Jan 05, Romancing the Book rated it it was amazing Review by Violette Review originally posted at Romancing the Book Have you ever read a story so good it gave you goose bumps? Well, this is how I felt through the entire story that is Pretty as a Picture by Thirteen. After reading the back blurb, I was so curious to know what happened, I had to read the story. Simon McCallan is drop-dead gorgeous. He knows Review by Violette Review originally posted at Romancing the Book Have you ever read a story so good it gave you goose bumps? He knows it, the world sees it, and because of his physical perfection, Simon was a top billboard model for years before he decided he wanted to be behind the camera and not be the robotic subject of cardboard-like photographs. Having lived in the fashion-world as a model and still there as a photographer, Simon is jaded. Although attracted to bigger women, he keeps it secret because everyone expects him to be with someone on an equal level of physical beauty. In other words, model thin. When his new temp arrives, Simon is instantly attracted. So what does he do? He tries to trick her into his arms, relying on his good looks, to get the girl. I have a few favorite quotations from this novella and most of them are what Simon thinks Adriane is thinking about him. More shallow, but true, statements have never been written. Thirteen does an amazing job telling this story in such a short space. It has everything that makes for the perfect short story. Not only is Thirteen a storyteller, she is a linguistic artist and a social commentator. Pretty as a Picture was the perfect title for this story because every sentence is the equivalence of a snap-shot scene from the book and while the words are certainly pretty, the emotions and feelings behind them are not always so. The title itself is also very symbolic of beauty and the eye-of-the-beholder, which becomes a resonating theme in this story. I can write much more, but to do would give away pieces of this story, and I think it best that everyone have the opportunity to read this masterpiece and form their own opinions. I would highly recommend this story to anyone looking for a short, funny, and poignant read that is also wickedly delicious.
