

1: Trail of Painted Ponies - Kathy Morrow Studio

Pony Patrol and the Mystery Horse has 6 ratings and 0 reviews: Published by Simon & Schuster Young Books, pages, Paperback.

A large hardback omnibus edition with pictorial boards. Although none of the books are particularly rare, this is an extremely confusing series to collect as there were several omnibus editions with similar names and many of the reprints were also re-named. Some of the books see above for which ones were also published as single volume paperbacks. Black Pony Inn Series: A family start a hotel for both people and horses and find it gives them plenty of hard work and many adventures. Most recent edition was a paperback published by Ravette. The Pemberton family have fallen on hard times and may have to sell their beloved ponies. The children find themselves mixed up in a kidnapping. Reprinted in hardback by Severn House and then Swift. More trouble arrives at the Inn in the form of the Travers family. Prince, a beautiful but troubled pony arrives to stay. A hurricane hits the stables. Reprinted in hardback by Swift. Last in the series. The children attempt to raise money for a sick child but all does not go smoothly, especially when their Appeal is taken over by a newspaper who plans to exploit it for their own ends Hardback omnibus containing the last 3 books in series. The omnibus editions are also easy to find. The Swift hardback editions are slightly rarer than the other editions, but still not hard to find. A group of children set up a mounted patrol to combat crime and solve mysteries. Reprinted by Severn House and later Simon and Schuster in hardback. Also reprinted as a paperback by Simon and Schuster. When an arsonist attacks the neighbourhood William and his friends set up a mounted patrol to try and find the culprit. Hardbacks are a bit harder to find than paperbacks, however none are particular rare or valuable. Ponies in the Park Series: Series about a family who start their own animal park. Possibly not for very sensitive readers as contains some scenes of animal cruelty, especially last in series. Reprinted in hardback by Severn House. Rosie, Clara, Andy and their mother are left Park Farm by an elderly uncle. Rosie thinks her dreams have come true. At last they can live in the country and have ponies of their own. To make ends meet they decide to start an animal park. They also make a friend who teaches them to ride. Then the children save some endangered badgers and this leads to an unexpected upturn in their fortunes. The children and their ponies become lost in a blizzard. A terrible event devastates the family. Fairly easy to find in the UK, although they are not often seen on auction sites. The first one is easier to find than the other two. They are a lot harder to get hold of outside the UK. Hardback editions are not as common as the paperbacks. Short picture book series for younger readers about a pony called Candy and her young owners.

The Buffalo Soldier played an important part in Western History. The Native Americans said that the soldiers fought like a wounded buffalo and honored their valor in battle. The smoke curls from the pipe and begins to turn into buffalo as the smoke moves to the other side of the pony; the buffalo become more life-like. Don rightfully takes great pride in the authenticity of his uniform, tack and equipment. From shackles to glory, Don tells the stories of the Buffalo Soldiers and how they helped settle the Western frontier. See Apache Spirit Pony Video Here Apache Burden Baskets are hand crafted from Cotton Wood bark and Mulberry sticks and are used as utility baskets to gather fruit, berries, herbs or nuts and also to carry items. These baskets are still used in traditional Apache ceremonies today. The dark weave is the outside bark and the light weave is the inside of the bark. Apache women normally carried the basket against their backs with a strap across the forehead for support. The basket is wrapped Apache Spirit Pony 6" x 9" original has embellished sculpture on the pony form. Includes a 12 x 15 glass dome with Dark Walnut base and mirrored turn table. The baskets are decorated with numerous leather strips with tin cones on the ends. The tin cones jingle when the basket is moved. This sound was said to ward off snakes as the women walked through the desert. The Dark Horse Pony 6" tall x 9" long. Includes a 15" tall glass dome with oak base and mirrored turn table. The Andalusian Breed of horse is known for its long, heavy neck and thick mane and tail and large eyes. This breed of horse was named for the Spanish province of Andalusia, where it originated. After removing the tail from the pony, I sculpted a new tail and longer mane with stars and the eyes. You can see from the top image that the checkers are square, however after the placement of Swarovski Crystals on their opposite color patterns the lines of the checkers appear to bend and look And Illusion Pony Illusion Pony. Notice that the lines are all straight. Swarovski crystals glued onto the checker pattern in a specific design cause the illusion of bending lines. The crystals are jet and pale blue. The second illusion on the And Illusion Pony: Stare at one of the wheels on the star and the other two will appear to rotate slowly. Red, Yellow, Black and White. The Appaloosa represents the harmony of colors.
