Step 2 Gather the hole of the left sleeve and place on your lap. Step 3 Lean forward and place your left arm into the sleeve hole. Step 4 Pull the sleeve up your arm and over your elbow. Step 5 Place your right arm into the right sleeve hole. Step 6 Grasp the shirt and pull it over your head. Step 7 Push the shirt over your left shoulder. Step 8 Adjust the shirt, by pulling it down in the front and the back. Squeeze the putty with all your fingers. Shape the putty into a ball. Hold the putty in your hand. Press your thumb into the putty. Pinch the putty between your thumb and the side of your index finger. Hold your fingers straight and your knuckles bent. Squeeze the putty between your fingers and thumb. Flatten the putty into a pancake. Place your fingers into the center of the putty and spread the putty outward. Spread the putty apart using two fingers at a time. Shape the putty into a sausage. Squeeze the putty between your fingers. Pinch the putty between your thumb and each finger. Eating Eat slowly and fully chew food. Eat six small meals a day instead of three big meals. Do not eat gas-forming food. They can bloat your stomach and make it harder to breathe. These include peas, melons, turnips, onions, cauliflower, apples, corn, broccoli, cucumbers, cabbage, beans, and Brussels sprouts. Grooming Sit to shave, comb your hair and brush your teeth. Support your elbows on the counter while grooming or shaving. Use an electric toothbrush and an electric razor. Wash your hair in the shower. Keep your elbows low and your chin tucked. Bathing and Showering If you use oxygen during exercise, then use it when you take a shower. Allow plenty of time. Gather all the items you will need. Sit to bathe and dry. Use a bath chair in the shower. Use a long brush to wash your back and feet. Use a hand-held shower to rinse. Use a shower caddy and soap on a rope. Place soap in a nylon stocking tied to the shower seat or soap dish. Have a towel or robe nearby. Use hand towels because they are not as heavy. Put on a terry cloth robe to dry off. Dressing Gather all the items you will need. Sit to dress and undress. Put your foot on your other knee or use long-handled tools to put on pants, shoes and socks. Wear clothes that are easy to put on. Try slip-on shoes, stretch waistbands, and one size larger. Do not wear tight clothes like belts, ties, tight socks, girdles and bras. Face the wall and hold onto the grab bar. Step into the tub with your left leg. Lift your right leg into the tub. Sit down on the shower chair. Reverse the steps to get out. Here are a few ideas. Use your left hand to hold your plate while eating. Hold a sheet of paper with your left hand while writing with your right hand. Hold a wash cloth with your left hand and apply soap with your right hand. Hold your toothbrush with your left hand and apply toothpaste with your right hand. Paso 4 Suba la manga sobre el brazo y sobre el codo. Paso 5 Coloque el brazo derecho en la apertura de la manga derecha. Paso 6 Agarre el tejido y tire de la camiseta sobre su cabeza. Paso 7 Empuje el tejido de la camiseta sobre el hombro izquierdo. Apriete la masilla con su mano completa. Agarre la masilla con la mano. Presione con el pulgar hacia el interior de la masilla. Moldee la masilla en forma de pelota. Pinza Lumbrical Moldee la masilla en forma de pelota. Estire los dedos y doble los nudillos. Apriete la masilla entre sus dedos y pulgar. Coloque la punta de los dedos juntos en la masilla, y expanda la masilla hacia fuera. Expanda la masilla usando dos dedos a la vez. Moldee la masilla en forma de salchicha. Apriete la masilla entre los dedos. Pellizque la masilla entre el pulgar y cada uno de los dedos individualmente.

Just wanted to state how much I have enjoyed the OT toolkit. It is such a great compilation of ideas. Thank you for the time you spent putting together such a wonderful toolkit. Alexis, Australia I love this book and am glad I bought it. I have felt that I really could use a "mentor" or someone to help answer questions etc. Your toolkit has provided just that! I am an OT student and I have found it very helpful. As a person who is new to OT and new to home care, it is a terrific resource! The OT Toolkit is such a wonderful contribution to our discipline. Irene, Carolina, Philippines I have used your toolkit for years. I have printed out the handouts and given them to countless patients. So, thank you very much! I think this is a wonderful idea. I find it very helpful to use as an educational resource. Thank you for compiling all of these resources into easy to use handouts!! You have a wealth of information! I have been spreading the news about your toolkit. Janet, Alberta, Canada I love your tool kit!!!! Aileen, California USA The OT Toolkit looks great and your program has been highly recommended to me by other therapists doing physdys, geriatrics and home health. I was very impressed as an instructor and clinician with the Toolkit. I greatly appreciate your work and passion for our field. I definitely promote it! I love having all the things that I have learned in one easy to access spot. Thank you for your time and hard work. I love the simple illustrations, which makes it easy for my home health patients to understand. It has helped me so much in my academics and broaden my knowledge of how occupational therapist treat conditions. Ibukun, Nigeria Africa I heard about your toolkit from a co-worker. I am really impressed with your Toolkit - it will be great for my community OT practice. I have been utilizing it as a very useful resource for educating my clients. Annette, New Zealand Thank you so much!!! Thank you so much for your hard work gathering everything! One day I hope to have all this info filed in my head!! Nena, Annet, Manon, Netherlands I think it is a good job and it is very useful for my work of occupational therapist. Marco, Italy I absolutely love the tool kit and use it daily!!!! Thanks so much for your hard work!!! I am a recent grad from an OTA program just took boards and I used the Toolkit throughout my clinicals. This toolkit has been the BEST investment, of my career, thus far!!! They are worth every penny! Nancy, Ireland UK I love the toolkit- I am working in home care and have used lots of the handouts and information, its been wonderful. What a great reference to use! I know it will help my patients a lot. Thank you for writing such an fantastic product. Mary, Virginia USA Thank you for all the hard work you did putting it together - it will be used a great bit! Reading your articles makes me so confident and expected. Your good information makes me satisfy so much. It is so fabulous, thank you for creating it! The handouts are extremely easy to understand. Always looking for new resources, I have found your OT Toolkit invaluable while working with both populations and have recommended it to others. Your manual will be a great help. This information is just what I need to get my creative juices flowing! Thank you so much for putting this together! I printed it out and brought it to work with me and I use the handouts often, they are great! Thank you for all your work on this great tool!
