Hire Writer Secondly, the rat is symbolic of the terrified helplessness of the Thomas family and Bigger's response to it: The rat's belly pulsed with fear. Bigger advanced a step and the rat emitted a long thin song of defiance. Bigger crushes the rat utterly and, in triumphant bravado, launts the bloody corpse in his sister's face, enjoying her terror. Lee recognizes the significance of this episode of fear, rage, and violent action. He states that the entire novel is an extension, with the roles inverted of this chilling metaphor. Lee Finally, the killing of the rat is symbolic of Bigger's attempt to assert himself as someone important. Lee argues that Bigger actually hated his family. He hated them because he knew that they were suffering and that he was powerless to help or protect them. The killing of the rat represents, perhaps, Bigger's one chance to protect his other and younger siblings as the patriarch of the Thomas family. Lee Edward Margolies views blindness, which affects everyone throughout the novel, as the most important symbol. He believes that Wright uses blindness to illustrate the relationship between the races. His symbolic use of blindness illustrates how blind whites are to the humanity and existence of black people. Whites prefer to think of blacks in easily stereotypical images—in images of brute beast, or happy minstrel. They are incapable of viewing blacks as having sensitivity and intelligence. Even well-meaning people like the Daltons are blind to the suffering of blacks. The Daltons lavish millions of dollars on black colleges and welfare organizations—while at the same time they continue to support a rigid caste system that is responsible for black degradation in the first place. Margolies Functional And Dysfunctional Conflict Commerce Essay To support his belief, Margolies illustrates how this symbolic blindness affects all of the characters. Bigger is blind to the realities of black life as well as to the humanity of whites. Bigger vaguely discerns the white enemy as white tides, icy white walls, and looming white mountains. He is therefore unable to accept Jan's offer of friendship, because he blindly regards all whites as symbols of oppression. Mary, Jan, and Max are just as blind to the humanity of blacks as the others—even though they presumably want to enlist blacks as equals in their cause. For Mary and Jan, Bigger is an abstraction—a symbol of exploitation rather than someone whose feelings they have ever tried to understand. Daltons' blindness is symbolic of the blindness of the white liberal philanthropic community. Margolies Margolies believes that in all cases but Mrs. Dalton's, blindness is psychosomatic. Like others, however, Mrs. Dalton has a spiritual handicap as well as a physical one. She and her husband, as Max points out, cannot see the malevolent condition, which they serve and perpetuate. Similarly, Mary and Jan cannot see the emptiness of their charity. At different points in the novel Bessie is blinded by tears and fright, while Bigger is blinded by snow, light and rage. In the presence of Jan and Max he feels transparent and invisible. At the end of the novel Max groped for his hat like a blind man. The two abstract conceptions, love and justice, which inform *Native Son* are also traditionally blind. Margolies Finally, Margolies argues that only one person, Bigger, overcomes this symbolic blindness. Bigger gains a kind of sight in the novel. The sight Bigger gains is distorted though. It is made up of images that appear when one holds a magnifying glass close to the face, and then moves it further and further away from one's eyes until the picture reflected in the glass comes in at once clearly and upside down. Bigger begins the story seeing everything in a haze. The sight, which he eventually achieves, is in sharp focus, but out of whack. Margolies Dan McCall differs from both Lee and Margolies. McCall argues that the most powerful symbol Wright uses in *Native Son* is the kitchenette. He views the opening scene as symbolic of how people driven so closely together are driven violently apart. The kitchenette throws desperate and unhappy people into an unbearable closeness of association, thereby increasing latent friction, giving birth to never-ending quarrels of recrimination, accusation, and vindictiveness, producing warped personalities. The full recognition of how the kitchenette forms Bigger's sensibility—or how it deprived him of one—is what makes this symbol so important. McCall 3. McCall points to the kitchenette as the reason why Bigger thought the way he did. The kitchenette constantly reminded Bigger that he is black, and that is

how he is supposed to live. The kitchenette is responsible for making Bigger black crazy. He is incapable of nonracial thought. His obsession produces what McCall calls the state of exaggeration. This state of exaggeration serves to show the emotional intensity with which Bigger attacks ordinary, daily problems McCall 5. This state of exaggeration is clearly seen in the kitchenette, argues McCall. It is seen in the overwhelming fear of being looked at that the Thomas family has. On the first page of *Native Son*, when people get out of bed, the first words are Turn your head so I can get dressed. Day after day in the ghetto that is the call to society; and on the second day of Wrights novel, Vera repeats the line Turn your head so I can get dressed. Even when one is dressed, the fear and horror of being seen continues McCall 6. McCall argues that Wrights point is to show that for those urban slum dwellers the folk culture was swallowed in unbearable closeness. This emptiness and fear of being looked at Bigger carries with him all day long. The scene which begins the book is present at the very center of the crime where Bigger is hysterical at not being able to get the entire human form into a tight place. Bigger's head, his sensibility, was cut off in the kitchenette McCall 7. Without the use of symbolism, *Native Son* would not have had the impact it did. Bigger Thomas symbolizes the truth about the relationship between blacks and whites. *Native Son* had a huge impact in America because it exposed the horrible truth about that relationship. Bigger Thomas symbolically represents the consequences of a relationship based on abuse, inequality, and fear. However, in order to understand Bigger Thomas, one first must understand the symbolism behind the black rat, the kitchenette, and the element of blindness. Choose Type of service.

Unemployed, Bigger hangs out with his pals; they occasionally commit petty crimes to get spending money and prove their manhood. Bigger expresses his pent-up feelings mainly through violence. Bigger gets a chance for a better life when the Daltons, a family of rich white liberals, hire him as a chauffeur. Disaster strikes on his first night on the job. Bigger is soon apprehended and put on trial for his crimes. His white, communist lawyer, Boris Max, battles a racist prosecutor, Buckley. Bigger, however, makes a pathetic revolutionary model, and Max himself is no more convincing than the other stereotyped whites. Notes on the Imagery in Native Son.
