O Paradise, O Paradise. F. W. Faber. [Heaven.] First published in his *Hymns*, , in 7 stanzas of 8 lines, and entitled "Paradise." In it was included in the *Appendix to Hymns Ancient & Modern*, with the omission of stanzas iii. and vii., and the addition of the stanza "Lord Jesus, King of Paradise," by the compilers.

Background[edit] On 20 October , an anonymous Reddit user hinted at the existence of the Paradise Papers. According to the BBC , the name "Paradise Papers" reflects "the idyllic profiles of many of the offshore jurisdictions whose workings are unveiled", so-called tax havens , or "tax paradises". The consortium made the data available to these media partners using Neo4j , [16] a graph-database platform made for connected data, and Linkurious , [17] graph-visualization software. This allowed journalists across the globe to undertake collaborative investigative work. The documents were released by the consortium on 5 November According to The Express Tribune , "Apple, Nike, and Facebook avoided billions of dollars in tax using offshore companies. This may indicate that Apple took advantage of a tax incentive known as a capital allowance, which gives Irish companies generous tax breaks for buying intangible property — essentially intellectual property like patents. Apple had been paying a lower rate of corporate taxes in Ireland in a so-called sweetheart deal. This attracted the attention of EU regulators as many multinationals were doing the same thing. The third is receiving tax breaks in Ireland for buying Apple IP from another Apple subsidiary[citation needed]. If the ICIJ possesses data of a criminal or regulatory nature which relates to business activities in Jersey then the JFSC requested that this information is shared with them and, if there is any evidence of regulatory wrongdoing, then they would investigate and take action if appropriate. The Government of Jersey States of Jersey also issued a statement of similar effect on 7 November Apple paid all of its taxes in Ireland as required by that country so Ireland is appealing the EU decision. HP, Nike, Microsoft and others use the same tax arrangements in Ireland, Luxembourg and other countries,[citation needed] but Apple is frequently cited as a media example. Efromovich used a Panamanian offshore that hid more than 20 firms located in tax havens. Allowing Avianca to make headway in the low-cost carrier business in Argentina. The Argentine government accepted this offshores as a financial guarantee to assign air routes to Avianca. The whole operation of assigning air routes is investigated by the Argentine federal justice system in a case called "Avianca" in which the President of Argentina Mauricio Macri and other officials were imputed. A subsidiary of the Kremlin-controlled Gazprom funded an investment company that partnered with DST Global to buy shares in Facebook , reaping millions when the social media giant went public in Twitter similarly went public in Glencore, which had effectively taken over Katanga, agreed to vote for the joint venture. The loan document specifically provided that repayment would be owed if agreement was not reached within three months. Gertler and Glencore each have denied wrongdoing. Appleby had worked for Glencore and its founder Marc Rich on major projects in the past, even after his indictment in Its CEO told shareholders before this that it expected a spike in demand, which did materialize. This transfer allowed the subsidiary to charge royalties to its European headquarters in Hilversum , Netherlands , effectively converting taxable company profits to an account payable in tax-free Bermuda. Dutch law treats income earned by a CV as if it had been earned by the principals, who owe no tax in the Netherlands if they do not reside there. One in six dollars of foreign profit earned by US multinationals was earned, at least on paper, through a Dutch CV subsidiary. Companies with similar structures include Tesla , NetApp and Uber. Some of these offshore companies are publicly known to operate for Odebrecht in Africa and be involved in bribes. PokerStars and its founders were pursued by the US Department of Justice for allegedly money laundering billions until they negotiated a settlement in 31 July In March , David Baazov and other executives were charged by Canadian regulators with multiple securities fraud charges related to the acquisition of PokerStars.

2: O Paradise! O Paradise! Who doth not crave for rest? | www.enganchecubano.com

O paradise! O paradise! Who doth not crave for rest? Who would not seek the happy land Where they that loved are blest. Refrain. Where loyal hearts and true.

When I go into the garden, there she is. The specter holds up her arms to show that her hands are eaten off. She is silent because of the agony. There is blood on her face. I can see she has done this to herself. So she would not feel the other pain. And it is true, she does not feel it. She does not even see me. It is not she anymore, but the pain itself that moves her. I look and think how to forget. How can I live while she stands there? And if I take her life what will that make of me? I cannot touch her, make her conscious. It would hurt her too much. I hear the sound all through the air that was her eating, but it is on its own now, completely separate from her. I think I am supposed to look. I am not supposed to turn away. I am supposed to see each detail and all expression gone. My God, I think, if paradise is to be here it will have to include her. This poem moves me for how the figure of the specter shows us the depth of human suffering and the depths to which we can be driven in order to avoid feeling certain kinds of pain. It is not hard to see in this specter our own face: I share this poem, though, for its ending: What happens when you recognize it must be included? Write for minutes. When I completed this exercise, I discovered that the walls of paradise blow open when we include what we are afraid to include. Each time we deem something unloveable and separate, a wall rises right at our feet: In trying to separate, it is we who become separate. In making an outside, we stand there. Perhaps there is a missing piece of the Eden story. Perhaps when they judged themselves, love looked different: So when someone appears not to love me, I know what it costs them: Leave a comment Your email address will not be published.
