look the same as all the skater girls, because she wants to impress the dreamy king of the skaters. It makes her seem vapid. The bright, optimistic, problem solving Olivia is replaced with a single-minded, clumsy, tongue-tied Olivia. Olivia comes across as totally self-absorbed in this book. Crushes Sophia has her first crush on a skater named Finn and she deals with it in the most obvious and humiliating way possible. However, although his friends are pretty awful to her, Finn is a nice guy. The one left at home has people to interact with, but the one who is away is isolated and, to me at least, overly angsty and annoying.

Edit Olivia is the human daughter of Charles Karl and Susannah. It was thought that her mother a human died in a car crash when she was 34, but it is later discovered she died while giving birth to Olivia and Ivy. For one whole year, he decided to raise Ivy and Olivia side by side, even though Ivy was a vampire and Olivia was not. Then one day, Olivia drank a vampire baby formula and unfortunately, drank almost all of it. Charles started panicking because he thought something would happen to Olivia. He left her with only his wedding ring which she is given on her tenth birthday. The ring is one of a pair and the other belongs to Ivy. She is a cheerleader for the Franklin Grove Devils. Olivia is known to be very perky, bright, talented, and popular, thanks to all the publicity her and her sister Ivy get for being long-lost identical twin sisters. She is a bunny human in vampier language , and is the complete opposite of her Goth, vampire and black-clad but stylish sister Ivy. Olivia is also a vegetarian her favourite food is tofu unlike Ivy who loves meat. Olivia and Ivy are both very good at gymnastics. Besides cheerleading, Olivia is okay in singing and is proven to be an incredibly good actress. She later auditions for the female lead role in a movie, and ends up starring along side Jackson Caulfield. Before he came to town, Olivia was in love with him, his songs, and his movies. Olivia loves to read, especially the Count Vira series, which coincidentally are about vampires and forbidden love. Appearance Edit Olivia and Ivy look totally identical. They both have round chins, high noses and brown eyebrows. Everything else about how they physically look is alike except for their eye colour, and skin tone. Olivia has beautiful blue eyes and naturally tanned skin colour but sometimes uses her Santa Monica Beauty spray tan. Olivia usually gels it up in a ponytail, whilst Ivy lets it tumble over her shoulders, covering her face. Olivia usually puts on pink lipstick, blush and a thin layer of mascara. Ivy has really pale skin since she is a vampire.
