## 1: Rebus Word Puzzles (Grade 6) - Free Printable Tests and Worksheets - [www.enganchecubano.com](http://www.enganchecubano.com)

*Rebus Strategies. Here are a few things to look for when solving this type of puzzle: 1. Word position. If a word is over or under another word, or if one word is within another word, then that probably has something to do with the solution.*

Many will get But the actual answer is ! In baseball, how many outs are there in an inning? I have 2 U. One of them is not a nickel. What are the 2 coins? A fifty-cent piece, and a nickel. What are the next 3 letters in the following sequence? S, O, N The sequence is first letter of the months of the year. September, October and November are the next in the sequence. You are in a room that has 3 switches and a closed door. The switches control 3 light bulbs on the other side of the door. Once you open the door, you may never touch the switches again. How can you definitively tell which switch is connected to each of the light bulbs? Turn on the first 2 switches. Leave them on for 5 minutes. Once 5 minutes has passed, turn off the second switch, leaving one switch on. Now go through the door. The light that is still on is connected to the first switch, whichever of the other two is warm to the touch is connected to the second switch. The bulb that is cold is connected to the switch that was never turned on!! She named the first Monday. Named the second Tuesday. The third is named Wednesday. What is the name of the fourth child? You are driving a bus. At the first stop, 2 women get on. The second stop, 3 men get on and 1 woman gets off. Third stop, 3 kids and their mom get on, and a man gets off. The bus is grey, and it is raining outside. What color is the bus drivers hair? Whatever color your hair is! Remember, you are the bus driver! Everest was discovered, what was the highest mountain in the world? A pound of feathers, or a pound of rocks? Both weigh a pound! Which came first, the chicken or the egg? Dinosaurs laid eggs far before there were chickens! I left my campsite and hiked south for 3 miles. Turned east and hiked for 3 miles. Then turned north and hiked for 3 miles, at which time I came upon a bear inside my tent eating my food! What color was the bear? The only place you can hike 3 miles south, then east for 3 miles, then north for 3 miles and end up back at your starting point is the North Pole. There are only polar bears in the north pole, and they are white! A man lives on the fifteenth floor of an apartment building. Every morning he takes the elevator down to the lobby and leaves the building. In the evening, he gets into the elevator, and, if there is someone else in the elevator, or if it was raining that day, he goes back to his floor directly. Otherwise, he goes to the tenth floor and walks up five flights of stairs to his apartment. Can you explain why he does this? The man is a dwarf. He can also push them with his umbrella. A large wooden box was built with one door. The door was locked from the inside, and then nailed shut from the inside. The police break into the room. In the middle of the room there is a dead man hanging from the ceiling, his feet are 3 feet off the ground. The only other thing in the room is a hammer lying in a puddle of water. Can you explain what happened? A highly depressed man with a flair for the dramatic decided to kill himself. So he built a large wooden box with one door. Strung some rope through the top and made a noose. He then got a 3x3 block of ice, and put it below the rope. After nailing the door shut from the inside, he stood on the block of ice, put the noose around his neck and jumped off. Hours later the police find him hanging with only a puddle of water and a hammer in the room. What is going on? A baseball game is going on. The base-runner sees the catcher waiting at home plate with the ball, so decides to stay at third base to avoid being tagged out. Your sock drawer contains 24 white socks and 30 black socks. The lights in your room are off, so you cannot see the color of the socks. How many socks must you grab to ensure to have at least one matching pair? In the worst case, the first two socks you take out will consist of one black sock and one white sock. The next sock you take out is guaranteed to match one or the other. You are in a cookie factory, and need to make a huge batch of chocolate chip cookies. The recipe calls for exactly 4 cups of sugar. Problem is that you have two buckets. One is 5 cups, the other is 3 cups. Using these buckets, can you measure exactly 4 cups of sugar? This is possible, and there are 2 ways to do it: Fill the 3 cup bucket, pour it into the 5 cup bucket. Fill the 3 cup bucket again, and pour it into the 5 cup bucket until the 5 cup bucket is full. That will leave exactly 1 cup of sugar in the 3 cup bucket. Dump out the 5 cup bucket, and dump the 1 cup from the 3 cup bucket into the empty 5 cup bucket. This leaves 1 cup in the 5 cup bucket. Now fill the 3 cup again and add it to the 5 cup bucket. Now you have exactly 4 cups of sugar in the 5 cup bucket! Fill the 5 cup bucket. Pour it into the 3 cup bucket. This

leaves 2 cups in the 5 cup bucket. Dump out the 3 cup bucket. Now pour the 2 cups from the 5 cup into the 3 cup. Refill the 5 cup. Now pour the 5 cup into the 3 cup until the 3 cup is full. That will leave exactly 4 cups in the 5 cup bucket! A man is the owner of a winery who recently passed away. In his will, he left 21 barrels seven of which are filled with wine, seven of which are half full, and seven of which are empty to his three sons. However, the wine and barrels must be split so that each son has the same number of full barrels, the same number of half-full barrels, and the same number of empty barrels. Note that there are no measuring devices handy. How can the barrels and wine be evenly divided? Two half-full barrels are dumped into one of the empty barrels. Two more half-full barrels are dumped into another one of the empty barrels. This results in nine full barrels, three half-full barrels, and nine empty barrels.

## 2: Rebus Worksheet 1

*Rebus. Showing top 8 worksheets in the category - Rebus. Some of the worksheets displayed are Rebus puzzles, Rebus puzzles, Title of program rebus puzzles, Name a1 brain teasers, Picture puzzle answers, Handy handouts, Order of operations math rebus puzzle, The critical thinking.*

## 3: FREE Printable Rebus Puzzles

*Maths Rebus Puzzles Worksheet is meant for the mathematics fanatics. There are people who love maths and solving mathematical puzzles is a hobby for them. No there is nothing wrong with you and you must know that there are so many others just like you.*

## 4: Medium Difficulty Rebus Puzzles worksheet | Genius Puzzles

*Give your brain some exercise with these Rebus puzzles, perfect for honing logic and reasoning skills.*

## 5: Rebus Word Puzzles Answer Key - [www.enganchecubano.com](http://www.enganchecubano.com)

*Rebus Worksheet 1. Print out this free set of rebus puzzles for your classroom or home use. These visual word puzzles are great fun to solve on your own or with a group.*

## 6: Rebus Puzzles | Teaching Ideas

*REBUS PUZZLES Each little rebus puzzle, made of either letters or words, contain a hidden word, phrase, or saying. Here are two examples.*

## 7: Photos: Rebus Puzzles For Kids, - WORKSHEET EDUCATION PICS

*Free, printable rebus worksheet from Puzzles to Print. Features 10 visual word puzzles to get adults and kids thinking outside of the box.*

## 8: Printable Rebus Puzzles | Worksheet | [www.enganchecubano.com](http://www.enganchecubano.com)

*This worksheet contains a number of fun and engaging rebus puzzles of common phrases that your students will love!*

## 9: Rebus Worksheets - Printable Worksheets

*Here is a printable set of rebus puzzles. The answers are included Free, printable rebus worksheet from Puzzles to Print. Features 10 visual Here is a fun printable worksheet featuring riddles to solve.*
